### AMENDMENT

to Rule 54 of the Rules of Procedure of the European Parliament

tabled by Mr PATTERSON

pursuant to Rule 112 of the Rules of Procedure

### Rule 54

#### Add new paragraph 1(a)

Each proposed change to a text which could lend itself to a separate vote under Rule 23(1) shall be deemed a separate amendment. Separate changes to a text shall, however, be considered to be a single amendment if the adoption of one is logically consequent upon the adoption of another. The President shall rule on whether proposed changes should be considered separate amendments or a single amendment.
