

COMMISSION OF THE EUROPEAN COMMUNITIES

COM(94) 588 final
Brussels, 12.12.1994

94/0292 (ACC)

Proposal for a

COUNCIL REGULATION (EC)

establishing tariff ceilings and a Community statistical surveillance in the framework
of reference quantities for a certain number of products originating
in Cyprus, Egypt, Jordan, Israel, Tunisia, Syria, Malta,
Morocco and the Occupied Territories

(presented by the Commission)

EXPLANATORY MEMORANDUM

1. The additional protocols to the agreements between the European Community, of the one part, and Cyprus, Egypt, Jordan, Israel, Tunisia, Syria, Malta and Morocco, of the other, provide for the establishment of reference quantities for certain agricultural products originating in those countries.
2. The 1970 Agreement establishing an association between the European Community and Malta, supplemented by the Additional Protocol, the Supplementary Protocol and the Protocol extending the first stage of the Agreement, exempts from duties, subject to annual tariff ceilings, a certain number of textile products originating in that country.
3. Council Regulation (EEC) No 1134/91 on the tariff arrangements applicable to imports into the Community of products originating in the Occupied Territories provides for customs duties on some of these products to be suspended within the framework of reference quantities.
4. The products to be subjected to the ceilings and reference quantities, the limits of these measures and the rates of the preferential duties are laid down in the above agreements and Regulation (EEC) No 1134/91. Under Council Regulation (EEC) No 1764/92 or the agreements themselves, there will be annual increases until 31 December 1995.
5. Though multiannual, these tariff measures are implemented by Council regulations which are valid for only one year.

The renewal of these regulations involves no change to their substance. The adoption procedures, however, take up a considerable amount of time.

The Commission therefore takes the view that the provisions concerning the tariff measures in question should be grouped together in a single regulation, which, with the exception of the annexes thereto, would be of indeterminate duration. The annexes would be adapted at regular intervals in the light of changes to the Combined Nomenclature or decisions by the Council.

A similar solution was adopted by the Council in the matter of Mediterranean tariff quotas. Provisions for the implementation and management of those quotas were adopted for an indeterminate period by means of Council Regulation (EC) No 1981/94 of 25 July 1994 (OJ No L 199, 2.8.1994, p.1).

6. The attached draft Regulation groups together tariff measures, other than quotas, affecting the Mediterranean countries.

It also excludes tariff measures, the annual opening and/or increase of which are linked to the system of generalized preferences.

The period of validity of the measures covered by the Annexes to this draft Regulation lies between 1 November 1994 and 31 December 1996. As with the tariff quotas mentioned above, the latter date was chosen by analogy with the above-mentioned tariff quotas. Furthermore, the accession of new countries to the Community will also result in amendments to the Annexes to this draft Regulation.

The timetables for the opening of the reference quantities remain as laid down in the agreements.

7. The Commission believes that it should be mandated, as under the aforementioned Regulation (EC) 1981/94, to make the necessary technical adaptations to the Regulation and the measures contained therein. This mandate will cover any amendments that may be required under the existing agreements following:

- amendments to the Combined Nomenclature and Taric codes,
- decisions of the Council,
- extension of existing tariff measures.

The Commission considers that the opinion of the Customs Code Committee should be sought before such adaptations are adopted. The Committee will deliver its opinion according to the procedure laid down in Article 10 of Regulation (EEC) No 2658/87 on the tariff and statistical nomenclature and the Common Customs Tariff.

8. To conclude, this proposal is a logical follow-up to Regulation (EC) No 1981/94. It contains the same innovative aspects as that Regulation, namely:

- its multiannual character,
- the grouping together of the countries and products concerned,
- the delegation of powers to the Commission,
- the opinion of the Customs Code Committee.

9. The purpose of this proposal has been set out above. The Council is being asked to approve this proposal and, at the same time, open the tariff measures set out in the Annexes thereto.

