COM(80) 616 final

Brussels, 27 October 1980

Proposals for

COUNCIL REGULATIONS (EEC)

CONCLUDING PROTOCOLS TO THE ASSOCIATION AGREEMENT BETWEEN THE EUROPEAN ECONOMIC COMMUNITY AND CYPRUS AND THE COOPERATION AGREEMENTS BETWEEN THE EUROPEAN ECONOMIC COMMUNITY AND EGYPT, JORDAN AND LEBANON FOLLOWING THE ACCESSION OF GREECE TO THE COMMUNITY

DRAFT PROTOCOLS TO THE AGREEMENTS BETWEEN THE MEMBER STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY AND EGYPT, JORDAN AND LEBANON FOLLOWING THE ACCESSION OF GREECE TO THE COMMUNITY

(submitted to the Council by the Commission)

COM(80) 616 final

EXPLANATORY MEMORANDUM

1. By a decision dated 11 February 1980 the Council and the Representatives of the Governments of the Member States meeting within the Council authorised the Commission to open negotiations with countries with which preferential agreements had been concluded in order to determine the adaptations and transitional measures needed as a result of Greek accession.
2. Setting aside the five EFTA countries, which have been dealt with in a previous Commission Communication (1), negotiations have so far been completed with Cyprus, Egypt (2), Jordan and Lebanon. The Heads of Delegation have initialled the draft protocols drawn up following those negotiations.
3. The only points requiring comments in connection with these draft protocols are :

Quantitative restrictions

In the course of the negotiations levels were fixed for the basic quotas to be opened by Greece in 1981 for industrial products subject to quantitative restrictions in respect of the present Community. With the exception of certain products where it was shown that the countries concerned had an export interest, the quantities have generally been set at a nominal level as no trade flows exist. In the case of products to be covered by specific quantitative restrictions for particular preferential countries, the quota levels have been established on the basis of traditional trade flows (Greece has incidentally stopped applying quantitative restrictions on imports of chick peas and beans from Lebanon).

(1) COM (80) 317

(2) The Egyptian Delegation has agreed to conclude negotiations while repeating, in a Note Verbale which will be distributed separately, certain requests to be examined by the Community.

Adaptation of tariff quotas and similar measures provided for in the agreements

It proved pointless to adapt the level of tariff quotas established in the agreements in view of the existing levels of trade between Greece and the countries concerned, except in one instance concerning Cyprus (the tariff quota for men's and boys' outer garments of CCT heading No 61.01 was raised from 500 to 525 tonnes to take account of the traditional trade flow).

. The Commission recommends that the Council and the Representatives of the Governments of the Member States meeting within the Council approve the results of the negotiations and initiate the procedures for conclusion. Accordingly it presents herewith :

- Proposals for Council regulations concluding protocols to the Association Agreement with Cyprus and the Co-operation Agreements with Egypt, Jordan and Lebanon (the draft protocols are annexed to the proposals;
- draft protocols to the ECSC Agreements with Egypt, Jordan and Lebanon.

. Since the procedures for conclusion of the protocols mentioned above to the Association and Cooperation Agreements and the ECSC Agreements will not be completed by 1 January 1981, the Commission will very shortly submit respectively to the Council and to the Representatives of the Governments meeting within the Council, proposals which will ensure the application from that date of the arrangements laid down in these protocols.

Article 3

For the products listed in Annex I, the Hellenic Republic shall progressively abolish customs duties on products originating in Lebanon in accordance with the following timetable :

- on 1st January 1981 each duty shall be reduced to 90 % of the basic duty,
- on 1st January 1982 each duty shall be reduced to 80 % of the basic duty,
- the four other reductions of 20 % each shall be made on :
 - 1st January 1983,
 - 1st January 1984,
 - 1st January 1985,
 - 1st January 1986.

Article 4

1. For the products listed in Annex I, the duty to which the successive reductions as provided for in Article 3 are to be applied shall, for each product, be the duty actually applied by the Hellenic Republic in respect of Lebanon on 1 July 1980.
2. However, in respect of matches falling within heading No 36.06 of the Common Customs Tariff of the European Communities, the basic duty shall be 17,2 % ad valorem.

