

COMMISSION OF THE EUROPEAN COMMUNITIES

COM(81) 265 final

Brussels, 22nd May 1981

AMENDMENT TO THE PROPOSAL FOR A COUNCIL REGULATION (EEC)

concerning the import system applicable to certain non-member countries in the sheepmeat and goatmeat sector in 1981

(presented by the Commission to the Council pursuant to the second paragraph of article 149 of the EEC treaty)

COM(81) 265 final

EXPLANATORY MEMORANDUM

1. In its proposal for a Regulation (1) placed before the Council on 5 March 1981, the Commission proposes for 1981 to limit the levy applicable to 10% ad valorem and to restrict issue of import licences in respect of certain quantities of sheepmeat and goatmeat products from some non-member countries which have not yet opened negotiations with the Community for the purposes of concluding a voluntary restraint agreement.

For the products in question from Chile, it is there proposed to apply these provisions to a quantity of 500 t.

This quantity was fixed on the basis of Community imports shown by data available to the Commission at the time it made its proposal.

2. Since then, it has been found that imports from Chile were much higher during the reference period to be used for that country and justify increase of the quantity of 500 t, as originally proposed, to 1 000 t.
3. The Commission therefore proposes that the quantity of frozen meat to which the provisions of the proposed Council Regulation contained in document COM(81) 52 final of 3 March 1981 should apply in respect of import from Chile be 1 000 t.
