COMMISSION OF THE EUROPEAN COMMUNITIES

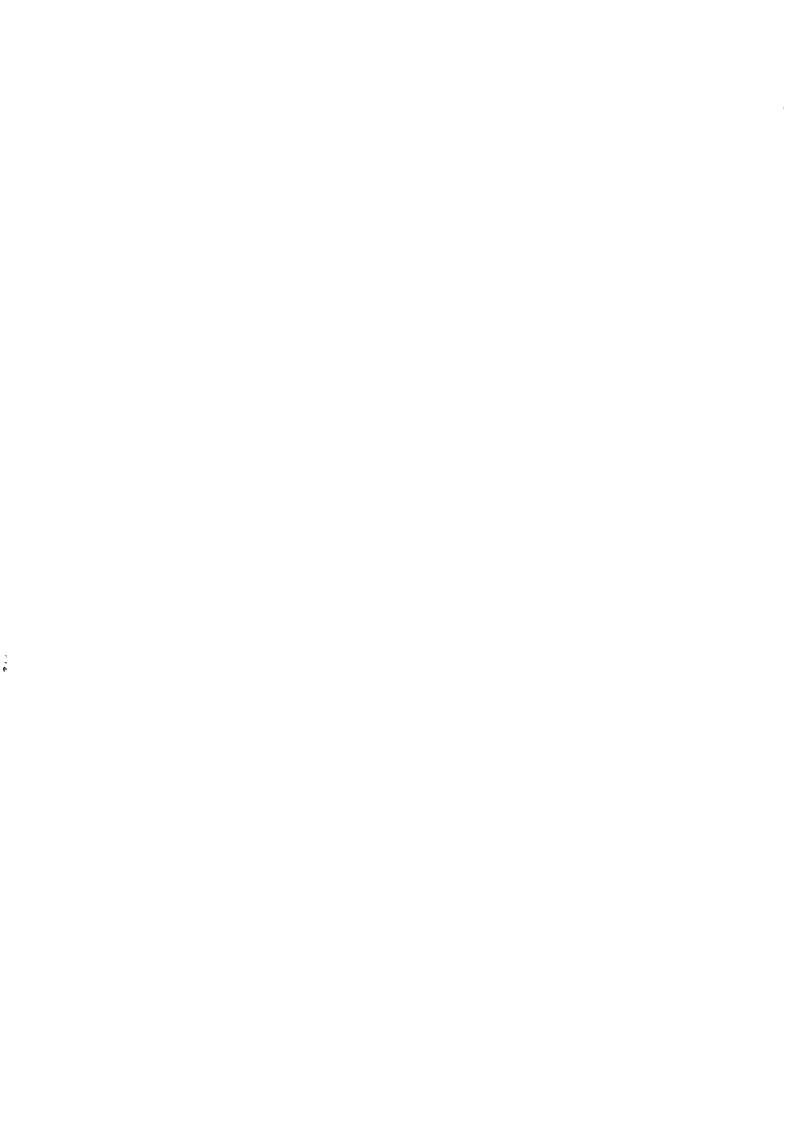

COM(80) 23 final Brussels, 29 January 1980

Recommendation for a COUNCIL REGULATION

concerning the conclusion of the Agreement between the Hungarian People's Republic on trade in textile products

(submitted by the Commission to the Council)

COM(80) 23 final

EXPLANATORY MEMORANDUM

- 1. By Decision of 19 October 1977, the Council authorised the Commission to open negotiations with Hungary with a view to the conclusion of an agreement on trade in textile products.
- 2. In accordance with the Council Decision, and in consultation with the Article 113 Committee, the Commission conducted negotiations with Hungary from October to 30 November 1978.

Following the negotiations, a draft Agreement was drawn up.