Proposal for a

COUNCIL REGULATION (EC)

establishing tariff ceilings and a Community statistical surveillance in the framework of reference quantities for a certain number of products originating in Cyprus, Egypt, Jordan, Israel, Tunisia, Syria, Malta, Morocco and the Occupied Territories

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas Article 2 of Annex I to the Agreement establishing an association between the European Community and Malta¹, as supplemented by the Additional Protocol², by the Supplementary Protocol to the Agreement³ and the Protocol extending the first stage of this Agreement⁴, exempts from duties, subject to tariff ceilings, certain products falling within Chapters 52 to 63 of the Combined Nomenclature and originating in Malta;

Whereas the Additional Protocols to the Agreements between the European Community, of the one part, and Cyprus⁵, Egypt⁶, Jordan⁷, Israel⁸, Tunisia⁹, Syria¹⁰, Malta and Morocco¹¹, of the other, provide for the progressive reduction, subject to reference quantities and to statistical Community surveillance, of the customs duties applicable to certain agricultural products originating in those countries according to set timetables;

Whereas Council Regulation (EEC) No 1134/91 concerning the tariff regime applicable to imports in the Community of products originating in the Occupied Territories¹² provides for the elimination on 1 January 1993, according to a set timetable, of customs duties on products listed in Annex II thereto and originating in these territories, and that certain of these products should be subject to reference quantities;

Whereas, by Council Regulation (EEC) No 1764/92 of 29 June 1992 amending the arrangements for the import into the Community of certain agricultural products originating in Algeria, Cyprus, Egypt, Israel, Jordan, Malta, Morocco, Syria and Tunisia¹³, the Community unilaterally increased the amount of the above reference quantities in equal tranches of 3% or 5% per year starting on 1 January 1992;

Whereas the agreements concerned and Regulation (EEC) No 1134/91 are of indeterminate duration; whereas the agreements and the abovementioned Regulation (EEC) No 1764/92 lay down the rates for the annual increases in the tariff ceilings and reference quantities; whereas, therefore, the tariff measures in question should likewise be of indeterminate duration; whereas, however, in view of the negotiations under way for the imminent renewal of some of the agreements in question, the application of these measures should be rationalized by grouping them together in a single regulation;

12 OJ No L 112, 4.05.1991, p. 1

13 OJ No L 181, 1.07.1992, p. 9

Whereas the tariff measures provided for in this Regulation should be opened; whereas the scope and period of validity of each of these measures of which the duration of validity is limited to 31 December 1996 are set out in the Annexes;

Whereas amendments to the Combined Nomenclature and Taric codes, and the extension under the present agreements of the tariff measures in question, require no changes of substance; whereas, in the interests of simplicity and without prejudice to the specific procedures laid down by the Council Regulation (EC) No 3448/93, of 6 December 1993, determining the trade regime applicable to certain goods resulting from the transformation of agricultural products¹⁴, provision should be made for the Commission to make the necessary amendments and technical adaptations to this Regulation after first having obtained the opinion of the Customs Code Committee;

Whereas the decision to establish tariff ceilings and reference quantities should be taken by the Community; whereas it is also for the Community to establish the relevant surveillance systems for these two tariff measures;

Whereas customs duties suspended within the limits of tariff ceilings may be re-established once those limits have been reached at Community level; whereas the application of ceilings calls for a system of surveillance that enables the Commission to be kept abreast of the trend in imports of products subject to such measures;

Whereas the administration of the tariff ceilings requires close and particularly rapid cooperation between the Member States and the Commission, and the latter must in particular be able to follow the progress of quantities charged against the ceilings and keep the Member States informed; whereas this cooperation has to be all the more close because the Commission has to be able to take appropriate action whenever a ceiling is reached; whereas, to ensure the efficiency of this surveillance system, Member States must charge imports of the products in question against the ceilings as and when the products are entered with customs for free circulation;

Whereas, as regards the products subject to reference quantities, Article 3(2) of Council Regulation (EEC) No 451/89 of 20 February 1989¹⁵ establishes procedures for modifying of the status of these products by submitting them, if necessary, to tariff quotas; whereas Article 3 (2) of the regulation provides for a system of surveillance; whereas such surveillance must notably enable the Commission to draw up an annual trade balance sheet for each of the products concerned,

HAS ADOPTED THIS REGULATION

Title I

Tariff ceilings

Article 1

1. Imports into the Community of products originating in Malta and listed in Annex I to this Regulation shall be subject to annual ceilings and Community surveillance.

The relevant CN codes, order numbers and TARIC codes, together with the levels of the ceilings, are set out in the table in Annex I.

