DOCUMENT 1-618/81

MOTION FOR A RESOLUTION

tabled by Mr CLINTON, Mr RYAN, Mr McCARTIN and
Mr O'DONNELL

pursuant to Rule 47 of the Rules of Procedure
on Community exports of beef

The European Parliament,

- whereas the export of live bovine animals from the Community represents a loss of employment to Community workers and reduces the income of Community farmers,
 - whereas the export refunds for beef and veal, as laid down, disrupt the normal pattern of trade because the level of refunds for carcass or processed beef is low relative to the refunds available for live animals,
 - whereas the levels of refunds should be adjusted so as not to hinder the processing of beef within the Community,
1. Calls on the Commission to adjust the export refunds for carcass and processed products of beef so as to make the export of these products as equally attractive as the export of live animals;
 2. Instructs its President to forward this resolution to the Commission.
