

COMMISSION OF THE EUROPEAN COMMUNITIES

COM(79) 712 final.

Brussels, 3 December 1979

Proposal for a
COUNCIL REGULATION (EEC)
on common rules for imports of certain textile products originating
in China

(submitted to the Council by the Commission)

COM(79) 712 final.

1

EXPLANATORY MEMORANDUM

1. The trade agreement for textile products between the European Economic Community and the People's Republic of China, initialled on 18 July 1979 in Peking, was given transitional effect for the year 1979 by an increase in the textile quotas applying under the current autonomous import arrangements for the People's Republic of China (1).

2. The provisions of the agreement are due to be applied in full from 1 January 1980 until 31 December 1983.
A number of features distinguish this agreement qualitatively from the other textile agreements based on the M.F.A. which were given effect at the Community level by Regulation 3059/78, in particular :
 - a reinforced safeguard mechanism (basket exit)
 - the institution of a double checking system for all products covered by the agreement and not only those subject to limitation
 - a certain preference granted to Community processing industries in the utilisation of quantitative limits
 - the establishment of a ceiling for the export of handloom and folklore products
 - an undertaking by the Chinese authorities not to aggravate, and if possible to reduce, the imbalance in trade in textiles
 - an undertaking by the Chinese authorities with a view to guaranteeing certain supplies of raw materials such as raw silk, silk waste, kashmir, and angora
 - the expiry of the agreement on 31.12.1983 whereas the other agreements expire in 1982.

3. The attached draft proposal for a Council regulation, based on Article 113, takes account of these features whilst at the same time making reference to the provisions of Regulation 3059/78, which applies to the MFA agreements, for the purposes of those provisions in the China agreement which are identical to those in the MFA agreements.

4. The Commission accordingly proposes to the Council :
 - to adopt the regulation, the draft of which is annexed
 - to decide upon the publication of this regulation in the Community's Official Journal before 1 January 1980.

2

Proposal for
COUNCIL REGULATION (EEC)
on common rules for imports of certain textile
products originating in China.

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas Regulation (EEC) No 3059/78 (1) as last amended by Regulation No 2143/79 (2), establishes common rules for imports of certain textile products originating in third countries ;

Whereas the Community has negotiated an Agreement with the People's Republic of China on trade in textile products;

Whereas the Community and the People's Republic of China have decided that the provisions of this Agreement will be fully implemented as from 1 January 1980 until 31 December 1983 ;

Whereas this Agreement should be implemented by applying the provisions of the common rules, adapting them to meet the particular requirements of the Agreement,

HAS ADOPTED THIS REGULATION

Article 1

Subject to the provisions of this Regulation, the provisions of Regulation (EEC) 3059/78 shall apply to imports of textile products originating in China covered by categories 1 to 114 inclusive set out in Annex 1 of the said Regulation.

(1) OJ No L 365 of 27 December 1978, p. 1

(2) OJ No L 248 of 2 October 1979, P. 1

Article 2

The Annexes to Regulation (CEE) No 3059/78 are amended as indicated in the Annexes to this Regulation.

Article 3

Imports into the Community of textile products set out in Annex IV of Regulation 3059/78, originating in China and dispatched between 1 January 1980 and 31 December 1983 shall be subject to the annual quantitative limits laid down in that Annex.

Article 4

1. From 1 January 1980 until 31 December 1983 exports of all Chinese textile products, including handloom and folklore products, covered by the categories referred to in Article 1 shall be subject to a double-checking system.

2. In the case of products subject to quantitative limits established in the Agreement or fixed subsequently by virtue of Article 5 of the Present Regulation, the provisions of Annex V to Regulation (EEC) No 3059/78 shall apply.

3. Imports of products not subject to quantitative limits shall be conditional upon the presentation of an import document issued in the manner set out in Annex V to Regulation (EEC) No 3059/78 for the issue of import licences.

The import document shall be granted on presentation of a shipment certificate issued by the competent Chinese authorities and corresponding to the specimen set out in Annex II to this Regulation.

4. An importer's declaration submitted for the purpose of obtaining an import authorisation or import document shall be accompanied by the corresponding export licence or shipment certificate and, where a Member State so requests, by a copy of the contract of purchase.

4
Article 5

1. The Commission may request the opening of consultations with China in accordance with Articles 11 and 13 of Regulation (EEC) 3059/78.

For products mentioned in paragraph 2, such consultations shall be initiated within 8 days of a request by a Member State.

2. Where a Member State finds that in respect of products subject to quota under the autonomous import arrangements in effect at the time of initialling of the Agreement with the People's Republic of China the total volume covered by shipment certificates issued by the Chinese authorities in an Agreement year is about to reach or exceed the level resulting from the application of the rate applicable for China set out in Annex XI of Regulation (EEC) 3059/78, it may suspend the issue of import documents provided that the suspension is brought to the attention of the Commission within five working days of the date of a request by an importer. The importer must in turn be informed without delay.