The draft Agreement:

- (i) covers all MFA products of wool, cotton and man-made fibres originating in Hungary.
 - (ii) calls for voluntary restraint, at agreed levels, on exports to the Community of certain categories of products covered by the Agreement;
- (iii) provides for a consultation procedure whereby voluntary restraint measures may be introduced for categories of products not initially subject to limitation, where certain thresholds are exceeded;
- (iv) establishes a double checking system for categories of products subject to limitation, and an origin control system for all categories covered by the Agreement;
 - (v) includes a flexibility clause allowing the transfer of a certain percentage of the quotas from category to category, or from one year to another;
- (vi) contains a price clause enabling the Community to suspend imports in certain situations;
- (vii) in exchange for limitation, contains an undertaking by the Community not to introduce further quantitative restrictions under Article XIX of the GATT or Article 3 of the MFA, or to measures having an effect equivalent to quantitative restrictions.

The Heads of the Delegations initialled the text of the draft Agreement on 30 November 1978, having noted that it correctly represented the results of the negotiations.

In order to ensure that the successful implementation of the Agreement should not be put at risk and to prevent a flood of exports preceding its entry into force, the Community, following the conclusion of the negotiations, proposed to the third countries that until such time as the Agreement entered into force both parties should apply its provisions on an autonomous basis as from 1 January 1978. The provisions of the agreement were put into effect for 1978 by Commission Regulation (EEC) No 2999/78 of 15 December 1978 (1), making the importation into the Community of textile products originating in the Peoples' Republic of Hungary subject to authorisation and quantitative limitation.

For the year 1979, the provisions of the Agreement were covered by Council Regulation (EEC) No 1176/79 of 12 June 1979 (2) amending Regulation 3059/78 of 21 December 1978 (3) on common rules for imports of certain textile products originating in third countries.

The Commission has laid before the Council a proposal for a regulation containing the definitive measures for the implementation of the Agreement by the Community.

The Commission considers that the draft Agreement embodies an arrangement which is acceptable to the Community. It therefore recommends that the Council:

- approve the Agreement by adopting the regulation, the draft of which is annexed hereto;
- (ii) pending approval of the Agreement, take the necessary decisions in connection with the signing thereof.

HETWEEN THE EUROPEAN ECONOMIC COMMUNITY AND THE HUNGARIAN PEOPLE'S REPUBLIC ON TRADE IN TEXTILE PRODUCTS

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

of the one part, and

THE COVERNMENT OF THE HUNGARIAN PEOPLE'S REPUBLIC

of the other part,

DESTRING to promote, with a view to permanent cooperation and in conditions providing the utmost security for trade and the mutual expansion and orderly and equitable development of trade in textile products between the European Economic Community (hereinafter referred to as "the Community") and the Hungarian People's Republic (hereinafter referred to as "Hungary"),

RESOLVED to take the fullest possible account of the serious economic and social problems at present affecting the textile industry in both importing and exporting countries, in particular in order to eliminate the real dangers of distortion of the Community market and of disturbance of trade in Hungarian textile products,

HAVING REGARD to the Arrangement regarding International Trade in Textiles (hereinafter referred to as "the "Geneva Arrangement"), and in particular Article 4 thereof, and to the conditions for the renewal of the said Arrangement as set out in the Protocol of 14 December 1977 and in the Conclusions adopted by the Textiles Committee on the same day (L/4616).

ACTING in their capacity as participants in the Geneva Arrangement,

HAVE DECIDED to conclude this Agreement and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

THE COVERNMENT OF THE HUNGARIAN PEOPLE'S REPUBLIC:

WHO HAVE AGREED AS FOLLOWS:

Section I: Trade Arrangements

Article 1

- 1. This Agreement shall apply to trade in textile products of cotton, wool, fine animal hair or man-made fibres originating in Hungary which are listed in Annex I.
- 2. The description and identification of the products covered by this Agreement are based on the nomenclature of the Common Customs Tariffand on the Nomenclature of Goods for the External Trade Statistics of the Community and the Statistics of Trade between Member States (NIMEXE).
- 3. The origin of the products covered by this Agreement shall be determined in accordance with the provisions in force in the Community.

The procedures for supervision of the origin of the products referred to above are laid down in Protocol A.

