## MINUTES OF PROCEEDINGS OF THE SITTING OF FRIDAY, 12 OCTOBER 1979

IN THE CHAIR:

Mr Tandeng MUNA  
*President*

Mrs Simone VEIL  
*President*

(The sitting was opened at 10.10 a.m.)

**Implementation of the Lomé Convention (vote)**

The first item on the agenda was the vote on the motion for a resolution contained in the report by Mr Giama (Doc. ACP-EEC 11/79).

President Muna reminded the Assembly of the voting provisions contained in Article 14 (5) of the Rules of Procedure.

The Assembly adopted the following resolution.

**RESOLUTION**

**on particular problems and difficulties that have arisen in connection with the implementation of certain provisions relating to the commercial aspects of the Convention of Lomé**

*The ACP-EEC Consultative Assembly, meeting in Luxembourg from 10 to 12 October 1979,*

— having regard to the report of the Joint Committee (Doc. ACP-EEC 11/79),

**(a) Generalized preferences**

1. Considers it absolutely essential for the Community to provide the ACP States with full and above all prompt information on the preferences system to be applied the following year;
2. Is deeply concerned at the way in which the special tariff advantages granted to the ACP States have hitherto been eroded and therefore calls for a system for conciliation and for assessing the effects of the generalized preferences system, and also for any adverse effects established jointly by both parties to be adequately compensated;
3. Urges the Community, in view of the continuous decline in competitive advantages, to help the ACP States to take corrective measures, in particular by improving trade structures and establishing an effective marketing policy;
4. Calls for the continuation and strengthening of close contacts between the ACP countries and the Community before and during the negotiations in the context of all multilateral trade talks;

5. Takes the view that the Community should ensure that it does not harm the interests of the poorest developing countries in extending the generalized preferences system;
6. Calls for adequate compensation for ACP States which suffer erosion of their tariff advantages granted under the Convention of Lomé;

(b) *Beef and veal*

7. Considers that the time and quantitative limits on the arrangements under the present system are not in the interests of certain ACP countries because of the importance of their beef and veal exports and therefore calls for a satisfactory long-term arrangement in the new Convention;

(c) *Rum*

8. Is not satisfied with the implementation of Protocol 7, particularly as regards the consultations for which it provides, and hopes that the procedure for obtaining the necessary import licences will be improved; considers it necessary for the Community to consult with the ACP States to formulate a precise definition of rum and calls for improvements in the areas of standardization of rum import statistics and explanation of the procedure used to determine quotas;

9. Calls on the Community to consult the ACP countries before finally adopting the regulation on the common organization of the market in ethyl alcohol of agricultural origin and recommends that special arrangements be made for the ACP countries in the proposed regulation;

(d) *Bananas*

10. Deplores the fact that the Community has not yet fulfilled all its obligations arising from the banana protocol and therefore urges the Community to review its position;

11. Considers it important for a kind of 'preliminary agreement' on the common organization of the market in bananas to be concluded between the Community and the ACP States, to ensure that the ACP States, and Somalia in particular, enjoy concessions in the matter of access to their traditional markets and are granted preferential treatment *vis-à-vis* third countries with respect to bananas;

12. Is convinced that Protocol 6 implies an obligation to grant investment aid to the banana sector, thus providing the banana-producing ACP countries with additional resources, which could be used not only to aid individual banana-producing countries but also for specific projects in the banana sector of joint interest to the ACP countries;

13. Calls on the Community actively to support the 'common organization' of the banana producing ACP countries, particularly as regards adaptation of the market and trade promotion, and in this connection regards direct contacts between ACP exporters and EEC importers as essential;

14. Requests that the Community should use those legal remedies available to it for dealing with any cases of unfair competition especially on the part of multinational companies, to safeguard the legitimate rights of the ACP countries;

15. Asks the Community to examine the proposal made by the Ivory Coast's representative at the Joint Committee's meeting in Maseru, that when the new Convention is being

negotiated, an arrangement for bananas similar to the protocol on sugar, and in any case giving the ACP States vital guarantees in respect of prices and quantities, should be included;

