The European Parliament,

- A - Concerned at the lack of progress in establishing a trade regime under the EEC-Cyprus Association Agreement acceptable to the Cypriot Government and the failure to move to the second stage of that Agreement,
  - B - Concerned at the continuing deadlock in the intercommunal talks in Cyprus,
  - C - Convinced that the European Community can and must show generosity in its application of the Association Agreement and can contribute politically to the search for a just resolution of the Cyprus problem,
  - D - Having regard to the report being drawn up by its Committee on External Economic Relations on the trade arrangements between the European Community and Cyprus and without prejudice to the outcome of that committee's deliberations,
  - E - Aware of its responsibilities to establish the relationship with the House of Representatives of the Republic of Cyprus foreseen in the Annex to the Association Agreement,
  - F - Aware of the desire of the House of Representatives of the Republic of Cyprus to establish such a relationship with the European Parliament,
1. Calls upon its delegation for relations with Cyprus to visit the Republic of Cyprus, subject to an invitation from the House of Representatives of the Republic of Cyprus as soon as possible in order to examine the economic and political situation there and to ascertain what actions the Community could take to satisfy legitimate Cypriot aspirations under the Association Agreement and whether, and in what areas, it could usefully contribute to the search for a just resolution of the Cyprus problem;
  2. Instructs its President to forward this resolution to the Commission and to the Council of the European Communities and to the House of Representatives of the Republic of Cyprus.
