Proposal for a
COUNCIL REGULATION (EEC)

establishing ceilings and Community surveillance of imports of certain
products originating in Malta (1981)

COM(80) 541 final

The 1971 Agreement between the European Economic Community and Malta, as amended by the Additional Protocol to that Agreement, provides, in particular in respect of industrial products, for the abolition of the duties laid down in the Common Customs Tariff. Notwithstanding this provision, special arrangements exist for a number of sensitive products: the volume of such products which may be imported free of duties is limited to an annual ceiling. When this ceiling is reached, the customs duties applicable to third countries may be reimposed by the Community until the end of the calendar year.

The initial volumes of the annual ceilings are fixed by the amended Agreement itself. Each year these ceilings are reopened and their level is increased by 5 %.

- b) The provisions of the Additional Protocol to the Agreement establishing an Association between the European Economic Community and Malta will lapse on 31 December 1980. Pending the entry into force of a new Protocol it is necessary to extend the arrangements that the Community applies to trade with Malta within the context of the Association with that country ;

- 2. The implementation of the system of ceilings and the option of reintroducing customs duties require the adoption of precise common rules to be applied uniformly by all the Member States. These requirements may be met by setting up a Community system of surveillance of actual imports from Malta. To that end the Member States must take appropriate measures to permit the rapid collection of statistical returns for the whole Community.

In this connection imports of the products in question should be recorded only as and when they are entered for home use accompanied by a movement certificate conforming to the rules of the Agreement referred to in 1 above.

The returns will be drawn up by each Member State at the end of each month and forwarded before the fifteenth day of the following month to the Commission in order to enable the latter to send to all the Member States a comprehensive product-by-product statement of the imports in question effected during the preceding month. The surveillance system will require quick action and close cooperation between the relevant departments of the Member States and the Commission. Since the product

in question belong to the sensitive products category and duty-free imports in excess of the ceilings may disturb the Community market, it is absolutely essential that all the Member States observe strictly the abovementioned time limit of fifteen days.

The following procedure will be used for setting in train the machinery for reintroducing duties : as soon as one of the comprehensive monthly statements compiled by the Commission shows that 75 % of the ceiling fixed for a given product has been reached, the Commission will inform the Member States and consultations may take place, in particular within the Economic Tariff Problems Group, either at the request of a Member State or on the Commission's own initiative. The purpose of these consultations will be to examine in each individual case whether the customs duties applicable to third countries should be reimposed when the ceiling is actually reached.

Imports of the product in question will continue to be the subject of monthly returns or, if the Commission so requests, of a telex message covering each period of ten days. This message must reach the Commission within five days.

The Commission can thus take within the shortest possible time the measures required for the adoption of a regulation reintroducing customs duties in respect of Malta until the end of the calendar year. In that event, the customs duties on the product in question would naturally be reimposed within the time limit laid down by the regulation ending exemption from duties.

The attached proposal provides for the delegation by the Council to the Commission of the power to apply the rule on ceilings and the reintroduction of duties.

The proposal for a regulation merely outlines how these powers are to be exercised so that the machinery to be used may be adjusted flexibly and rapidly in consultation with the Member States. Again with a view to maximum efficiency and rapidity, the proposal lays down that the Commission will be responsible for reintroducing, in respect of Malta, the duties applicable to third countries.

ANNEX :

Proposal for a Council Regulation.

The ceilings concerned might be modified in the context of the present negotiations with the contracting country in view of the conclusion of an Adaptation Protocol to the abovementioned Agreement. Awaiting the results, the proposed Regulation permit the respect of the engagements contracted by the Community.

The Commission reserves the possibility of modifying the proposal during the procedure, if necessary, to adapt it to the Adaptation Protocol.

Proposal for a
COUNCIL REGULATION (EEC)

establishing ceilings and Community surveillance of imports of certain products originating
in Malta (1981)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof.

