pursuant to Rule 25 of the Rules of Procedure

on the setting up of a committee on fisheries, maritime and freshwater fish farming and catches

The European Parliament,

- viewing the situation in the Community's fishing industry with the utmost concern,
 - convinced of the need to establish a common fisheries policy for the Community,
 - considering it essential that in future, problems connected with fisheries, including maritime and freshwater fish farming, catches and fisheries research should be dealt with separately from problems of agriculture in general,
 - recognizing that the Committee on Agriculture has an excessive burden of work,
1. Resolves to set up a parliamentary committee on fisheries, maritime and freshwater fish farming and catches;
 2. Instructs its President to forward this resolution to the Council and Commission of the European Communities.
