MOTION FOR A RESOLUTION

tabled by Mr ALBERS

on behalf of the Socialist Group

with request for urgent debate
pursuant to Rule 14 of the
Rules of Procedure

on problems connected with the/system of
North-South rotation in cargo shipping

The European Parliament.

- having noted the difficulties encountered in efforts to transform the voluntary system of North-South rotation in the Netherlands into legislation,
- having regard to the view expressed by the Netherlands State Secretary for Transport and Public Works, that such legislation would be in conflict with European Community provisions,
- having regard to the fact that such legislation is already in force in Belgium and France,

requests the Commission to cooperate in the setting up of a consultation body and to offer its good offices with a view to removing the difficulties that have arisen.
