(Cooperation procedure: second reading)

on the common position established by the Council with a view to the adoption of a decision on the COMMON POSITION established by the Council with a view to the adoption of a decision on the programme of Community action on the subject of the vocational training of customs officials (MATTHAEUS programme) (COM(90) 0605 final)¹

Common position of the Council

Amendment

(Amendment No. 1)

Article 9, first paragraph

In carrying out its tasks, the Commission shall be assisted by a committee composed of the representatives of the Member States and chaired by the representative of the Commission.

EXPLANATORY STATEMENT

On Amendment No. 1

It is a constant concern of Community bodies that both staff and management should be involved in the drawing up of legislation which will affect them. The customs administrations - the employers, so to speak - are involved via the representatives of the Member States. The social dimension and the social symmetry of the Community require that the customs officials' representatives - professional associations recognized at Community level - should also be involved.
