Draft

DECISION OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY, MEETING WITHIN THE COUNCIL, establishing ceilings and Community surveillance for imports of certain products falling within the ECSC Treaty, originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia (1992)

(presented by the Commission)

#### Explanatory memorandum

On 2 December 1991 the Council adopted Regulation (EEC) No 3567/91 concerning the arrangements applicable to the import of products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia.<sup>1</sup>

The Regulation entitled those Republics to benefit from trade provisions essentially equivalent to those contained in the EEC-Yugoslavia Cooperation Agreement, suspended and later denounced by the Community, with the exception of certain industrial products subject to tariff ceilings, agricultural products and ECSC products.

To enable the four Republics to benefit from all the trade concessions resulting from the denounced EEC-Yugoslavia Cooperation Agreement, it is necessary to include in the Regulation referred to above certain industrial products subject to tariff ceilings and to extend its scope to the agricultural products already covered by the denounced Cooperation Agreement.

In addition, the Community should adopt a similar decision covering ECSC products.

The necessary implementing regulations and decisions should also be adopted.

Furhermore, taking into account the Declaration adopted on the 10th of January, by the Community and its Member States in the framework of the political cooperation with regard to the Republic of Montenegro, the Community should extend these measures to this Republic;

Accordingly, the Commission is putting before the Council:

- a proposal for a Council Regulation (EEC) concerning the arrangements applicable to the import into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia;
- a draft Decision of the Representatives of the Governments of the Member States, meeting within the Council, concerning the arrangements applicable to the import into the Community of products covered by the ECSC Treaty and originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia;
- a proposal for a Council Regulation (EEC) establishing ceilings and Community surveillance for imports of certain products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia (1992);

<sup>1</sup> OJ No L 342, 12.12.1991

- a proposal for a Council Regulation (EEC) opening and providing for the administration of Community tariff quotas for certain products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia (1992);
- a draft Decision of the Representatives of the Governments of the Member States of the ECSC, meeting within the Council, establishing ceilings and Community surveillance for imports of certain products covered by the ECSC Treaty and originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia (1922).

## Proposal for a Council Regulation (EEC) concerning the arrangements applicable to the import into the Community of products originating in function the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia;

-h-

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof;

Having regard to the proposal from the Commission,

Whereas, by Council Regulation (EEC) No 3300/91<sup>1</sup> the Council suspended the trade concessions provided for by the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia;

Whereas the Community and its Member States, meeting within the framework of European Political Cooperation, have decided by common accord to apply selective positive measures in favour of those parties which contribute to progress towards peace;

Whereas, by Council Regulation (EEC) No 3567/91<sup>2</sup> the Council granted the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia the benefit of trade provisions which are equivalent in essence to those of the Cooperation Agreement suspended by the Community;

Whereas these measures should be maintained for 1992, amplified in respect of certain industrial products subject to tariff ceilings and extended to cover certain agricultural products;

Whereas, taking into account the Decaration adopted on the 10th of January by the Community and its Member States in the framework of the political cooperation with regard to the Republic of Montenegro, these measures should be extended to this Republic,

HAS ADOPTED THIS REGULATION:

#### Article 1

Subject to the special provisions laid down in Articles 2 to 8, products other than those listed in Annex II to the Treaty establishing the European Economic Community and in Annex A to this Regulation, originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, and Slovenia, shall be admitted for import into the Community without quantitative restrictions or measures having equivalent effect and exempt from customs duties and charges having equivalent effect.

<sup>1</sup> OJ No L 315, 15.11.1991.

<sup>2</sup> OJ No L 342, 12.12.1991.

This article shall be without prejudice to the provisions of Council Regulation (EEC) No 3301/91 of 11 November 1991 concerning import arrangements for certain textile products originating in Yugoslavia, as amended by Council Regulation (EEC) No .... of .....

## Article 2

The import duties, namely the customs duties and the levies (mobile elements) applicable on import into the Community to the products listed in Annex B shall be those indicated for each product in the said Annex.

#### Article 3

- 1. The import of products listed in Annexes CI, CII, CIII, and CIV shall be subject, from 1 January to 31 December, to annual ceilings, indicated for each product, above which the customs duties actually applied in respect of third countries may be reintroduced in accordance with the provisions of paragraph 2.
- 2. As soon as a ceiling set for the import of a product has been reached, the Commission may reintroduce, by means of a regulation, the levying of the customs duties referred to in paragraph 1 until the end of the calendar year.