- 1. Hungary agrees to establish and maintain for each calendar year quantitative limits on its exports to the Community in accordance with the table in Annex II to this Agreement.
- 2. Subject to the provisions set out in Article 5, the Community undertakes, in respect of the products covered by this Agreement, to suspend the application of quantitative restrictions on imports currently in force, and not to introduce new quantitative restrictions under the General Agreement on Tariffs and Trade or Article 3 of the Geneva Arrangement.
- 3. Measures having equivalent effect to quantitative restrictions on the importation into the Community of the products covered by this Agreement shall be prohibited.

- 1. Exports of cottage industry fabrics woven on hand- or foot-operated looms, garments or other articles obtained manually from such fabrics and traditional folklore handicraft products shall not be subject to quantitative limits, provided that these products meet the conditions laid down in Protocol B.
- 2. Imports into the Community of textile products covered by this Agreement shall not be subject to the quantitative limits established in Annex II, provided that they are declared to be for re-export outside the Community in the same state or after processing, under the administrative system of control set up for this purpose within the Community.

However, the release for home use of products imported under the conditions referred to above shall be subject to the production of an export licence issued by the Hungarian authorities, and to proof of origin in accordance with the conditions laid down in Protocol A.

- 3. Where the competent authorities in the Community ascertain that imports of textile products have been set off against a quantitative limit established under this Agreement, but that the products have subsequently been re-exported outside the Community in the same state or after processing, the authorities concerned shall inform the Hungarian authorities within four weeks of the quantities involved and shall authorize imports of identical quantities of the same products, which shall not be set off against the quantitative limit in question.
- 4. Re-imports into the Community of textile products listed in Annex I which have been temporarily exported by the Community and subsequently processed in Hungary shall not be subject to the quantitative limits established in Annex II to this Agreement, provided they are declared as such under the non-discriminatory systems of administrative control set up for that purpose in the different regions of the Community.

1. In any Agreement year, advance use of a portion of the quantitative limit established for the following Agreement year is authorized for each category of products up to 5% of the quantitative limit for the current Agreement year.

Amounts delivered in advance shall be deducted from the corresponding quantitative limits established for the following Agreement year.

- 2. Carryover to the corresponding quantitative limit for the following Agreement year of amounts not used during any Agreement year is authorized up to 5% of the quantitative limit for the current Agreement year.
- 3. Transfers in respect of categories in Group I shall not be made except as follows:
- transfers between Categories 2 and 3 may be effected up to 3.5% of the quantitative limit for the category to which the transfer is made;
- transfers between Categories 4, 5, 6, 7 and 8 may be made up to 3.5% of the quantitative limit for the category to which the transfer is made.

Transfers into any category in Group II, III, IV or V may be made from any category or categories in Group I, II, III, IV or V up to 5% of the quantitative limit for the category to which the transfer is made.

- 4. The table of equivalence applicable to the transfers referred to above is given in Annex I to this Agreement.
- 5. The increase in any category of products resulting from the cumulative application of the provisions in paragraphs 1, 2 and 3 above during an Agreement year shall not exceed:

- 11% for categories of products in Group I
- 12.5% for categories of products in Group II, III, IV or V.
- 6. Prior notification shall be given by the Hungarian authorities in the event of recourse to the provisions of paragraphs 1, 2 and 3 above.

- 1. Should a textile product covered by this Agreement be imported into the Community from Hungary at prices which are lower than the range of prices charged under normal conditions of competition, and for this reason cause or threaten to cause serious injury to Community producers of the same product, a like product, or a directly competing product, the Community may invoke paragraph 5 of the Protocol relating to Hungary's accession to GATT, and in that event the following specific provisions shall be applicable.
- 2. Consultations shall be held at the request of the Community in order to ascertain whether the situation described in paragraph 1 exists. If agreement is reached as to the existence of such a situation, Hungary shall take the necessary steps to remedy it.
- 3. If the consultations referred to in paragraph 2 fail to produce agreement within thirty days of the Community's request for such consultations, and should consignments of the product in question continue to be sent at prices which are lower than the range of prices charged under normal conditions of competition, and for this reason cause or threaten to cause serious injury to the Community producers referred to in paragraph 1, the Community, while continuing consultations with a view to reaching a mutually acceptable solution, may refuse to import the said consignments. Such action may be continued only for as long as is strictly necessary to prevent or remedy the situation.
- 4. In critical circumstances, where imports of specific textile products at prices below the range of prices charged under normal conditions of competition could cause injury which would be difficult to repair, the Community may temporarily refuse to import the said products pending agreement on a solution in the course of consultations. Such consultations shall be opened without delay, and in any case within five days of the request by the Community, with a view to reaching a mutually acceptable solution within five days of the opening of consultations.

