The European Parliament,

1. Urges the Council to delay no longer in the development of a uniform transport policy concept, 20 years now having passed since the establishment of the European Community;
2. Expects the Council to convene an extraordinary meeting in the near future at which it will take decisions that will finally put an end to the lack of progress in the development of a common European transport policy;
3. Invites the Council to take this opportunity to adopt decisions on effective programmes to conserve energy in the transport field and combat the increasing pollution of the environment by traffic and road traffic in particular;
4. Instructs its President to forward this resolution to the Commission and the Council.