#### Article 4

- 1. In respect of products listed in Annex D to this Regulation and originating in the Republics referred to in this Regulation, customs duties on imports into the Community shall be reduced to the levels indicated in the said Annex for each product.
- 2. In the case of products for which annual tariff quotas are indicated in Annex D, these reduced levels shall be granted within the limits of the quotas.

For quantities imported exceeding the quota, the Community shall apply the customs duties actually applied in respect of third countries.

- 3. With a view to the reduction of the customs duties in respect of certain products listed in Annex D and originating in the Republics referred to in this Regulation, the annual reference quantity is set out in the said Annex.
- 4. For tobacco of the "Prilep" type falling within CN codes ex 2401 10 60 or ex 2401 20 60 originating in and coming from the Republics concerned, paragraphs 1 and 2 shall apply within the limits of an annual tariff quota of 1 500 tonnes.
- 5. For plum spirit marketed under the name of Sljivovica falling within CN codes ex 2208 90 33, paragraphs 1 and 2 shall apply within the limits of an annual tariff quota of 5 420 hl.
- 6. For sweet cherries, clear fleshed, preserved in alcohol and intended for the manufacture of chocolate products, falling within CN code ex 2008 60 39, originating in the Republics concerned, paragraphs 1 and 2 shall apply within the limits of an annual tariff quota of 3 000 tonnes.

#### Article 5

- For sour cherries failing within CN codes ex 0809 20 10, ex 0809 20 90, ex 0811 90 10, ex 0811 90 30, ex 0811 90 90, 0812 10 00, 2008 60 51, 2008 60 61, 2008 60 71 or 2008 60 91 originating in the Republics concerned, the customs duties payable shall be those referred to in Annex D.
- 2. Paragraph 1 shall apply within the limits of a ceiling of 3 000 tonnes to sour cherries falling within CN Codes ex 0809 20 10 or ex 0809 20 90 and of 19 900 tonnes to sour cherries falling within the other CN Codes referred to therein. Where these ceilings are exceeded, the issuing of the import certificates provided for in respect of the products concerned may be suspended.

Paragraph 1 shall apply to sour cherries falling within CN Codes ex 0811 90 10, ex 0811 90 30, ex 0811 90 90, 2008 60 51, 2008 60 61, 2008 60 71 or 2008 60 91 on condition that the minimum import price set by the Community is applied. Where the minimum price is not applied, a countervailing charge shall be payable.

#### Article 6

- 1. For wines of fresh grapes falling within CN Codes ex 2204 21 or 2204 29 originating in the Republics concerned, import duties shall be reduced to the levels set out in Annex D. This provision shall apply within the limit of an annual tariff quota of 545 000 hl. For quantities imported in excess of the quota, the Comunity shall apply the duty laid down in the common customs tariff.
- 2. Paragraph 1 shall apply on condition that the import price of the wines imported into the Community and originating in the Republics concerned, increased by the customs duties actually collected, is at all times at least equal to the Community reference prices.

#### Article 7

The following provisions shall apply to "baby-beef" products defined in Annex E to this Regulation:

- 1. Within the limits of a first annual tariff quota of 25 000 tonnes, the amount of levy collected on imports into the Community shall be equivalent to 20% of the basic levy. This provision shall apply on condition that the free-at-frontier offer price, increased by customs duty and the reduced levy, is equal to or higher than the Community intervention price for the category AU 3 increased by 5%.
- 2. Within the limits of a second annual tariff quota of 25 400 tonnes, to be used after the quota referred to in paragraph 1 is used up, the amount of levy collected on imports into the Community shall be equivalent to 50% of the basic levy. This provision shall apply on condition that the free-at-frontier offer price, increased by customs duty and the reduced levy, is equal to or higher than the price resulting from application of the standard levy.

3. To help stabilize the Community internal market, each Republic concerned shall maintain an appropriate delivery rate and shall adopt any measures required to ensure the orderly growth of its exports to the Community, in particular through effective controls on each consignment by means of a certificate stating that the goods originate in and come from the Republic concerned and correspond exactly to the definition in Annex E. The text of this certificate shall be drawn up by the Community.