- 5. For the purpose of applying the provisions of this Article, in order to determine whether the price of a textile product is "below the range of prices charged under normal conditions of competition", it may be compared to:
- the prices of like products at a comparable marketing stage on the market of the importing country, and
- the prices generally charged for such products sold in the ordinary course of trade by other exporting countries on the market of the importing country, and
- the lowest prices charged for such products sold in the ordinary course of trade by any other exporting country in the three months preceding the request for consultations, and not having led to the adoption of any measure by the Community.
- 6. Hungary may request consultations at any time with a view to examining such difficulties as may arise from the application of the provisions of this Article.

Section II: Administration of the Agreement

Article 6

- 1. Exports of textile products covered by this Agreement which are subject to quantitative limits shall be subject to a double-checking system, the details of which are specified in Protocol A.
- 2. The competent authorities in the Member States are required to issue import authorizations or documents automatically within five working days of the submission of a request by an importer in accordance with the conditions laid down in Protocol A.

The said import authorizations or documents shall be valid for six months.

- 1. Exports of textile products not listed in Annex II to this Agreement may be made subject to quantitative limits on the conditions laid down in the following paragraphs.
- 2. Where the Community finds, under the system of administrative control set up, that the level of imports of products in a given category not listed in Annex II originating in Hungary exceeds, in relation to the preceding year's total imports into the Community of products in that category, the following rates:
 - for categories of products in Group I, 0.2%,
 - for categories of products in Group II, 1.2%,
 - for categories of products in Group III, IV or V, 4%

it may request the opening of consultations in accordance with the procedure established in Article 14 of this Agreement, with a view to reaching agreement on an appropriate restraint level for the products in such category.

3. Pending a mutually satisfactory solution, Hungary undertakes, from the date of notification of the request for consultations, to suspend or limit at the level indicated by the Community exports of the category of products in question to the Community or to the region or regions of the Community market specified by the Community.

The Community shall authorize the importation of products of the said category shipped from Hungary before the date on which the request for consultations was submitted.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 14 of the Agreement, the Community shall have the right to introduce a quantitative limit at an annual level not lower than that reached by imports of the category in question and referred to in the notification of the request for consultations.

The annual level so fixed shall be revised upwards after consultations in accordance with the procedure referred to in Article 14, with a view to fulfilling the conditions set out in paragraph 2, should the trend of total imports into the Community of the product in question make this necessary.

- 5. The limits introduced pursuant to paragraph 2 or paragraph 4 may in no case be lower than the level of Community imports of products in that category originating in Hungary in 1976.
- 6. In accordance with the procedures set out in paragraphs 2 and 4, a quantitative limit may be fixed on a regional basis where imports of a given product into any region of the Community exceed, in relation to the amounts determined as laid down in paragraph 2, the following regional percentages:

Germany	28.5%
Benelux	10.5%
France	18.5%
Italy	15%
Denmark	3%
Ireland	1%
United Kingdom	23.5%

- 7. The annual growth rate for the quantitative limits introduced under this Article shall be determined in accordance with the provisions of Protocol C.
- 8. The provisions of this Article shall not apply where the percentages specified in paragraph 2 have been reached as a result of a fall in total imports into the Community, and not as a result of an increase in exports of products originating in Hungary.
- 9. In the event of the provisions of paragraph 2 or paragraph 4 being applied, Hungary undertakes to issue export licences for products covered by contracts concluded before the introduction of the quantitative limit, up to the volume of the quantitative limit fixed for the current year.