3. The level resulting from the application of the rate provided for in paragraph 2 which shall be taken into consideration shall be the highest level reached in respect of that category of products in either of the last two years preceding the year of application of the measure establishing a quantitative limit.

4. Pending the result of the consultations, a quantitative limit may be established in accordance with the procedures provided for in Article 11 of Regulation (CEE) No 3059/78 for imports into the Community, or, at the request of Member States, into one or more regions, at a level not lower than that notified in the request for consultations, nor that resulting from the application of the rate referred to in paragraph 3, nor the level of imports in 1978 of products of the same category originating in China.

Article 6

In order that the Community's textile industry may benefit from the utilisation of the quantitative limits established in Annex IV to Regulation (CEE) 3059/78, and in order to contribute to the improvement of supplies to these industries of raw silk, silk waste, angora and cashmere, the Commission shall, at the request of one or more Member States, submit to the Chinese authorities before 1 December of each Agreement year a list of interested manufacturing and processing companies and,

where appropriate, the quantities of products requested by the companies concerned.

Article 7

1. The flexibility provisions of Article 8, (1) (a), (b) and (c) of Regulation (EEC) No 3059/78 shall be applied at a rate of up to 5 %. The cumulative application of these provisions in the course of any given year may not cause the quantitative limit for the category of products in question to be exceeded by more than 15 %.
2. However, for each of the categories of products subject to quantitative limitations, carry-over of quantities unused in 1979 shall be authorised up to 10 % of the quantitative limits for 1980.
3. For categories to which the arrangement described in paragraph 2 is applied, no advance use shall be authorised during 1980.

Article 8

The quantitative limits referred to in Article 4(2) shall be apportioned in accordance with the provisions of Article 7 of Regulation (EEC) No 3059/78.

Article 9

1. In derogation of Article 4 of Regulation (EEC) No 3059/78, imports of cottage industry and folklore products as defined in Annex VII to Regulation (EEC) No 3059/78 originating in China may exceed by 10 % any quantitative limit, except for categories 2 and 3, established in Annex IV to Regulation (EEC) No 3059/78 or any level resulting from the application of the rates specified in Annex XI of Regulation (EEC) No 3059/78 for China.
2. The provisions of this Article shall apply only to products accompanied by a certificate drawn up by the Chinese authorities in conformity with the specimen set out in Annex III.

Article 10

For textile products covered by categories 1 to 123 in Annex I to Regulation (EEC) No 3059/78 and for textile products covered by Categories 124 to 155 in Annex I to this Regulation, Member States shall notify the Commission of the import statistics to products originating in China in accordance with the provisions of Article 12 of Regulation (EEC) No 3059/78.

These statistics shall be expressed in quantity and value in order to permit an assessment of the evolution of the trade balance in textile products with China.

Article 11

During 1980 priority shall be given in the issue of import authorisations covering products referred to in Article 3 to imports covered by an unused import permit issued during 1979 pursuant to the autonomous import regime.

Article 12

This Regulation shall enter into force on the third day following its publication in the Official Journal of the European Communities. It shall apply from 1 January 1980 to 31 December 1983.

The provisions of Regulation (EEC) No 3059/78 shall remain in force until 31 December 1983 for purposes of the Agreement between the Community and China on trade in textile products.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at

For the Council,

The President

ANNEX I) Addition to Annex I of Regulation 3059/78

For the exclusive purpose of the implementation of the EC-China Textiles Agreement, this Annex is supplemented as follows :

78	China	The quantitative limits prescribed in the Annex include other women's outerwear of Category 81.								

For the FRG 26 % of all the quantitative limits prescribed in the annex are reserved for use at the Berlin Fair.

e) Addition to Annex VII of Regulation 3059/78

For the purpose of the Agreement with China, cottage industry and folklore products are defined as follows :

- a) garments traditionally made by hand in the cottage industry of China from fabrics and sewn solely by hand without the aid of any machine;
- b) other textile articles traditionally made by hand in the cottage industry of China from fabrics woven on hand- or foot-operated looms, being fabrics of a kind traditionally made in the cottage industry of China, and sewn solely by hand without the aid of any machine ;
- c) traditional folklore handicraft textile products of China as defined in a List to be agreed between the two Parties.

f) Addition to Annex X of Regulation 3059/78

Article 4 :

China

1. At the request of a Member State which considers that a given textile product covered by Categories 1 - 114 set out in Annex I is being imported from China at prices lower than those generally charged for like products sold under normal commercial conditions by other exporting countries on the market of the Member State concerned, the Commission may request that consultations should be initiated with China.
2. The Member State requesting the application of this provision shall communicate the facts justifying the measure to the Commission.
3. In critical circumstances; the competent authorities of member states may suspend the issue of import authorisations or import documents until such time as a mutually acceptable solution is found in the framework of the consultations mentioned in Paragraph 1.

g) Addition to Annex XI of Regulation 3059/78