- 6 -

- 4. Where the Community market price is less than 98% of the guide price, the paragraphs 1 and 2 shall apply within the limit of a volume of 4 200 tonnes per month. Where, during a certain month, this volume has not been entirely used up, the remaining quantity, up to a volume of 3 200 tonnes, may only be carried over to the following month. However, the quantities, up to a volume of 6 000 tonnes, not exported during the period 1 January to 31 May may be carried over to the period 1 June to 30 September. The monthly export volume during the second period shall not exceed 7 400 tonnes.
- 5. Each Republic concerned shall transmit any relevant information concerning export prices together with the quantities and presentation of the products exported (livestock, carcase or quarters) to the Community authorities.

#### Article 8

The Kingdom of Spain and the Portuguese Republic shall apply, mutatis mutandis, customs duties calculated in accordance with Regulation (EEC) No 4150/87.<sup>1</sup>

#### Article 9

The ceilings, reference quantities and quotas provided for in this Regulation shall apply as a whole to all the Republics to which this Regulation refers.

#### Article 10

Regulation (EEC) No 3567/91 is hereby repealed.<sup>2</sup>

#### Article 11

This Regulation shall enter into force on the day following its publication in the Official Journal of the European Communities.

It shall be applicable from 1 January 1992 to 31 December 1992.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Council The President

Draft Decision of the Representatives of the Governments of the Member States, meeting within the Council, concerning the arrangements applicable to the import into the Community of products covered by the ECSC Treaty and originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia;

• •

-48-

THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES meeting within the Council,

In agreement with the Commission,

Having regard to the Treaty establishing the European Coal and Steel Community;

Whereas, by Decision No 91/558/ECSC of the Representatives of the Member States meeting within the Council, the Community suspended the trade concessions provided for by the Agreement between the Member States of the ECSC and the Socialist Federal Republic of Yugoslavia;

Whereas the Community and its Member States, meeting within the framework of European Political Cooperation, have decided by common accord to apply selective positive measures in favour of those parties which contribute to progress towards peace;

Whereas, by Council Regulation ((EEC) No 3567/91)<sup>1</sup> the Council granted the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia the benefit of trade provisions which are equivalent in essence to those of the Cooperation Agreement suspended by the Community in respect of EEC products;

Whereas selective positive measures in favour of Bosnia-Herzegovina, Croatia, Macedonia an Slovenia should also apply in respect of ECSC products;

HAVE DECIDED AS FOLLOWS:

#### Article 1

- Subject to the special provisions laid down in paragraphs 2 and 4, products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Siovenia shall be admitted for import into the Community without quantitative restrictions or measures having equivalent effect and exempt from customs duties and charges having equivalent effect.
- 2. The import of goods referred to in the Annex shall be subject to a system of annual ceilings above which the customs duties actually applied in respect of third countries may be reintroduced in accordance with the provisions of paragraph 3. The ceilings established for 1992 are indicated for each of them. Such ceilings shall apply as a whole to all the Republics to which this Regulation refers.
- 3. As soon as a ceiling set for the import of a product has been reached, the customs duties actually applicable to third countries may again be levied on imports of the product in question until the end of the calendar year.

<sup>1</sup> OJ No L 342, 12.12.1991.

4. The Kingdom of Spain and the Portuguese Republic shall apply, mutatis mutandis, customs duties calculated in accordance with Decision 87/603/ECSC of the Representatives of the Governments of the Member States, meeting within the Council, and of the Commission of 21 December 1987.<sup>1</sup>

#### Article 2

1. The provisions determining the rules of origin in the context of the import arrangements applicable to products covered by the EEC Treaty and originating in Bosnia-Herzegovina, Croatia, Macedonia and Slovenia, laid down in Regulation (EEC) No ....../92 shall apply to this Decision.

#### Article 3

1. Where the offers made by economic operators in the Republics concerned are likely to cause prejudice to the operation of the common market and where this prejudice may be ascribed to a difference as regards prices in the conditions of competition, the Community may adopt such safeguard measures as it considers necessary to avoid or put an end to prejudice to the operation of the common market; in particular it may withdraw the tariff concessions.

#### Article 4

This Decision shall enter into force on the day following its publication in the Official Journal of the European Communities.

It shall be applicable from 1 January 1992 to 31 December 1992.