2. Quantities shall be charged against the ceilings as and when the products are entered with customs for free circulation accompanied by a movement certificate in accordance with the rules contained in the Protocol defining the concept of originating products and methods of administrative cooperation annexed to the Protocol laying down certain provisions relating to the Agreement establishing an association between the European Community and Malta.¹⁶

Goods may be charged against the ceiling only if the movement certificate is presented before the date on which customs duties are re-established.

The extent to which a ceiling is used up shall be determined at Community level on the basis of the imports charged against it in the manner laid down in the preceding subparagraphs.

Member States shall inform the Commission of imports charged under the above procedure at the intervals and within the time limits specified in paragraph 4.

3. As soon as the ceilings are reached, the Commission may adopt a regulation re-establishing, until the end of the calendar year, the customs duties applicable to third countries.
4. The Member States shall provide the Commission, by the fifteenth day of each month at the latest, with statements of the imports charged the previous month.

¹⁶ OJ No L 111, 28.04.1976, p. 3

Title II

Reference quantities and statistical surveillance

Article 2

1. Imports into the Community of certain products listed in Annex II to this Regulation and originating in Cyprus, Egypt, Jordan, Israel, Tunisia, Syria, Malta, Morocco and the Occupied Territories shall be subject to reference quantities under set timetables and to Community statistical surveillance.

The relevant CN codes and, where appropriate, their order numbers and TARIC codes, together with the levels of the reference quantities and the relevant timetables, are set out in the table in Annex II.

2. Within the limits of the reference quantities, preferential treatment shall be accorded to products entered with customs for free circulation and accompanied by a movement certificate. The movement certificate must comply with the rules laid down in the protocol defining the concept of originating products annexed to each of the agreements between the European Community and the countries referred to in the first subparagraph of paragraph 1, with the exception of the Occupied Territories. The concept of products originating in the Occupied Territories is defined by the provisions of Commission Regulation (EEC) No 2454/93, of 2 July 1993¹⁷.

The extent to which the reference quantities are used up shall be determined at Community level on the basis of the imports charged against them in the manner defined in the first subparagraph, as communicated to the Statistical Office of the European Communities in application of Regulations (EEC) No 2658/87¹⁸ and (EEC) No 1736/75.¹⁹

¹⁹ OJ No L 183, 14.07.1975, p. 2. Regulation last modified by regulation (EEC) No 1629/88 (OJ No L 147, 14.06.1988, p. 1)

Title III

Procedural provisions

Article 3

Subject to the procedure provided for in Council Regulation (EEC) No 3448/93 of 6 December 1993 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products, the provisions necessary for the application of this Regulation, in particular:

- (a) amendments and technical adaptations made necessary by amendment of the Combined Nomenclature and Taric codes,
- (b) the extension of tariff measures under the Agreements covered by this Regulation,
- (c) adaptations made necessary by the conclusion by the Council of protocols or exchanges of letters between the Community and the countries concerned,
- (d) amendments to this Regulation resulting from any other act adopted by the Council under agreements or regulations covered by this Regulation,

shall be adopted in accordance with the procedure laid down in Article 7(2).

Article 4

1. The Commission shall be assisted by the Customs Code Committee set up by Article 247 of Council Regulation (EEC) No 2913/92, of 12 October 1992²⁰.
2. The representative of the Commission shall submit to the Committee a draft of the measures to be adopted. The Committee shall deliver its opinion on the draft within a time limit which the chairman may lay down according to the urgency of the matter. The opinion shall be delivered by the majority laid down in Article 148(2) of the Treaty in the case of decisions which the Council is required to adopt on a proposal from the Commission. The votes of the representatives of the Member States within the Committee shall be weighted in the manner set out in that Article. The chairman shall not vote.

²⁰ OJ No L 302, 19.10.1992, p. 1

The Commission shall adopt the measures, which shall apply immediately. However, if those measures are not in accordance with the opinion of the Committee, they shall be communicated by the Commission to the Council forthwith. In that event:

- the Commission shall defer application of the measures upon which it has decided for three months from the date of such communication,
 - the Council, acting by qualified majority, may take a different decision within the period referred to in the previous indent.
3. The Committee may examine any question concerning the application of this Regulation which is raised by its chairman either on his own initiative or at the request of a Member State.

Article 5

The Commission shall, in close cooperation with the Member States, take all necessary measures to ensure that this Regulation is applied.

Article 6

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 November 1994.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Council
The President
