DECISION No \_\_\_/99 OF THE EC/DENMARK-FAROE ISLANDS  
JOINT COMMITTEE

Of \_\_\_\_\_

Replacing Protocol 1 of the Agreement

- Draft common position of the Community -

\_\_\_\_\_  
(presented by the Commission)

## Explanatory Memorandum

Negotiations between the Commission, on behalf of the European Community, and the Faroe Islands to amend Protocol I, and the Annexes thereto, of the Agreement between the European Community and the Government of Denmark and the Home Government of the Faroe Islands, have been concluded.

The amendments concern a series of adjustments to the import regime applied by the Community for fish and fishery products originating in the Faroe Islands and falling within the scope of Protocol I to the above mentioned Agreement.

According to Article XXIV:8 of GATT 1994, a Free Trade Area is formed by a group of two or more customs territories in which the customs duties and *other restrictive regulations of commerce* are *eliminated in substantially all trade* between the constituent territories in the products originating in such territories. In this Agreement a considerable number of fisheries concessions are conditional upon respect of reference prices, or are limited by quota. In the light of the consideration of this Agreement within the terms of GATT Article XXIV currently underway in Geneva, it has been necessary to review the Agreement to ensure that it complies with these conditions.

The amendments resulting from the negotiations between the Commission and the Faroe Islands foresee:

- the removal of the reference price condition, the reference ceilings and the statistical surveillance which currently apply to a substantial number of products at zero import duty;
- the replacement of a duty free quota for imports of salmon by unlimited duty free imports of this product;
- the re-establishment of the most-favoured nation (MFN) import duty for four products which at present benefit from preferential import treatment subject to quotas;
- the maintenance of preferential import treatment, subject to quota, into the Community for four products.

As a result of these changes, more than 95 % of all imports from the Faroe Islands would now benefit from completely liberalised conditions for import into the Community.

In order to ensure that these improvements do not pose any risk to the stability of the markets for the products in question, it is also proposed that Protocol I be amended to include a safeguard clause to be applied if price decreases of imports for either Contracting Party create market disturbances for the other Contracting Party.

In view of the above, the Commission proposes that the Council adopt, at the earliest opportunity, the text of the attached draft Decision to amend Protocol I, and the Annexes thereto, of the Agreement, as the Community position within the EC/Denmark-Faroe Islands Joint Committee. This, with a view to its adoption by the Joint Committee pursuant to Article 34.1 of the Agreement.

DECISION No \_\_\_/99 OF THE EC/DENMARK-FAROE ISLANDS  
JOINT COMMITTEE

Of \_\_\_\_\_

Replacing Protocol 1 of the Agreement

Whereas this review requires certain amendments to that Protocol and its Annexes;

Whereas, it is equally appropriate to ensure that the amendments carried out in the context of that review do not pose any risk to the stability of the Community market for the products concerned,

Whereas, following negotiations between the European Commission, on behalf of the European Community and the Government of Denmark and the Home Government of the Faroe Islands it has been agreed that Protocol 1 and its Annexes shall be replaced by the text attached hereto,

1. In the selection of measures, priority must be given to those which least disturb the functioning of this Agreement.
2. Before taking such measures, the Contracting Party in question shall supply the Joint Committee with all relevant information required for a thorough examination of the situation with a view to seeking a solution acceptable to the Contracting Parties.