#### EXPLANATORY MEMORANDUM

1. Council Regulation (EEC) No .../92 concerning the arrangements applicable to the import into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenprovides for exemption from customs duty for almost all produces falling within Chapters 25 to 97 of the Combined Nomenclature and originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia. As a derogation from this, Article 3 of Regulation ..../91 provides that imports of some of these products will be subject to ceilings. If these are exceeded, customs duties applicable to third countries may be reintroduced until the end of the calendar year.

Within the limits of these tariff ceilings, Spain and Portugal will apply duties calculated in accordance with Council Regulation (EEC) No 4150/87.

- 2. The aims of the attached proposal for a Regulation are:
  - to establish for 1992 import ceilings for certain products from the republics referred to above;
  - to give the Commission powers to reintroduce customs duties under certain conditions;
  - to set up a system of import surveillance for the products to which ceilings apply.

Implementation of these measures:

annual ceilings

and

reintroduction of customs duties

entails the acceptance of precise common rules, applied in the same way by all the Member States. This can be achieved by setting up a system of Community surveillance to determine the actual level of imports from the partner country concerned. To that end, the Member States should take the appropriate steps to allow rapid collection of statistics for the Community. Only imports of the products concerned should be recorded. This should be done when they arrive at customs, accompanied by an entry for free circulation and a movement certificate complying with the rules of the agreement referred to in paragraph 1.

The figures should be compiled by each Member State at the end of each month and sent by the fifteenth of the following month to the Commission. This will allow it to transmit to all the Member States a product-by-product summary of the relevant imports for the previous month. The surveillance arrangements will require diligence and close collaboration between the authorities and departments involved within the Member States and the Commission.

3. The mechanism for reintroducing customs duties would operate as follows: if the overall monthly figures compiled by the Commission show that 75% of the ceiling for a particular product has been reached, consultations may be held (notably within the economic tariff questions group) at the initiative either of a Member State or of the Commission. The aim of the consultations is to decide in each individual case whether customs duties in respect of third countries should be reintroduced when the ceiling is reached.

Monthly figures would continue to be compiled for imports of the product in question.

-65-

This will enable the Commission to take steps as rapidly as possible to reintroduce duties for the partner country until the end of the calendar year. If this occurs, levying of duty on the product in question will of course be reintroduced by the deadline stipulated in the Regulation.

4. With regard to the implementation of the rules concerning ceilings and the reintroduction of duty, the draft decision provides for a delegation of the Council's powers to the Commission.

The draft decision confines itself to sketching out a general framework for the use of these powers, in order to permit rapid and flexible adjustment of procedure in close collaboration with the Member States. Again in the interests of maximum efficiency and speed, the proposal gives the Commission responsibility for reintroducing the levying of duties applicable to third countries for the republics in question.

#### COUNCIL REGULATION (EEC) No ..../92

of

establishing ceilings and Community surveillance for imports of certain products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia (1992)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas Council Regulation (EEC) No ..../92 of ..... 1992 concerning the arrangements applicable to the import into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia<sup>1</sup> provides for exemption from customs duty and charges having an equivalent effect for almost all products falling within Chapters 25 to 97 of the Combined Nomenclature and originating in those Republics; whereas Article 3 of that Regulation stipulates that the products listed in Annexes I to IV hereto should be subject to annual import ceilings, the exceeding of which may result in reintroduction of the customs duties applicable to third countries;

Whereas, under these circumstances, the Commission must be kept regularly informed of the trend of imports of the said products and whereas it is therefore necessary for imports of those products to be subject to surveillance; whereas the said tariff ceilings should therefore be opened for 1992;

Whereas Council Regulation (EEC) No 4150/87 of 21 December 1987 amending Regulation (EEC) No 449/86 and (EEC) No 2573/87<sup>2</sup> provides that the Kingdom of Spain and the Portuguese Republic are to apply duties progressively reducing the gap between the basic duties and the preferential duties in accordance with a given timetable;

<sup>1</sup> OJ NO L ..., .....1991, p. ...

<sup>2</sup> OJ L 389, 31.12.1987, p. 1.