(e) *Sugar*

16. Regrets that the sugar protocol has not so far been properly implemented and hopes that future sugar negotiations will take place in a spirit of trust and genuine willingness to cooperate, to the satisfaction of all the partners concerned, particularly since the sugar protocol is a cornerstone of the Lomé Convention;

17. Cannot accept that the Community should consider itself empowered by the protocol to amend price structures unilaterally, to fix a new intervention price and to present, as a kind of *fait accompli*, the resulting figure to the ACP countries as its final offer of a guaranteed price;

18. Asks that the guaranteed price for ACP sugar should be properly negotiated in future, taking account of all major economic factors in order to ensure economic stability and growth in the ACP countries;

19. Recommends that the cultivation of sugar beet in the Community be kept at a reasonable level;

20. Urges the Community, pursuant to Annex 13 of the Lomé Convention, to reconsider its decision on Zambia's application for accession to the sugar protocol;

21. Urges the Community to sign the International Sugar Agreement as soon as possible;

(f) *Fruit and vegetables*

22. Hopes that the Community will continue to give the ACP States preferential treatment in respect of fruit and vegetables, even after the enlargement of the EEC;

23. Asks that the preferences granted to the ACP for agricultural products should in no case be lower than preferences which will be accorded to third countries or under other agreements;

(g) *Trade promotion*

24. Draws attention to the fundamental importance of trade promotion as a crucial starting point for the improvement of the economies of the ACP States and insists that the ACP States should be able to take full advantage of the trade facilities provided under the Lomé Convention;

25. Asks the Commission to investigate, before conclusion of the new Convention, to what extent Articles 12 to 15 of the Lomé Convention relating to trade promotion have been implemented;

26. Emphasizes that the objective of financial and trade cooperation should be to improve both production, in terms of quality and quantity, and trade promotion;

27. Regards the creation of a trade promotion centre and marketing offices, an adequate knowledge of markets, and the organization of exhibitions and trade fairs as essential requirements for trade promotion; requests the Commission to make available to the ACP countries in a simplified form all necessary documentation and information on products, markets, pricing, channels of distribution, advertising, etc.;

28. Considers it important to make every possible effort to facilitate and promote marketing coordination among the ACP States and to this end requests the Community to assist ACP States in every possible way;

29. Further requests that consideration be given to the active promotion of tourism in ACP States bearing in mind that this 'invisible export' has the same effect as the promotion of product exports;

30. Believes that, bearing in mind the importance of trade promotion and the need for adequate financial resources, the question of a special fund, or some other specific scheme to further these activities, should be studied.

Condemns also certain multinational companies and other undertakings in the EEC which continue, by the manner of their activities, to give active support and encouragement to the apartheid regime in South Africa, and asks that the principles defined and the decisions taken by the United Nations should be respected and particularly that these companies should discontinue their relations with the Government of South Africa ;

#### GENERAL RESOLUTION

on the conclusion of the Joint Committee's proceedings

*The ACP-EEC Consultative Assembly, meeting in Luxembourg from 10 to 12 October 1979,*

- having heard the statements by the President of the ACP-EEC Council of Ministers, the President of the ACP Council of Ministers and the representatives of the Council and Commission of the European Communities,
- having deliberated thereon,
- welcoming the accession to the Convention of Dominica, the Solomon Islands, St Lucia and Tuvalu, and the steps being taken for the accession of the Republic of Kiribati, a development which demonstrates the vitality of the Convention, which remains open, pursuant to the provisions laid down, to other free and independent countries and those that are about to become so,
- stressing the commitment of the peoples and governments of the ACP countries and the Community Member States to forge an evergrowing and stronger link based on equal partnership for mutual benefit,
- recalling its commitment to the establishment as a matter of urgency of a new and more equitable world economic order, and regretting, therefore the delays and disappointing outcome achieved at the Fifth Unctad Conference in Manila,
- paying tribute to the effectiveness of many provisions of the first Convention of Lomé, which, despite some disappointment, formed the basis on which a new Convention could be built,
- taking note that the following problems are still pending before the responsible authorities :
  - how the ACP States are to deal with investments originating in the EEC Member States ;
  - the extension of the field of application of the provisions of Article 18 of the Statute of the EIB ;
  - the list of agricultural products granted free access to the Community markets, particularly rice ;
  - the drawing up of a policy for promoting investments in the less-developed countries and making compensation for the loss of commercial outlets suffered by these countries ;
  - the definition of the criteria for entering countries on the list of landlocked countries ;

