MOTION FOR A RESOLUTION

tabled by Mr E. KELLETT-BOWMAN

on behalf of the European Democratic Group

pursuant to Rule 25 of the Rules of Procedure
on the effect of unemployment of
protectionism in world trade

The European Parliament,

- determined to combat unemployment in the Community,
 - mindful of the effect on the Community's exports of protectionist restrictions imposed by many of the Community's partners,
1. calls upon the Commission to submit to the Parliament a report on the main barriers, official and unofficial, being imposed against the Community's exports;
 2. calls upon the Commission to bring forward proposals for the progressive removal of such barriers and to set out the dynamic effect this would have on the Community's trade;
 3. draws attention to the damage which further restrictions on trade, particularly in relation to the supply of fuel and raw materials, would do to the Community's and Member States' efforts to promote economic recovery and fight unemployment.
