Proposal for a

COUNCIL DECISION

on the position to be taken by the Community within the Association Council established by the Europe Agreement between the European Communities and their Member States, of the one part, and the Slovak Republic, of the other part, which entered into force on 1 February 1995, extending the double-checking system for the period from 1 January to 31 December 2000, concerning the export of certain steel products from the Slovak Republic to the Community

(presented by the Commission)

EXPLANATORY MEMORANDUM

The aim of the double-checking system is to improve transparency and to avoid possible diversions of trade. It is founded on the provision in the EC-Slovak Republic Europe Agreement¹ which allows either Party to introduce an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows. The Parties agreed to establish such a system in 1998 in respect of certain ECSC and EC steel products by means of Decision N° 3/97² of the Association Council. By means of Decision N° 1/99³ of the Association Council the system was extended, with amended product coverage, for the period between 1 January to 31 December 1999. Council Regulation (EC) N° 85/98⁴, amended by Council Regulation (EC) N° 288/99⁵ established the corresponding implementing legislation for the Community.

At its meeting on 7 October 1999, the Contact Group agreed to recommend that the Association Council should extend the double-checking system for the period between 1 January and 31 December 2000.

The attached proposal consequently seeks to extend Decision N° 3/97 of the Association Council, amended by Decision N° 1/99 of the Association Council, for the period between 1 January and 31 December 2000.

COUNCIL DECISION

on the position to be taken by the Community within the Association Council established by the Europe Agreement between the European Communities and their Member States, of the one part, and the Slovak Republic, of the other part, which entered into force on 1 February 1995, extending the double-checking system for the period from 1 January to 31 December 2000, concerning the export of certain steel products from the Slovak Republic to the Community

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 133 thereof,

Having regard to the proposal from the Commission,

Having regard to the Decision of the Council and the Commission of 19 December 1994 on the conclusion of the Europe Agreement between the European Communities and their Member States, of the one part, and the Slovak Republic, of the other part, and in particular Article 2(1) thereof,

Whereas:

- (1) The Contact Group referred to in Article 10 of Protocol 2 of the Europe Agreement between the European Communities and their Member States of the one part and the Slovak Republic of the other part, which entered into force on 1 February 1995⁶, met on 7 October 1999 to discuss trends in imports of ECSC and EC products from the Slovak Republic into the Community and recognised the need to find appropriate solutions in the framework of Article 34(2) of the Agreement in order to ensure that the attainment of the objectives of the Agreement will not be jeopardised;
- (2) The Contact Group therefore agreed to recommend to the Association Council established under Article 104 of the Agreement that the double-checking system introduced in 1998 by Decision N° 3/97⁷ of the Association Council, amended for the period between 1 January and 31 December 1999 by Decision N° 1/99⁸ of the Association Council, should be extended for the period between 1 January and 31 December 2000;

⁶ OJ L 359, 31.12.94, p.1

⁷ OJ L 13, 19.01.98, p. 71.

⁸ OJ L 36, 10.02.99, p. 18.

- (3) The Parties are desirous to promote the orderly and equitable development of trade in steel between the Community and the Slovak Republic;
- (4) The Association Council, having been supplied with all relevant information, has determined that the solution acceptable to the two parties which least disturbs the functioning of the Agreement is the extension of the double-checking system, without quantitative limits, for the import into the Community of certain steel products covered by the ECSC and EC Treaties for the period between 1 January and 31 December 2000,

HAS DECIDED AS FOLLOWS:

The position to be taken by the Community within the Association Council established by the Europe Agreement between the European Communities and their Member States, of the one part, and the Slovak Republic, of the other part, concerning the export of certain steel products from the Slovak Republic to the European Communities, and in particular the extension of the double-checking system, shall be based on the draft decision of the Association Council annexed to this Decision.
