MOTION FOR A RESOLUTION

tabled by Mrs BONINO,
Mr COPPIETERS and Mr BLANEY

pursuant to Rule 25 of the
Rules of Procedure

on more effective information to members
about the affairs of Parliament

The European Parliament,

- noting that a majority of the Members of the Parliament were not members of the previous Assembly,
- considering that if the Parliament is to work effectively it is vital that Members be fully and rapidly informed about decisions relating to the organization of the Parliament's own work,
- considering that in the light of the experience of the first few months a major revision of the Rules is necessary, involving also changes in the Parliament's organization of its own work,
- noting that the Bureau (comprising the President and Vice-Presidents) and the 'enlarged Bureau' (comprising in addition the chairmen of the political groups) existing under Rule 36 play a major role in planning and guiding the work of Parliament,

Calls on the President, after consulting the Quaestors, to devise suitable means of informing all Members of the time, place and agenda of meetings of the Bureau and enlarged Bureau, and of informing them within 48 hours of decisions taken by these bodies.
