WORK OF THE I.M.F.

In preparation for the next meeting of the I.M.F. Interim Committee in Paris from 9 to 13 June 1975, the Council examined the problems to be discussed especially the problem of the increase in the I.M.F. quotas and certain amendments to the I.M.F. statutes.

The Council worked out a number of guidelines for the Member States at the meeting in Paris.

COMMUNITY EXCHANGE SYSTEM

The Council heard a statement from the French Minister on the return of the French franc to the Community exchange system, known as the "snake".

It noted this statement with satisfaction and stressed that it was an encouraging contribution to the extension of the area of monetary stability in Europe.

The Council instructed the Committee of the Governors of the Central Banks, concurrently with the experts from the Governments of the Member States which belong to the snake, to examine the technical arrangements for reintegrating the French franc and report to it at its meeting on 16 June next.

CONSEIL FINANCES

Compte tenu des instructions particulièrement strictes de la Commission en ce qui concerne la discrétion dans la préparation de ce Conseil, la présentation de l'ordre du jour que devait faire M. Mosca en salle de presse à 12 h 00 a été annulée et le Porte-Parole n'a pas fait de BIO "Préparation Conseil".

Après une réunion des Ministres du serpent qui s'est tenue au Ministère des Affaires des Finances belge, puis un déjeuner en restreinte, le Conseil a siégé de 15 h 30 à 17 h 30 et examiné les points suivants :

1. Préparation de la réunion du Comité intérimaire du F.M.I. (9-13 juin à Paris); le Conseil s'est borné, du moins au cours de cette séance, à prendre acte du rapport du Comité monétaire sur des principaux sujets à l'ordre du jour :
Nouvelle répartition des quotas entre pays industrialisés, régime de l'or, régime des changes (retour au principe des parités fixes ou maintien du régime actuel de fluctuations à la fois en ce qui concerne la période interimaire actuelle et la période définitive).
2. M. Fourcade a exposé les modalités qu'il propose pour le retour du Franc dans le serpent et qui pour l'immédiat se résument aux trois points suivants :
 - aménagement des règles d'intervention :
interventions concertées de toutes les Banques centrales concernées se substituant à la seule intervention de la Banque centrale dont la monnaie est la plus faible;
 - interventions coordonnées vis-à-vis du Dollar par le biais de concertations fréquentes entre Banques centrales et la détermination d'une zone communautaire d'interventions vis-à-vis du Dollar; (dans toute la mesure du possible en concertation avec les Etats Unis);
 - aménagement des conditions de règlements des interventions des Banques centrales : compte tenu de la solidarité découlant des interventions visées au premier tiret ci-dessus, allongement des délais et modification des conditions actuelles de règlement (prorata de la structure des réserves).

Il a été convenu que les propositions de M. Fourcade seraient examinées au niveau des experts.

3. Crédits à l'exportation

Le problème de la participation de la Communauté aux arrangements de l'OCDE concernant

- les stations terrestres pour satellites de télécommunications ainsi que
- les dépenses locales liées à des crédits à l'exportation

a fait l'objet d'un débat qui a confirmé les positions prises au niveau du COREPER : un accord n'a pu être dégagé ni sur la participation de la seule Communauté ni sur la participation conjointe des Etats membres et de la Communauté du fait de l'opposition d'une délégation fondée non pas sur des questions de principe mais sur la volonté de voir clarifier d'abord un certain nombre de points concrets, tels que taux et durée des crédits faisant l'objet des Arrangements en question.

Le prochain Conseil Finances est prévu pour le 16 juin, 14 h 30 à Luxembourg.

Amitiés,

B. OLIVI