Having regard to the proposal from the Commission,

Whereas the provisions of the Additional Protocol to the Agreement establishing an association between the European Economic Community and Malta (1) will lapse on 31 December 1980 ;

Whereas, pending the entry into force of a new protocol, it is necessary to extend the arrangements which the Community applies to trade with Malta within the context of the Association with that country ;

Whereas the above mentioned Additional Protocol

makes provision for the total abolition of customs duties in respect of the products to which the Agreement applies; whereas however for a number of products exemption from duties is subject to ceilings above which the customs duties applicable to third countries may be reintroduced; whereas the ceilings to be applied in 1981 should therefore be determined; whereas the application of ceilings requires that the Community be regularly informed on imports of the products in question originating in Malta; whereas it is therefore desirable that imports of these products be subjected to a system of surveillance;

Whereas this objective may be achieved by means of an administrative procedure based on charging imports of the products in question against the ceilings at Community level as and when the products are entered with customs authorities for home use; whereas this administrative procedure must make provision for the possibility of customs tariff duties being reintroduced as soon as the ceilings are reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission and the latter must in particular be able to follow the progress of quantities charged against the ceilings and keep the Member States informed; whereas this cooperation has to be particularly close since the Commission must be able to take the appropriate measures to reintroduce customs tariff duties if one of the ceilings is reached,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1984, imports of the products listed in the Annex originating in Malta shall be subject to annual ceilings and Community surveillance.

The description of the products referred to in the first subparagraph, their tariff headings and statistical numbers and the ceilings shall be as set out in the Annex.

2. Quantities shall be charged against the ceilings as and when products are entered with customs authorities for home use accompanied by a movement certificate in accordance with the rules contained in the Protocol concerning the definition of the concept of 'originating products' and methods of administrative cooperation annexed to the Agreement laying down certain provisions relating to the Agreement establishing an association between the European Economic Community and Malta (1).

Goods may be charged against the ceiling only if the movement certificate is submitted before the date on which customs duties are reimposed.

The extent to which a ceiling is used up shall be determined at Community level on the basis of the imports charged against it in the manner defined in the preceding subparagraphs.

The Member States shall inform the Commission at the intervals and within the time limits specified in paragraph 4 of imports effected in accordance with the above procedures.

3. As soon as the ceilings have been reached, the Commission may adopt a Regulation reimposing until

(1) OJ No L 111, 28.4.1976, p. 3.

the end of the calendar year the customs duties applicable to third countries.

In the case of such a reimposition, Greece shall introduce the levying of the customs duties which it applies to third countries at the date in question.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the quantities charged during the preceding month. If the Commission so requests, they shall provide such statements for periods of 10 days and forward them within five clear days of the end of each 10-day period.

Article 2

The Commission shall take all appropriate measures, in close cooperation with the Member States, for the purposes of applying this Regulation.

Article 3

This Regulation shall enter into force on 1 January 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Council

The President

ANNEX

List of products subject to import ceilings in 1981

Serial No	CCT heading No	Description	NIMEXE code	Ceiling (tonnes)
1	2	3	4	5
IM 1	55.05	Cotton yarn, not put up for retail sale	55.05- all Nos	1.458
IM 2	55.09	Other woven fabrics of cotton	55.09- all Nos	120
IM 3	56.04	Man-made fibres (discontinuous or waste), carded, combed or otherwise prepared for spinning	56.04- all Nos	972
IM 4	60.05	Outer garments and other articles, knitted or crocheted, not elastic or rubberized	60.05- all Nos	262
IM 5	61.01	Men's and boys' outer garments	61.01- all Nos	991

FICHE FINANCIERE

1. Ligne budgétaire concernée : Chap. 12 art. 120

2. Base juridique : Article 113

3. Intitulé de la mesure tarifaire :

Proposition de règlement (CEE) du Conseil portant
établissement de plafonds et d'une surveillance
communautaire des importations de certains produits
originaires de Malte (1981)

4. Objectif :

Exécution d'une obligation contractuelle
(accord CEE/Malte)

5. Mode de calcul :

- N° du T.D.C.	:	55.05	55.09	56.04	60.05	61.01
- Volume des plafonds	:	1458 t	120 t	972 T	262 t	991t
- Droits à appliquer	:	- exemption de droits -				
- Droits du T.D.C.	:	4 à 8%	13 à 15%	8,5 à 10%	10,5 à 18%	17 %

L'application des dispositions de ce règlement ne conduit pas à des pertes de recettes, mais, au contraire, à des augmentations de ces recettes.