Whereas Community surveillance may be achieved by means of an administrative procedure based on charging imports of the products in question against the ceilings at Community level as and when those products are entered with the customs authorities for free circulation; whereas this administrative procedure must make provision for the possibility of reintroducing customs duties as soon as the ceilings are reached at Community level;

- 2 -

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission and the latter must in particular be able to follow the progress of quantities charged against the ceilings and keep the Member States informed; whereas this cooperation has to be particularly close since the Commission must be able to take appropriate measures to reintroduce customs duties if one of the ceilings is reached,

HAS ADOPTED THIS REGULATION:

#### Article 1

1. From 1 January to 31 December 1992, imports into the Community of certain products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro or Slovenia and Listed in Annexes CI,CII,CIII and

(IV to Regulation (EEC) No .../92 shall be subject to ceilings and Community surveillance.

The description of the products referred to in the first subparagraph, their combined nomenclature codes and the corresponding ceilings or sub-ceilings are set out in the said Annexes. In Annex CII, the ceilings are indicated in column 4(b).

Within the limits of these tariff measures, the Kingdom of Spain and the Portuguese Republic shall apply duties calculated in accordance with Regulation (EEC) No 4150/87.

2. The ceilings laid down for certain products listed in Annex CII which have been the subject of an outward processing operation in accordance with the Community rules on economic outward processing are indicated in column 4(a).

3. Quantities shall be charged against the ceilings or sub-ceilings as and when the products are entered with customs authorities for free circulation accompanied by a movement certificate in accordance with the rules contained in Commission Regulation (EEC) No  $\dots/92$  on the definition of the concept of "originating products" and methods of administrative cooperation applicable to the import into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia.<sup>1</sup>

1 OJ L ..., ...1991, p...

#### - 3 -

With regard to the ceilings established for categories 5, 6, 7, 8, 15 and 16 of column 4(a) of Annex CII, reimported goods which have been the subject of an outward processing operation in accordance with the Community rules on economic outward processing may be charged against the respective ceilings only if the movement certificate issued by the competent authorities of the Republics in question contains a reference to the prior authorization provided for by the Community rules on economic outward processing.

Goods may be charged against a ceiling or sub-ceiling only if the movement certificate is presented before the date on which customs duties are reintroduced.

The extent to which the ceilings and sub-ceilings are used up shall be determined at Community level on the basis of the imports charged against them in the manner defined in the first, second and third sub-paragraphs.

Member States shall periodically inform the Commission of imports charged in accordance with the above procedure; such information shall be supplied in the manner laid down in paragraph 5.

4. As soon as the ceilings or sub-ceilings have been reached, the Commission may adopt a regulation reintroducing, until the end of the calendar year, the customs duties actually applied in respect of third countries.

5. Member States shall send the Commission not later than the fifteenth day of each month statements of the quantities charged during the preceding month. If the Commission so requests, they shall provide such statements for a period of ten days and forward them within five clear days of the end of each 10-day period.

#### Article 2

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

#### Article 3

This Regulation shall enter into force on 1 January 1992.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

#### Proposal for a

#### COUNCIL REGULATION (EEC) No ..../91

of

opening and providing for the administration of Community tariff quotas for certain products originating in the republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia (1992)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the oroposal from the Commission,

Whereas Council Regulation (EEC) No ..../92 of ..... 1992 concerning the arrangements applicable to the import of products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia' provides for the opening of Community tariff quotas for imports into the Community of:

- 300 tonnes of garlic falling within CN code ex 0703 20 00, for the period 1 February to 31 May,
- 1 200 tonnes of sweet peppers falling within CN code 0709 60 10,
- 1 300 tonnes of frozen peas falling with CN code 0710 21 00,
- --- 545 000 hectolitres of certain wine of fresh grapes, falling within Chapter 22 of the Combined Nomenclature,
- 5 420 hectolitres of plum spirit marketed under the name of 'Sljivovica', falling within CN code ex 2208 90 33, and
- 1 500 tonnes of tobacco of the 'Prilep' type, falling within CN code ex 2401 10 60 or 2401 20 60, as defined in an agreement in the form of an exchange of letters of 11 July 1980,

originating in the republics to which this Regulation refers:

Whereas, within the limits of these tariff quotas, customs duties will be brought down to the level stipulated in Article 4 of Regulation (EEC) No ..../92;

### Whereas, within the limits of these tariff quotas,

the Kingdom of Spain and the Portuguese Republic shall apply duties calculated in accordance with the relevant provisions of Council Regulation (EEC) No 4150/87 of 21 December 1987 amending Regulations (EEC) ivo 449/86 and (EEC) No 2573/871;

Whereas plum spirit and tobacco of the 'Prilep' type must be accompanied by a certificate of authenticity;

