COM (89) 570 final

Brussels, 17 November 1989

Proposal for a COUNCIL REGULATION (EEC)

implementing certain provisions of the Agreement between
the Community and Czechoslovakia on
trade in industrial products

(presented by the Commission)

EXPLANATORY MEMORANDUM

1. An Agreement on trade in industrial products between the European Economic Community and the Czechoslovak Socialist Republic was signed in Brussels on 19 December 1988.¹
2. Annexes I, II and III A to the Agreement contain lists of products identified and classified according to the 1987 NIMEXE nomenclature. In an exchange of letters concerning the Combined Nomenclature, also annexed to the Agreement, the Community undertakes to replace these annexes with others based on the Combined Nomenclature (CN).
3. In addition, under Articles 4 and 5 of the Agreement, the Community has undertaken to abolish quantitative restrictions on imports into certain regions of the Community of certain products, as listed in Annex II to the Agreement, and also to suspend the application of quantitative restrictions on imports into regions of the Community of certain products, as listed in Annex III to the Agreement, on the terms and conditions specified therein.
4. Under Commission Decisions Nos C(88)1478 of 27 July 1988² and C(88)2245 of 28 November 1988,³ the Community has already adopted the measures referred to in Annex III B to the Agreement and some of the measures referred to in Annex II A to the Agreement. The attached proposal, therefore, provides solely for the abolition or suspension of quantitative restrictions on imports of the other products listed in those Annexes.
5. These liberalization measures mean that imports into the Community of any of the products listed in Annex II A originating in Czechoslovakia will be free of all quantitative restrictions. Those products fall therefore within the scope of Council Regulation (EEC) No 1765/82⁴ on common rules for imports from state-trading countries and are added to the Annex to that Regulation.
6. This is the aim of this Commission proposal.

DRAFT
PROPOSAL FOR

COUNCIL REGULATION (EEC) No /89

of 1989

implementing certain provisions of the Agreement between
the Community and Czechoslovakia on
trade in industrial products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,
and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement on trade in industrial products between the European
Economic Community and the Czechoslovak Socialist Republic, hereinafter
referred to as the "Agreement", was signed in Brussels on 19 December 1988;¹

Whereas Annexes I, II and III A to that Agreement contain lists of
products identified and classified according to the 1987 NIMEXE
nomenclature; whereas, in the exchange of letters concerning the Combined
Nomenclature, also annexed to the Agreement, the Community undertakes to
modify the NIMEXE nomenclature, replacing it with the Combined
Nomenclature (CN) codes; whereas Annex III B to the Agreement already
identifies products according to the Combined Nomenclature, although for
practical reasons all the annexes to the Agreement should be reproduced
together;

Whereas, under Article 4 of the Agreement, the Community undertakes to
eliminate quantitative restrictions on imports of certain products into

¹ OJ No L 88, 31.3.1989, p. 1.

certain regions of the Community, as listed in Annex II to the Agreement; whereas, moreover, under Article 5 of the Agreement, the Community undertakes to suspend the application of quantitative restrictions on imports into regions of the Community of certain products, as listed in Annex III, on the terms and conditions specified therein; whereas, under Commission Decisions Nos C(88)1478 of 27 July 1988¹ and C(88)2245 of 28 November 1988² the Community has already adopted both the measures referred to in Annex III B to the Agreement and some of the measures referred to in Annex II A to the Agreement; whereas the quantitative restrictions on imports of the other products listed in Annex II A (reproduced as Annex IV to this Regulation) should therefore be abolished;

Whereas this will mean that imports into the Community of any of the products listed in Annex II A will be free of all quantitative restrictions; whereas these products can therefore be covered by Council Regulation (EEC) No 1765/82 on common rules for imports from State-trading countries,³

HAS ADOPTED THIS REGULATION:

Article 1

Annexes I, II and III to the Agreement between the European Economic Community and the Czechoslovak Socialist Republic on trade in industrial products are hereby replaced by the corresponding Annexes to this Regulation.

Article 2

1. The quantitative restrictions on the release for free circulation in the Community of the products listed in Annex II B are hereby abolished in the Member States specified in the Annex with regard to those products.

1 OJ No C 204, 5.8.1988, p. 2.

2 OJ No C 315, 10.12.1988, p. 6.

3 OJ No L 195, 5.7.1982, p. 1.

2. The application of quantitative restrictions on the release for free circulation in the Community of products listed in Annex III A originating in Czechoslovakia is hereby suspended in France on the terms and conditions specified in that Annex.
3. The quantitative restrictions on the release for free circulation in the Community of products listed in Annex IV originating in Czechoslovakia are hereby abolished throughout the Community.

Article 3

Imports into the Community of the products listed in Annex II A originating in Czechoslovakia shall be subject to Council Regulation (EEC) No 1765/82. These products shall be added to the Annex to that Regulation.

Article 4

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

IMPACT DE LA PROPOSITION SUR LES P.M.E.
ET SUR LE MARCHÉ DE L'EMPLOI

La suppression des restrictions quantitatives, au niveau communautaire et au niveau régional, que la Communauté s'était engagée à éliminer vis-à-vis de la Tchécoslovaquie au titre des articles 4 et 5 de l'accord avec ce pays a une portée assez limitée. De ce fait, on estime que la présente proposition n'est pas susceptible d'avoir un impact économique appréciable pour les PME.