- 10. For the purpose of applying the provisions of paragraph 2, the Community undertakes to provide the Hungarian authorities, before 31 March of each year, with the preceding year's statistics on imports of all textile products covered by this Agreement, broken down by supplying country and Community Member State.
- 11. The provisions of this Agreement which concern exports of products subject to the quantitative limits established in Annex II shall also apply to products for which quantitative limits are introduced under this Article.

- 1. Hungary shall supply the Community with precise statistical information on all export licences issued by the Hungarian authorities for all categories of textile products exported to the Community.
- 2. The Community shall likewise transmit to the Hungarian authorities precise statistical information on import authorizations or documents issued by the competent Community authorities, and import statistics for products covered by the system of administrative control referred to in Article 7(2).
- 3. The information referred to above shall, for all categories of products, be transmitted before the end of the second month following the quarter to which the statistics relate.
- 4. Should it be found on analysis of the information exchanged that there are significant discrepancies between the returns for exports and those for imports, consultations may be initiated in accordance with the procedure specified in Article 14 of this Agreement.

Fo decision relating to the classification of goods or amendment to the Common Customs Tariff or Nimexe, made in accordance with the procedures in force in the Community, concerning categories of products covered by this Agreement, shall have the effect of reducing any quantitative limit established in Annex II.

Hungary shall endeavour to ensure that exports of textile products covered by this Agreement are spaced out as evenly as possible over the year, due account being taken of seasonal factors.

However, in the event of demunciation of this Agreement as provided for in Article 19(3), the quantitative limits established in Annex II shall be reduced on a pro rata basis.

Should there be an excessive concentration of imports on any product belonging to a category subject to quantitative limits under this Agreement, the Community may request consultations in accordance with the procedure specified in Article 14 of this Agreement with a view to remedying this situation.

- 1. Portions of the quantitative limits established in Annex II not used in a Member State of the Community may be allocated to another Member State in accordance with the procedures in force in the Community. The Community undertakes to reply within four weeks to any request made by Hungary for such reallocation. It is understood that any reallocation so effected shall not be subject to the limits fixed under the flexibility provisions set out in Article 4 of this Agreement.
- 2. Should it appear in any given region of the Community that additional supplies are required, the Community may, where measures taken pursuant to paragraph 1 above are inadequate to cover those requirements, authorize the importation of amounts greater than those stipulated in Annex II.

- 1. Hungary and the Community undertake to avoid all discrimination in the allocation of export licences and import authorizations or documents respectively.
- 2. In implementing this Agreement, the Contracting Parties shall take care to maintain the traditional commercial practices and trade flows between the Community and Hungary.
- 3. Should either Party find that the application of this Agreement is disturbing existing commercial relations between importers in the Community and suppliers in Hungary, consultations shall be started promptly, in accordance with the procedure specified in Article 14 of this Agreement, with a view to remedying this situation.

The special consultation procedures referred to in this Agreement shall be governed by the following rules:

- any request for consultations shall be notified in writing to the other Party;
- where appropriate, the request for consultations shall be followed within a reasonable period (and in any case not later than fifteen days following the notification) by a report setting out the circumstances which, in the opinion of the requesting Party, justify the submission of such a request;
- the Parties shall enter into consultations within one month

 of notification of the request, with a view to reaching agreement
 or a mutually acceptable conclusion within one month;
- the period of one month referred to above for the purpose of reaching agreement or a mutually acceptable conclusion may be extended by common accord.

- 1. The Parties recognize and confirm that, without prejudice to their rights and obligations under the General Agreement on Tariffs and Trade, their mutual trade in textile products as defined in Article 1 shall be conducted subject to the provisions of this Agreement and of the Geneva Arrangement.
- 2. If necessary, at the request of either of the Parties and in conformity with the provisions of the Geneva Arrangement, consultations shall be held on any problems arising from the application of this Agreement. Any consultations thus initiated shall be approached by both Parties in a spirit of cooperation and with a desire to reconcile the differences between them.

