

EUROPEAN PARLIAMENT

Working Documents

1983-1984

10 May 1983

DOCUMENT 1-280/83

MOTION FOR A RESOLUTION

tabled by Mrs SPAAK, Miss HOOPER, Mrs SQUARCIALUPI,
Mr PESMAZOGLU and Mr de la MALENE

pursuant to Rule 47 of the Rules of Procedure

on measures to facilitate the location of advanced
technology industries in large urban centres

PE 84.609

The European Parliament,

- A. reaffirming the resolution adopted by the European Parliament in February 1983 following the report by Mr Griffith (PE 76.795/final),
- B. recognizing the extent of the problems faced by large urban centres throughout the Community, particularly
- migration from the city centres,
 - the disappearance of certain traditional sectors of economic activity,
 - the difficulties of readjusting the urban fabric,
 - the high rate of unemployment,
- C. noting that research centres and universities are usually situated in these areas,
- D. noting that the requirements of an environment policy for the large urban centres are compatible with this kind of activity,
- E. whereas for these reasons large urban centres are particularly suitable sites for the development of advanced technology,
1. Considers that Community measures are essential to prevent the decline of most urban centres;
 2. Calls the Commission to draw up measures to help achieve this purpose;
 3. Hopes that a Community policy to promote advanced technology will take the advantages and potential of the large urban centres into account;
 4. Instructs its President to forward this resolution to the Council and the Commission of the European Communities.
