Proposal for a
COUNCIL REGULATION (EC)

on the conclusion of an Agreement in the form of an
exchange of letters between the European Community and Cyprus
on the adjustment of the regime for imports into the European
Community of oranges originating in Cyprus
and amending Council Regulation (EC) No 1981/94

(presented by the Commission)

Explanatory Memorandum

Within the negotiations on agriculture following the Uruguay Round, Cyprus has requested a preferential regime on the entry price of oranges. Cyprus and the Commission came to an agreement which will be presented to the Council for approval and conclusion. Within this package, a preferential regime on the entry price applied to Cypriot oranges imported into the Community has been agreed. For 48,200 tonnes of Cypriot oranges, reduced entry prices during the period from 1 December until 31 May of each season will apply. This quantity reflects the EC average imports of Cypriot oranges in the 92-94 period (within the December-May calendar). The agreed reduced prices are similar to those agreed with other Mediterranean partners.

The global agreement will not be in force by 1 December 1996. In order to avoid disturbances in the import of Cypriot oranges in the 96/97 market season, it would be advisable to put into force in advance, on a provisional basis and until the entry into force of the global agreement, the regime foreseen for this product.

The Council is therefore requested to conclude the present agreement.

The provisions of this Agreement shall commence on 1 December 1996.

This Agreement is contained in an exchange of letters (attached).

The implementation of this Agreement with Cyprus requires a modification of Council Regulation (EC) No 1981/94. In order to ensure timely implementation and for reasons of efficiency, the approval of the agreement and the modifications to the Council regulation are contained in the same legal text.

The Commission herewith recommends this Agreement to the Council for adoption.
