Or.De.

The European Parliament,

- A. having regard to the failure every year of the Council of Ministers to adopt the farm price proposals within the period prescribed;
 - B. concerned about the reaction of farmers if the delay in implementation becomes the rule without any fair compensation,
 - C. whereas the main cause of the disagreement cannot be laid at the door of the CAP,
 - D. whereas the European Parliament delivered its opinion on the farm price proposals as long ago as 10 March 1983,
 - E. having regard in particular to Paragraph 5 of its resolution on farm prices which calls for adoption of the price proposals within the period prescribed;
1. Regrets that the Council has not been able to implement farm prices within the period prescribed;
 2. Observes once again in the farm price negotiations for 1983/84 that unresolved economic and monetary disputes are being argued out at the expense of farmers;
 3. Instructs its President to forward this resolution to the Council and the Commission.