Article 5

1. For the products listed in Annex I, the Hellenic Republic shall progressively abolish charges having equivalent effect to customs duties on products originating in Lebanon in accordance with the following timetable :
 - on 1st January 1981, each charge shall be reduced to 90 % of the basic rate,
 - on 1st January 1982, each charge shall be reduced to 80 % of the basic rate,
 - the four other reductions of 20 % each shall be made on :
 - 1st January 1983,
 - 1st January 1984,
 - 1st January 1985,
 - 1st January 1986.
2. The basic rate to which the successive reductions as provided for in paragraph 1 are to be applied, shall, for each product, be the rate applied by the Hellenic Republic on 31 December 1980 in respect of the Community as at present constituted.
3. Any charge having equivalent effect to a customs duty on imports introduced as from 1st January 1979, in trade between the Hellenic Republic and Lebanon shall be abolished on 1 January 1981.

Article 6

Article 7

1. The variable component, which the Hellenic Republic applies on products covered by Regulations 1059/69 originating in Lebanon shall be adjusted by the compensatory amount applied in trade between the Community as at present constituted and the Hellenic Republic.
2. On the products which are covered by Regulation 1059/69 and also listed in Annex I to this Protocol, the Hellenic Republic shall abolish, in accordance with the timetable referred to in Article 3 the difference between :

 - the duty (other than the variable component) resulting from the provisions of the Agreement.

Article 8

In the case of products listed in Annex II to the EEC Treaty, the preferential rates provided for or calculated shall be applied to the duties actually levied by the Hellenic Republic in respect of third countries as laid down in Article 64 of the Act of Accession of the Hellenic Republic to the European Communities.

In no case should Greek imports from Egypt benefit from rates of duty more favourable than those applied to products from the Community as at present constituted.

Article 9

Such increases shall be added to each quota and the next increase calculated on the basis of the total thus obtained.

Where a quota is expressed in terms of both volume and value, the quota relating to the volume shall be raised by at least 20 % a year and the quota relating to the value by at least 25 % a year, the succeeding quotas to be calculated each year on the basis of the preceding quota plus the increase.

However, with regard to motor coaches and buses and other vehicles falling within subheading ex 87.02 A I of the Common Customs Tariff, the volume quota shall be raised by 15 % a year and the quota relating to the value by 20 % a year.

4. Where it is found that imports into Greece of a product listed in Annex II have for two consecutive years been less than 90 % of the quota, the Hellenic Republic shall liberalize imports of that product originating in Lebanon, if the product in question is at that time liberalized towards the Community as at present constituted.
5. If the Hellenic Republic liberalizes imports of a product listed in Annex II from the Community as at present constituted or increases a quota applicable to the Community as at present constituted, beyond the minimum rate as laid down in Paragraph 3, the Hellenic Republic shall also liberalize imports of that product originating in Lebanon or increase the quota proportionally.
6. Regarding licences for imports of products listed in Annex II and originating in Lebanon the Hellenic Republic shall apply the same administrative rules and practices as applied to such imports originating in the Community as at present constituted, with the exception of the quota for fertilisers falling within the heading Nos 31.02, 31.03 and 31.05 A I, II and IV of the Common Customs Tariff of the European Communities, where the Hellenic Republic may apply the rules and practices relevant to the exclusive marketing rights.

Article 10

1. Import deposits and cash payments in force on Greece on 31 December 1980 with regard to products originating in Lebanon shall be progressively eliminated over a period of three years from 1st January 1981.

The rate of import deposits and cash payments shall be reduced in accordance with the following timetable :

- 1st January 1981 : 25 %
- 1st January 1982 : 25 %
- 1st January 1983 : 25 %
- 1st January 1984 : 25 %.

2. As regards products listed in Annex II to the EEC Treaty, charges having an effect equivalent to customs duties and measures having an effect equivalent to quantitative restrictions (import deposits, system of cash payment, validation of invoices, etc...) shall be abolished by Greece upon accession in respect of products originating in Lebanon subject to the provisions of Article 65 of the Act of Accession of the Hellenic Republic to the European Communities.
3. If the Hellenic Republic reduces towards the Community as at present constituted a rate of import deposits or cash payments quicker than according to the timetables contained in Paragraphs 1 and 2 the Hellenic Republic shall make the same reduction with regard to imports originating in Lebanon.
