with request for topical and urgent debate
pursuant to Rule 48 of the Rules of Procedure

on an immediate Council decision on a Community
aid programme for Central America

The European Parliament,

- A- having regard to the Commission's 'guidelines' of 20 November 1981 on stronger Community measures vis-à-vis Central and Latin America,
- B- having regard to the European Council's decision of March 1982 calling for coordinated and increased Community aid for Central America,
- C- having regard to the Commission's implementing decision of May 1982 on the execution of a special Community aid programme for Central America by the end of the year,
 - 1. Requests that the Council take an immediate positive decision on the resources proposed by the Commission so that the funds for the special programme can be made available this year, either under an amending budget or by transfers of resources;
 - 2. Points out that the desperate economic situation in the Central American countries calls for immediate economic aid;
 - 3. Views with concern the dangers that would arise if Latin America were disappointed by any further delays or the total suspension of this programme, given that the Central American countries were informed of the planned programme as early as May this year;
 - 4. Instructs its President to forward this resolution to the Commission and the Council of the European Communities.
