

COMMISSION OF THE EUROPEAN COMMUNITIES

COM(80) 828 final

Brussels, 8 December 1980

Proposal for a
COUNCIL REGULATION (EEC)
on the implementation of Article 43 of the Act of Accession of Greece
concerning the system of trade applicable to goods covered by Regulations
(EEC) No 3033/80 and (EEC) No 3035/80

(submitted to the Council by the Commission)

COM(80) 828 final

EXPLANATORY MEMORANDUM

Article 43 of the Act concerning Greek Accession to the Community lays down the conditions for the Greek Accession in as far as the trade system for processed agricultural products outside Annex II to the Treaty are concerned. It determines that the provisions for its implementation are laid down in a Council Regulation.

This proposal for such a Council Regulation includes the provisions concerning the application of accession compensatory amounts for the above mentioned products. It also determines for the same products the customs duties to be applied on importation into Greece upon accession.

Proposal for a
COUNCIL REGULATION (EEC)

on the implementation of Article 43 of the Act of Accession of Greece concerning the system of trade applicable to goods covered by Regulations (EEC) No 3033/80 and (EEC) No 3035/80

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to the Act of Accession of Greece, and in particular Article 43 thereof;

Having regard to the proposal from the Commission;

Whereas Article 43 of the Act of Accession establishes rules governing processed agricultural products not covered by Annex II to the Treaty establishing the European Economic Community and covered by Council Regulations

- (EEC) No 3033/80 of 11 November 1980 determining the system of trade applicable to certain goods processed from agricultural products¹, and
- (EEC) No 3035/80 of 11 November 1980 laying down general rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty and the criteria for fixing the amount of such refunds²,

¹OJ No L 323, 29.11.1980, p. 1.

²OJ No L 323, 29.11.1980, p. 27

Whereas Regulation (EEC) No 3033/80 concerns in particular the determination of the charge applicable when the goods in question are imported, which charge is composed of an ad valorem duty constituting the fixed component and of a variable component; whereas it is necessary to determine the rate of the customs duty constituting the fixed component applicable by Greece on imports from non-member countries; whereas this fixed component must be determined, pursuant to Article 43 (3) of the Act, by excluding from the total protection applied by Greece on the date of accession the agricultural protection to be introduced upon accession;

Whereas, under Article 15 of the Association Agreement between the European Economic Community and Greece³, a residual customs duty is imposed on imports into Greece from the Community of Nine of certain goods covered by Regulation (EEC) No 3033/80; whereas such customs duties must continue to apply upon accession and be abolished in accordance with the timetable laid down for industrial products in Article 25 of the Act;

Whereas the variable component applicable when goods covered by Regulation (EEC) No 3033/80 are imported into Greece from non-member countries is, pursuant to the second indent of Article 43(1) of the Act, reduced or increased as the case may be by an accession compensatory amount; whereas, on importation into the Community of Nine from Greece the same accession compensatory amount is applied to the same goods; whereas the compensatory amount applied to certain goods imported into the Community of Nine from Greece and granted a reduction in the variable component prior to accession should be subject to a ceiling;

Whereas, pursuant to Article 6 of Regulation (EEC) No 3033/80, the Commission fixes for three-monthly periods and for all goods the amount of the variable component applicable on imports into the Community from non-member countries; whereas the same procedure applies with the same periodicity to the fixing of the compensatory amounts applicable on imports;

Whereas on exportation from the Community of Nine to Greece of goods covered by Regulation (EEC) No 3035/80, with the exception of albumins, an accession compensatory amount, determined in accordance with the third indent of Article 43(1) of the Act is granted or levied as the case may be; whereas, on exportation of all goods covered by Regulation (EEC) 3035/80 from Greece to non-member countries, the same accession compensatory amount is applied;

³ OJ No 26/63, 18.2.1963, p. 293

Whereas, under Article 43(4) of the Act, Greece shall in trade with non-member countries for all products covered by the present Regulation apply in full the Common Customs Tariff nomenclature by 1 January 1981; whereas this is not required as regards the application of the residual customs duties on imports from the Community of Nine; whereas this obligation involves the application of only one fixed component for each of the specifications of the Common Customs Tariff on imports into this Member State from non-member countries;

Whereas the charge to be applied upon accession by the Community of Nine to imports of goods covered by Regulation (EEC) No 3033/80 from Greece consists only of an accession compensatory amount; whereas, therefore, the provisions of Article 61(5) of the Act are complied with when this accession compensatory amount does not exceed the variable component applied for the same goods on importation into the Community of Nine from non-member countries;

Whereas the total net charge on trade into Greece from the Community of Nine is the sum of the residual Greek protection and the accession compensatory amount applied on exports from the Community of Nine according to the fourth indent of Article 43(1) of the Act; whereas, therefore, the provisions of Article 26 of the Act are complied with if the residual Greek protection on imports from the Community of Nine, adjusted by the accession compensatory amount applied on exports from the Community of Nine to Greece does not exceed the charge which this Member State can impose on the same goods imported from non-member countries;

Whereas it is necessary to determine, with a view to the application of the provisions of Article 8 of Regulation (EEC) No 3033/80, the provisions for the application by Greece of the maximum duties provided for in the Common Customs Tariff;

Whereas detailed rules for the application of the measures provided for in this Regulation should be adopted in accordance with the procedure laid down in Article 26 of Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organisation of the market in cereals⁴, as last amended by Regulation (EEC) No 154/79⁵, and in the corresponding Article in other Regulations on the common organisation of markets;

⁴ OJ No L 281, 1.11.1975, p. 1

⁵ OJ No L 188, 26.7.1979, p. 1

HAS ADOPTED THIS REGULATION:

Article 1

1. For the purposes of this Regulation,
 - Community of Nine means the Community as constituted prior to the accession of Greece;
 - accession compensatory amount means the compensatory amounts applicable in trade between the Community of Nine and Greece and between that Member State and non-member countries.
2. The accession compensatory amounts for the products covered by this Regulation shall be determined and applied where accession compensatory amounts are applied on one or more of the basic products considered as having been used in the manufacture of the products covered by Regulations (EEC) No 3033/80.