Whereas importation into the Community of the wines in question is subject to compliance with the free-at-frontier reference price; whereas the said wines qualify for these tariff quotas only if Article 54 of Council Regulation (EEC) No 822/87 of 16 March 1987 on the common organization of the market in wine (2), as last amended by Regulation (EEC) No 388/90 (3), is adhered to;

Whereas all Community importers should be ensured equal and continuous access to the said quotas and the duty rates laid down for the quotas should be applied consistently to all imports of the products in question into all Member States until the quotas are exhausted; whereas the necessary measures should be taken to provide for effective Community management of the quotas, so that the Member States may draw against the quotas such quantities as they may need, corresponding to actual imports; whereas this method of administration requires close cooperation between the Member States and the Commission;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within, and jointly represented by, the Benelux Economic Union, any operation concerning the administration of these quotas may be carried out by any one of its members,

(1) Use of the products for the particular purpose laid down shall be monitored in accordance with the relevant Community provisions.

- (b) Within the limits of these tariff quotas, the Kingdom of Spain and the Portuguese Republic shall apply duties calculated in accordance with the relevant provisions of Regulation (EEC) No 4150/87.
- 2. In order to be eligible for these tariff concessions, the products listed in paragraph 1 must be accompanied by a movement certificate complying with the rules laid down in Commission Regulation (EEC) No ..../92 on the definition of the concept of "originating products" and methods of administrative cooperation applicable to imports into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedoniavand Slovenia.

3. Imports of wine shall be subject to compliance with the free-at-frontier reference price. They shall qualify for the tariff quotas only if Article 54 of Regulation (EEC) No 822/87 is adhered to.

4. Imports of plum spirit and tobacco of the 'Prilep' type must be accompanied by certificates of authenticity issued by the competent outhority of the republics to which this Regulation refers and conforming to the models annexed to this Regulation.

#### Article 2

The tariff quotas referred to in Article 1 shall be administered by the Commission, which may take all appropriate administrative measures in order to ensure efficient management thereof.

#### Article 3

Where an importer enters a product covered by this Regulation for free circulation in a Member State and applies to take advantage of the preferential arrangements and that entry is accepted by the customs authorities, the Member State concerned shall, by notifying the Commission, draw an amount corresponding to its requirements from the quota volume.

Requests for drawings, indicating the date of acceptance of the said entries, must be sent to the Commission without delay.

The drawings shall be granted by the Commission by reference to the date of acceptance of the entry for free circulation by the customs authorities of the Member State concerned, to the extent that the available balance so permits.

If a Member State does not use quantities drawn, it shall return them to the corresponding quota volume as soon as possible.

If the quantities requested are greater than the available balance of the quota volume, the balance shall be allocated

on a pro rata basis. The Commission shall inform the Member States of the drawings made.

#### Article 4

Each Member State shall ensure that importers of the products in question have equal and continuous access to the quotas for as long as the balance of the relevant quota volume so permits.

#### Article S

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

#### Article 6

This Regulation shall enter into force on 1 January 1992.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

#### EXPLANATORY MEMORANDUM

-77-

- Decision 92/.../ECSC of the Representatives of the Governments of the Member States, meeting within the Council, and of the Commission of .... 1992 stipulates that certain steel products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Fonteneyro and Slovenia falling within Chapters 26, 27 and 72 of the Combined Nomenclature will be exempt from duty on import into the Community. As a derogation from this, Article 3 provides that imports of some ECSC products will be subject to ceilings. If these are exceeded, customs duties applicable to third countries may be reintroduced until the end of the calendar year.
- 2. Within the limits of the tariff ceilings set out in the annex, Spain and Portugal will apply duties calculated in accordance with Decision 87/603/ECSC of the Representatives of the Governments of the Member States, meeting within the Council, and of the Commission of 21 December 1987.
- 3. The aims of the attached draft decision are:
  - to establish for 1992 import ceilings for certain steel products originating in the republics referred to above;
  - to lay down rules stipulating that customs duties may be reintroduced under certain conditions;
  - to set up a system of import surveillance for the products to which ceilings apply.
- 4. Implementation of these measures:

annual ceilings

and

reintroduction of customs duties

entails the acceptance of precise common rules, applied in the same way by all the Member States. This can be achieved by setting up a system of Community surveillance to determine the actual level of imports from the republics in question. To that end, the Member States should take the appropriate steps to allow rapid collection of statistics for the Community. Only imports of the products concerned should be recorded. This should be done when they arrive at customs, accompanied by an entry for free circulation and a movement certificate complying with current rules. The figures should be compiled by each Member State at the end of each month and sent by the fifteenth of the following month to the Commission. This will allow it to transmit to all the Member States a product-by-product summary of the relevant imports for the previous month. The surveillance arrangements will require diligence and close collaboration between the authorities and departments involved within the Member States and the Commission.

