pursuant to Rule 47 of the Rules of Procedure

on the implementation of the resolutions on institutional matters adopted by the Political Affairs Committee and the European Parliament

The European Parliament,

- whereas the European Parliament, directly-elected by universal suffrage, has adopted - on the initiative of the Political Affairs Committee and its Sub-committee on Institutional problems - a large number of resolutions concerning interinstitutional relations, mostly relating to the implementation of the Treaties,
 - concerned at the lack of action on these resolutions, as a result of which Parliament's initiative and hence the legitimate aspirations of the citizens of Europe for progress in the construction of Europe have been thwarted,
 - having regard to the answers of the Commission and Council to questions tabled on this subject in the Assembly on 21 April 1982, answers which, particularly in the case of the Council, do not hold out sufficient prospects,
1. Calls on the President of the European Parliament, the President of the Council of Ministers and the European Council, and the President of the Commission - to whom the resolutions in question were forwarded - to take prompt and responsible measures to implement the detailed political guidelines of the European Parliament; suggests that a conference of the appropriate representatives of the above institutions should be held on the initiative of the President of the European Parliament to ensure a practical and constructive response to the resolutions of the European Parliament.