Article 2

For each of the headings and subheadings in the Common Customs Tariff concerning goods covered by Regulation (EEC) No 3033/80, the rate of the customs duty constituting the fixed component of the charge applicable upon accession on importation of these goods into Greece from non-member countries, shall be that given in column 1 of Annex I.

The rate indicated in column 1 of Annex I shall be aligned upon the Common Customs Tariff in accordance with the conditions laid down in Article 31 of the Act.

Article 3

For the goods covered by Regulation (EEC) No 3033/80 which are subject to a residual duty on importation into Greece from the Community of Nine, the rate of this protection applicable upon accession shall be that given in Annex II hereto.

The rates indicated in Annex II shall be progressively abolished in accordance with the timetable laid down in Article 25 of the Act.

The amount of this residual duty reduced by the accession compensatory amount granted, or increased by the accession compensatory amount levied in accordance with the third indent of Article 43(1) of the Act shall not exceed the total amount of the charge applicable by Greece on the same goods if they had been imported from non-member countries.

Article 4

1. The Commission shall for the period 1 January to 31 January 1981 and thereafter for each three-monthly period beginning on 1 February, 1 May 1 August and 1 November for each of the headings and subheadings in the Common Customs Tariff concerning goods covered by Regulation (EEC) No 3034/80 determine :
 - (a) the accession compensatory amount applicable to imports into the Community of Nine from Greece;
 - (b) the amount of the variable component adjusted by the accession compensatory amount mentioned under (a) as referred to in the second indent of Article 43(1) of the Act applicable on imports from non-member countries into Greece.
2. Each of the accession compensatory amounts referred to in paragraph 1 (a) shall be equal to the sum of the accession compensatory amounts applicable to the quantities of the different basic products which, pursuant to the provisions of Regulation (EEC) No 3034/80, are considered to having been used in the manufacture of the goods to which this accession compensatory amount applies.

The accession compensatory amounts shall not exceed the variable component applied for the same goods on importation into the Community of Nine from non-member countries.

However, for the following goods:

ex 17.04 D, Turkish delight, halva

19.03 Macaroni, spaghetti and similar products

ex 21.07 Food preparations not elsewhere specified or included,
containing sugar, milk products, cereal or cereal based
products

the accession compensatory amount may not exceed 60% of the variable
component applicable to imports from non-member countries.

The accession compensatory amount thus calculated shall be fixed at zero
when the amount thereof is less than 1.5 ECU per 100 kg of goods.

The accession compensatory amount applicable is that in force on the day
of importation.

Article 5

1. For each of the headings and subheadings in the Common Customs Tariff
concerning goods covered by Regulation (EEC) No 3035/80 there shall
 - with the exception of subheading No 35.02 A II a, ovalbumin and lactal-
bumin, on exports from the Community of Nine to Greece
be applied an accession compensatory amount;
 - on exports from Greece to non-member countries be applied an
accession compensatory amount.
2. Each of the accession compensatory amounts referred to in paragraph 1 shall
be determined on the basis of the accession compensatory amounts fixed
for the basic agricultural products and in accordance with the rules
applicable for the calculation of the export refunds.
3. The accession compensatory amount applicable is that in force on the
day of exportation.

Article 6

1. For products in respect of which the Common Customs Tariff provides for a maximum charge, Greece shall apply to non-member countries a maximum charge composed of:
 - (a) insofar as the fixed part of the maximum charge is concerned the rate indicated in column 2 of Annex I aligned to the level of the common maximum in accordance with the conditions laid down in Article 31 of the Act;
 - (b) insofar as the variable part of the maximum charge is concerned, where applicable, the additional duty provided for in Article 8(2) of Regulation (EEC) No 3033/80 adjusted by the accession compensatory amount corresponding to the quantity of sugar or flour to which the additional duty applies.

2. For the purpose of applying the provisions of Article 8 (1) of Regulation (EEC) No 3033/80 to goods imported from non-member countries into Greece the Commission shall for the period 1 January to 31 January 1981 and thereafter for each three-monthly period beginning on 1 February, 1 May 1 August and 1 November, determine the following :
 - (a) the amounts of the additional duties to be applied by Greece;

 - (b) the price difference referred to in Article 8(2)(a) of Regulation (EEC) No 3033/80.

Article 7

Detailed rules for the application of this Regulation shall be adopted in accordance with the procedure laid down in Article 26 of Regulation (EEC) No 2727/75 and in the corresponding Article in other Regulations on the common organisation of markets.

Article 8

This Regulation shall enter into force on 1 January 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Council

The President

ANNEX I

Rate of fixed components referred to in Article 2
and,

Fixed part of the maximum charge referred to in Article 6
