£18.4M FOR UK STEEL CLOSURE AREAS UNDER NON-QUOTA SECTION

Corrections: We apologise that a number of errors appeared in the above mentioned press release (ISEC/10/82).

1. The sum of £29.4m mentioned in paragraph 1 and in the table on page 2 is the total cost of the programme rather than the UK contribution.

Accordingly £11m should be substituted for £29.4m in paragraph 1. In the table on page 2 the word national should be replaced by total in all cases.

2. In paragraph 2 for 58 600 jobs read 53 600 jobs and for regulation 2626 read regulation 2616.
