OR: De.

The European Parliament,

- A. having welcomed the Council's decision stating that every citizen of the Community would have a European passport by 1 January 1985 at the latest - a statement which represents a binding commitment to the population,
- B. profoundly disturbed to learn that difficulties are being created by the officialdom of one of the Member States with regard to the size of the passport, which can only be described as petty and absurd,
- C. convinced that this attitude will seriously damage Europe's reputation and represents an affront to our peoples,
 - 1. calls on the Government concerned to take the officials responsible to task since the delay may mean that the promised deadline cannot be met;
 - 2. calls on the Council and the Commission to take immediate action on this matter if the Government responsible does not act at once;
 - 3. instructs its President to forward this resolution with all haste to the Commission and the governments of the Member States.