5. The mechanism for reintroducing customs duties would operate as follows: if the overall monthly figures compiled by the Commission shows that 75% of the ceiling for a particular product has been reached, consultations may be held (notably within the economic tariff questions group) at the initiative either of a Member State or of the Commission. The aim of the consultations is to decide in each individual case whether customs duties applying to all the republics concerned should be reintroduced when the ceiling is reached.

Monthly figures would continue to be compiled for imports of the product in question. Alternatively, at the Commission's request, figures for a ten-day period would be transmitted by telex. Five days would be allowed for such communications.

6. With regard to the implementation of the rules concerning ceilings and the reintroduction of duty, the draft decision provides for a delegation of the Council's powers to the Commission. This will enable the Commission to take steps as rapidly as possible to reintroduce duties for the republics in question until the end of the calendar year or to coordinate this procedure if they are being implemented on the initiative of a Member State.

The draft decision confines itself to sketching out a general framework for the use of these powers, in order to permit rapid and flexible adjustment of procedure in close collaboration with the Member States.

#### DECISION OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES, MEETING WITHIN THE COUNCIL

of

establishing ceilings and Community surveillance for imports of certain products falling within the ECSC Treaty and originating in the republics of BOsnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia (1992)

(92/.../ECSC)

THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY, MEETING WITHIN THE COUNCIL,

In agreement with the Commission,

HAVE DECIDED AS FOLLOWS:

#### Article 1

1. From 1 January to 31 December 1992 imports into the Community of certain products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia, Montenegro and Slovenia and referred to in Article 1 of Decision 92/.../ECSC of the Representatives of the Governments of the Member States meeting within the Council concerning the arrangements applicable to the import into the Community of products covered by the ECSC Treaty<sup>1</sup> shall be admitted into the Community free of quantitative restrictions and measures having equivalent effect and free of customs duty and charges having equivalent effect.

2. Imports of the products listed in the Annex to Decision 92/.../ECSC shall, however, be subject to annual ceilings and Community surveillance.

The description of the goods referred to in the preceding subparagraph, their CN codes and the levels of the ceilings are given in the Annex hereto.

3. Within the limits of these tariff ceilings, the Kingdom of Spain and the Portuguese Republic shall apply customs duties calculated in accordance with Decision 87/603/ECSC of the Representatives of the Governments of the Member States, meeting within the Council and of the Commission of 21 December 1987 amending Decisions 86/69/ECSC and 87/456/ECSC.<sup>2</sup>

<sup>1</sup> OJ L ..., ...1991, p...

<sup>2</sup> OJ L 389, 31.12.1987, p. 61.

4. Amounts shall be set off against the ceilings as and when the goods are entered with customs authorities for free circulation and accompanied by a movement certificate conforming to the rules contained in Commission Regulation (EEC) No .../92 on the definition of the concept of "originating products" and methods of administrative cooperation applicable to imports into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia, Macedonia and Slovenia.<sup>1</sup>

Goods shall be set off against the ceilings only if the movement certificate has been submitted before the date on which the levying of customs duties is reintroduced.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the rules laid down in this paragraph; such information shall be supplied in the manner laid down in paragraph 6.

5. As soon as the ceilings are reached at Community level, Member States may at any time, at the request of any one of them or of the Commission, and in respect of the whole of the Community, reintroduce the levying of the customs duties applicable to third countries.

Within the framework of the foregoing provisions, the Commission shall coordinate the procedures for reintroducing the customs duties applicable to third countries, in particular by notifying the date common to the whole of the Community and directly applicable in each Member State. The notification shall be published in the Official Journal of the European Communities.

6. Member States shall forward to the Commission, not later than the fifteenth day of each month, statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of ten days and forward them within five clear days of expiry of the preceding 10-day period.

#### Article 2

Member States and the Commission shall cooperate closely to ensure that this Decision is complied with.
