EXPLANATORY MEMORANDUM

Article 2 of Regulation No 724/67/EEC lays down that oilseeds held by intervention agencies shall be sold by tender.

Experience of late in particular situations, especially in the case of the sale of small batches, has shown that the sale of colza seeds by tender is encountering difficulties.

For this reason this proposal provides, as is already provided for in other sectors, that in particular situations oilseeds may be sold by procedures other than by tender.
