MOTION FOR A RESOLUTION

tabled by Mrs BONINO, Mr BLANEY and Mr COPPIETERS

pursuant to Rule 25 of the Rules of Procedure

on the report of Wise Men on the future of the
Community

PE 62.145

The European Parliament,

- recalling that the Member Governments had instructed a group of three eminent political figures ('the three Wise Men') to draw up a report on the future development of the Community institutions;
 - having noted information in the press according to which the French Government has attempted to have this group's report amended and would in particular like to prevent the report reaching the European Parliament;
1. Requests the governments to forward to it as soon as possible the report of the Wise Men;
 2. Reaffirms its right, pursuant to the Treaties and to the legitimacy conferred upon it by the elections by universal suffrage of last June, to be fully consulted on the future development of the Community institutions and policies.