1. Stresses the need to overcome the special difficulties at present existing, so that the new Convention can be signed as soon as possible, thus demonstrating the political willingness of the partners to extend and strengthen this initial agreement to the benefit of all the interested parties ;
2. Welcomes the fact that the new draft Convention has taken into consideration certain suggestions made by the Consultative Assembly and its Joint Committee, such as the establishment of an Agricultural Centre, an aid programme to ACP countries producing certain minerals and social measures in favour of ACP workers in the Community, and hopes that these measures will be implemented and will prove effective ;
3. Hopes that the system put into operation for mineral products with a view to countering the decline in production capacities and in the export of these products to the Community will prove more successful, thus meeting the concern voiced by the ACP countries that a system comparable to the Stabex system should be established ;
4. Regrets, however, that the volume of the EDF in the new Convention has hardly been increased in real terms, notes that it is insufficient to meet the substantial needs of the ACP countries and the heavy burden of their debts and appeals, therefore, to the Community Member States to increase for the future the volume of aid granted by them so as to meet these needs;
5. Notes the specific mention made in the new Convention of the work of the Joint Committee and believes that the effectiveness of the Convention's parliamentary bodies must be improved;
6. Welcomes the formal recognition given to consultations which have taken place between the Joint Committee and the social and economic sectors and urges that the joint declaration on the importance of introducing a direct and effective dialogue with the social partners, involving the Council and these groups, be implemented;
7. Hopes finally that the parliaments of the Community Member States will soon proceed to ratify the Convention so that it can enter into force on 1 March 1980, thus avoiding the delays and difficulties entailed by having to apply transitional measures.

**RESOLUTION****on the sugar of the ACP States**

*The ACP-EEC Consultative Assembly, meeting in Luxembourg from 10 to 12 October 1979,*

- Conscious of the great and continuing importance to the economies of the ACP countries concerned of the guaranteed access for their sugar to the EEC market under the terms and conditions set out in the Sugar Protocol annexed to the Lomé Convention,
  - Noting that, apart from certain problems relating to the adoption of *force majeure* decisions and the annual negotiation of the guaranteed price for ACP sugar, the arrangements under the Protocol for supply of ACP sugar to the EEC market have worked satisfactorily,
  - Hoping that the review conducted since May 1979 by the EEC Commission of *force majeure* decisions relating to certain ACP States will, in the light of the additional information already fully supplied by those States, lead to a decision in accordance with the criteria jointly agreed by the ACP States and the Community,
  - Concerned to ensure that the review of the EEC's internal sugar arrangements, due to be implemented in July 1980, will in no way adversely affect the interests of the ACP States,
1. Recalls the need for the EEC to take into consideration in approaching the question of its domestic production of sugar its historical and legally binding commitments to the ACP States and urges the Community to sign the International Sugar Agreement as soon as possible;
  2. Notes with concern pressures to deny ACP sugar provided for under the Protocol its historical commercial place in the markets of the Community;
  3. Welcomes the assurance of the EEC Commission to the ACP sugar supplying States to the effect that the review of the EEC's internal sugar regime would in no way adversely

affect the rights now enjoyed by the ACP States under the Sugar Protocol, and that the ACP sugar supplied under the Protocol is part of the Community trade and not its aid arrangements;

4. Takes note and expresses its appreciation for the spirit displayed by the EEC Commission in its commitment to the ACP sugar supplying States, to consult them fully before submitting its final recommendations on the new internal sugar arrangements;

5. Calls upon the Community to ensure that this review in no way erodes the position of the ACP sugar supplying States from that provided for in the Protocol on sugar.
