

COMMISSION OF THE EUROPEAN COMMUNITIES

COM(75) 107 final

Brussels, 12 March 1975

RECOMMENDATION FOR A REGULATION (EEC) OF THE COUNCIL

on the conclusion of an Additional Protocol to the Association Agreement
between the European Economic Community and Greece
consequent on the accession of new
Member States to the European Economic Community

RECOMMENDATION FOR A DECISION OF THE COUNCIL

concerning the opening of negotiations with Greece on an
Interim Agreement consequent on the
accession of new Member States to the Community

(submitted to the Council by the Commission)

1. Taking into account the outcome of the last session of the negotiations between the Community and Greece on the Additional Protocol in connection with the enlargement of the Community, held in Brussels on 5 March 1975, the Commission is presenting to the Council:

- a recommendation for a Council Regulation concluding the Additional Protocol to the Association Agreement between the EEC and Greece in connection with the accession of new Member States to the EEC (Annex I)
- the text of the Additional Protocol (Annex II).

2. Consideration should also be given to the period of time to be allowed for the entry into force of the Additional Protocol extending the Association Agreement to the enlarged Community because of the ratification procedures to be completed in the Member States and in Greece. In these circumstances, the Commission considers that it would be appropriate to ensure advance implementation of the Association Agreement trade provisions between the new Member States and Greece. This could be done by means of an interim agreement concluded on the basis of Article 113 of the Treaty, and so the Commission recommends that the Council authorize it to open negotiations with Greece to this end.

The Commission accordingly presents to the Council a recommendation for a decision (Annex III) authorizing it to open negotiations with a view to concluding an interim agreement with Greece.

Article 3

The Agreement shall apply, in the manner laid down in the Treaty establishing the European Economic Community, to the European territories of the Kingdom of Belgium, the Kingdom of Denmark, the Federal Republic of Germany, the French Republic, Ireland, the Italian Republic, the Grand Duchy of Luxembourg, the Kingdom of the Netherlands and the United Kingdom of Great Britain and Northern Ireland, and to the other European territories whose external relations are administered by a Member State, and to the territory of the Republic of Greece."

Article 4

1. The following shall be substituted for Article 9 of the Agreement of Association:

"Article 9

The Council of Association shall determine the method of administrative cooperation for the implementation of Articles 7 and 8, taking into account the methods adopted by the Community in respect of intra-Community trade."

2. The provisions of the Agreement of 26 September 1962 on methods of administrative cooperation for the implementation of Articles 7 and 8 of the Agreement establishing an Association between the European Economic Community and Greece shall apply until the entry into force of the measures taken in pursuance of the new Article 9 of the Agreement of Association laid down in paragraph 1.

Article 5

1. Imports from the Community for the purposes of Article 18(2) and (5c), Article 23(1b), and Article 26 of the Agreement of Association shall include those effected by Greece, during the period in question, from the new Member States.

However, the application of this rule shall not lead to the removal of products from the consolidation lists notified by Greece under Article 23(3) of the Agreement.

2. The volume of Community imports from third countries in respect of which the Community may open tariff quotas under Protocol No.10(3b) annexed to the Agreement, shall include such imports effected by the new Member States from third countries.

Article 6

The effective date for the implementation of Article 37(2a) and (b) of the Agreement of Association by the new Member States as regards agricultural products not listed in Annex III to the Agreement shall be 1 January 1972.

The Association Council can take every measure to harmonise the different levels of customs duties arising from the regulation mentioned in the previous paragraph.

Article 7

1. For the products of Common Customs Tariff heading N° 22.05, the new Member States shall open annual import tariff quotas for the benefit of Greece equal to the quantities set out below and to the duties applied by those Member States on 1 January 1975 to imports from the Community as originally constituted:

Denmark	500 hl
Ireland	500 hl

2. The arrangements laid down in the preceding paragraph shall be applicable in 1975 and 1976.

They could be reviewed before the end of 1975, should such revision appear useful in the light of developments in the wine sector and of progress made in harmonizing agricultural policies in that sector.

