South Korean airliner

PE 86.541

The European Parliament,

- B - noting also the many 'air misses' which are caused time and again by uncoordinated military and civilian air traffic control,
- C - anxious to avoid such dangers for passenger and crew in future,

 2. Calls for a review of whether the guidelines of the relevant international organizations, such as the ICAO, are still up-to-date;
 3. Wishes to see better coordination of the safety measures in civilian and military air traffic;
 4. Calls for the drawing-up by the United Nations of a convention on the protection of civilian air traffic;
 5. Requests the Commission, the Council and the Foreign Ministers meeting in political cooperation to take action in this direction and to formulate introductory proposals;
 6. Instructs its President to forward this resolution to the Council, the Commission and the Foreign Ministers meeting in political cooperation.