Section III: Transitional and Final Provisions

- 1. The provisions of this Agreement shall not apply to imports of products subject to quantitative limits under the import arrangements in force in the Community in 1977, provided the import authorizations or documents were issued by the competent authorities in the Community before 1 January 1978.
- 2. Products originating in Hungary which become subject to quantitative limits from 1 January 1978 on y, in pursuance of this Agreement, may be imported into the Community until 31 March 1978, provided such products are shipped before 1 January 1978.

By way of derogation from Articles 2 and 9 of Protocol A, the Community undertakes to issue import authorizations or documents without the production of an export licence or certificate of origin in the form prescribed in the said Article 9 for products originating in Hungary subject to quantitative limits under this Agreement, provided such products are shipped in the period from 1 January 1978 to 30 June 1978 and do not exceed 60% of the quantitative limits applicable to the products. This period may be extended by agreement reached between the Parties in accordance with the consultation procedure laid down in Article 14 of this Agreement.

The Community shall supply the Hungarian authorities without delay with precise statistical information on import authorizations or documents issued under this Article; the said authorities shall set the corresponding amounts off against the quantitative limits established in Annex II for the products in question for 1978.

This Agreement shall apply to the territories within which the Treaty establishing the European Economic Community is applicable and under-the conditions laid down in that Treaty on the one hand, and to the territory of Hungary on the other hand.

- 1. This Agreement shall enter into force on the first day of the month following the date on which the Contracting Parties notify each other of the completion of the procedures necessary for this purpose. It shall be applicable until 31 December 1981 and may be extended by common accord for a one year period until 31 December 1982.
- 2. This Agreement shall apply with effect from 1 January 1978.
- 3. Either Party may at any time propose amendments to this Agreement or denounce it provided that at least ninety days' notice is given. In the latter event the Agreement shall come to an end on the expiry of the period of notice.
- 4. The Annexes and Protocols to this Agreement and the exchanges of letters shall form an integral part thereof.

If the competent Community authorities consider that the total quantities covered by export licences issued by Hungary for a particular category in any Agreement year exceeds the quantitative limit established for that category in Annex II or as modified by virtue of Articles 4 and 12 of the Agreement, the said authorities may suspend the issue of import authorizations or documents. In this event, the competent Community authorities shall immediately inform the Hungarian authorities and the special consulation procedure set out in Article 14 of the Agreement shall be initiated forthwith.

The discovery of slight discrepancies between the statements made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not <u>ipso facto</u> cast doubt upon the statements in the certificate.

Article 11

1. Subsequent verification of certificates of origin shall be carried out at random, or whenever the competent Community authorities have reasonable doubt as to the authenticity of the certificate or as to the accuracy of the information regarding the true origin of the products in question.

- 4. For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any export documents referring to them shall be kept for at least two years by the competent governmental authority in Hungary.

concerning Article 1(3) of the Agreement

DECLARATION

CONCERNING ARTICLE 6 OF PROTOCOL A

The representatives of the European Economic Community hereby inform the Government of the Hungarian People's Republic that neither a lack of full information nor the giving of approximate information in box 8 of the export licence, nor the absence of details regarding the marks and numbers or the number and kind of packages in box 10, may constitute valid grounds for a refusal on the part of the Community authorities to issue an import authorization or document.

EXCHANGE OF LETTERS

Having regard to Protocol A concerning the procedure for the issue of export licences, the Parties have agreed that from the date of entry into force of the Agreement, the provisions set out in the Annex to this Exchange of Letters shall be applied to Hungary's exports to the Federal Republic of Germany. The Community will give consideration to the question of extending the said provisions to Hungary's exports to other regions of the Community, and will notify Hungary without delay of any measures adopted in this sphere.