TITLE II

TRANSITIONAL MEASURES

Article 8

1. During the period ending on 31 December 1977, the new Member States shall apply to Greece the reductions in customs duties and charges having equivalent effect provided for in the Agreement of Association, at the same rates and dates as they adopt for the elimination of customs duties and charges having equivalent effect in regard to the Community as originally constituted.

The rates of duty on the basis of which the new Member States apply such reductions to Greece shall be those actually in force on 1 January 1972.

2. Subject to the effect to be given by the Community to Article 39(5) of the Act concerning the conditions of Accession and the Adjustments to the Treaties, attached to the Treaty of Accession, in respect of the specific duties or the specific part of the mixed duties of the customs tariffs of Ireland and the United Kingdom, the provisions of paragraph 1 shall be applied by rounding to the fourth place of decimals.

3. Contrary to paragraph 1 Ireland may, for the products listed in Annex I, until 31 December 1975, apply to Greece the same customs duties as she applies to the Member States other than the United Kingdom.

Article 9

The new Member States shall align their customs duties of a fiscal nature, or the fiscal element of those duties, relating to products listed in Annex III of this Protocol on the duties stipulated under the Association Agreement, and shall apply to Greece the same treatment as they apply to the other Member States.

The provisions of Article 8 shall apply to the protective element of those duties.

Article 10

1. During the period referred to in Article 8(1), Greece shall reduce in regard to the new Member States the differences between the customs duties and charges having equivalent effect which Greece applies to third countries and those which Greece applies, in pursuance of the Agreement of Association, to the Community as originally constituted, at the same rates and dates as the new Member States adopt for the elimination of customs duties and charges having equivalent effect in regard to the Community as originally constituted.

2. In the case of modification of the timetable and rhythm for the elimination of customs and taxes of the equivalent effect applied by the new Member States in respect of the Community in its original composition, the Association Council takes the necessary measures to take account of this modification.

3. However, the Council of Association may adopt appropriate measures with a view to making the reductions to be applied by Greece in regard to the new Member States coincide with the timetable prescribed by the Agreement of Association.

Article 11

As regards goods obtained or produced in the original Member States of the Community or in Greece, in the manufacture of which there entered products from a new Member State that were not in free circulation either in the original Member States or in Greece, the Council of Association may make their admission to the arrangements provided for by the Agreement of Association subject to the charging of a levy in the exporting country so long as duties and charges having equivalent effect governing trade between the new Member States and Greece remain different from those applied in trade between the original Member States and Greece.

The provisions of Article 8 of the Agreement of Association shall be applied mutatis mutandis.

Article 12

Before the end of the first year after the entry into force of this Protocol, the Community and Greece may, as regards trade between the new Member States and Greece, exercise the option provided for in Article 10(4) of the Agreement of Association, with regard to any disparities in customs duties resulting from the application by the new Member States of the transitional provisions of the Treaty of Accession in respect of customs duties.

Article 13

1. Until 31 December 1977, if in a new Member State difficulties arise which are serious and liable to persist in any sector of the economy or which could bring about serious deterioration in the economic situation of a region, the Community may adopt safeguard measures in order to rectify the situation.
2. In the same circumstances Greece may adopt safeguard measures in respect of one or more new Member States.
3. The measures taken under paragraphs 1 and 2 may involve derogations from the rules of the Agreement establishing an Association between the EEC and Greece, to such an extent and for such periods as are strictly necessary in order to attain the objectives referred to in those paragraphs.

4. Priority shall be given to such measures as will least disturb the functioning of the Association.

5. The measures taken and the manner in which they are to be put into effect, shall be notified forthwith to the Council of Association. Consultations may be held within the Council of Association on the measures adopted.

Article 14

The Community shall, before the end of the first year after the entry into force of this Protocol, communicate to Greece the provisions relating to the special arrangements which are the subject of Protocol No 5 annexed to the Agreement of Association and which are referred to in Article 113 of the Act concerning the Conditions of Accession and the Adjustments to the Treaties, annexed to the Treaty of Accession.

Article 15

The quantitative restrictions in force in Ireland, for the products listed in Annex III shall be abolished as regards Greece not later than on the dates provided for in Protocols Nos. 6 and 7 of the Act annexed to the Treaty of Accession in accordance with procedures to be determined by the Council of Association, account being taken of the above mentioned Protocols.

TITLE III
