EUROPEAN COMMUNITY DISPUTES IMPORT TRIBUNAL'S FINDING ON BEEF

The European Community does not accept the finding, issued today, of the Canadian Import Tribunal wherein the export of beef from the EC has been determined "likely to cause material injury to the production in Canada of like goods".

In consequence, the EC Commission has decided to make use of procedures provided under the GATT Subsidies Code and will formally request a conciliation of this dispute with Canada at the meeting, August 1, of the GATT Committee on Subsidies and Countervailing Measures.