For the Hungarian People's Republic For the European Economic Community

ANNEX TO THE EXCHANGE OF LETTERS CONCERNING THE PROCEDURE FOR THE

ISSUE OF EXPORT LICENCES

- 1. The competent Hungarian authorities may, at their discretion, issue an advance notice of exportation conforming to the attached specimen for each contract for the supply of products subject to quantitative limitation which are to be exported. The said authorities undertake:
 - (i) to issue, before the shipment of products covered by an advance notice, an export licence/export licences conforming to the specimen annexed to Protocol A to the Agreement, and to set off definitively the quantity of goods exported against the quantitative limit for the year in which exportation takes place;
 - (ii) to ensure that the quantity exported does not exceed that specified in the advance notice;
- (iii) where exportation of goods covered by an advance notice does not take place in the course of the year specified in the said notice, to inform the competent authorities in the Community of this fact.
- 2. Where an advance notice has been issued, the number of such notice shall be indicated on each corresponding export licence.
- 3. On presentation of an advance notice of exportation, the competent authorities in the Community shall issue an import authorization or document in accordance with the provisions of Protocol A, and shall set off the quantity in question against the corresponding quantitative limit.
- 4. Where the total quantity of products exported, as indicated in the export licence(s), is lower than that shown in the corresponding advance notice, or where goods covered by an advance notice have not been or will not be exported in the course of the year specified in that notice, the competent authorities in the Community are required to take account of such circumstances for the purpose of calculating the imports to be set off against the relevant quantitative limits.

To the Council of the European Communities

EXCHANGE OF LETTERS

Sir,

I have the honour to refer to the Agreement initialled on 30 November 1978 between the European Economic Community and the Hungarian People's Republic on Trade in Textile Products.

With regard to Article 17 of the said Agreement, the Community would specify that the derogations provided for in the first paragraph of that Article will be extended to quantities of products shipped before 31 Warch 1979. As regards the quantitative limits for 1979, exports allowed to benefit from the said derogations may not exceed 40% of the volumes established in Annex II.

Where the year 1978 is specified in the second paragraph of Article 17, the clause shall be extended to include 1979, due account being taken of the preceding paragraph.

The Hungarian authorities will apply the Agreement in such a way that Hungarian exports shall, in the period before 31 December 1978, be spaced out as evenly as possible.

Application of the Agreement to the quantitative limits means that Hungary's shipments for 1978 and 1979 are set off against the shares fixed for each Member State for each of these two years irrespective of the import authorizations issued under the autonomous arrangement.

Should this mean that the 1978 shares are used up, even after recourse to Article 4 of the Agreement, the corresponding amount shall be set off against the shares for 1979.

In the case of Category 7, quantities imported into the Community in the first nine months of 1978 in excess of the share established for that year, as shown in the annexed table, shall exceptionally not be set off against the 1979 share.

Should the application of the foregoing provisions give rise to difficulties, consultations may be initiated at the request of either Party with a view to finding mutually acceptable solutions.

I should be obliged if the Hungarian authorities would confirm their agreement with the foregoing.

I would also propose that this letter constitute an agreement between the European Economic Community and the Hungarian People's Republic.

EXCHANGE OF LETTERS

Sir,

I have the honour to refer to the Agreement initialled on 30 November 1978 between the European Economic Community and the Hungarian People's Republic on Trade in Textile Products.

In the course of the negotiations for the said Agreement the Community and the Hungarian People's Republic also agreed, taking into consideration the fact that both were Contracting Parties to the Protocol concerning Hungary's accession to GATT, on the following provisions concerning trade in certain products of flax or ramie:

During the life of the bilateral Agreement referred to above the Hungarian People's Republic shall, for each calendar year, comply with the quantitative limits on exports to the Community of products of flax or ramie, in accordance with the annexed Tables I and II (I - Description of products; II - Level of Hungarian exports).

These voluntary restraint measures and the administration thereof shall be subject, by analogy, to the same conditions as those applying to exports of products falling within Groups III, IV or V covered by the Agreement between the Community and the Hungarian People's Republic on Trade in Textile Products. The same applies to the references in the said Annexes I and II made to Articles of the Agreement.

The entry into force and duration of the arrangements provided for by the above clauses shall be the same as those of the Agreement.

I should be obliged if you would confirm that the foregoing is in accordance with the conclusions reached following the negotiations on this question between the European Economic Community and the Hungarian People's Republic.
