QUESTIONS TO THE COMMISSION OF THE EUROPEAN COMMUNITIES

6. Question by Mr James HILL

Subject: Comparative figures of the kilometres of motorways constructed, or to be constructed, in each of the Member States

Can the Commission provide comparative figures of the kilometres of motorways constructed, or which are envisaged will be constructed by the end of 1979 in each of the Member States, and will they also express these figures as a percentage of the total kilometrage of roads in each Member State?

7. Question by Mr PREMOLI

Subject: Harmonization of nuclear plant safety standards

In view of the expected growth in the number of nuclear power stations and the widespread public concern associated with it, does the Commission not consider it desirable to improve and extend measures to harmonize nuclear plant safety standards?

8. Question by Mr DESCHAMPS

Subject: Financial aid to the countries of the Sahel

What practical activities are already being financed by the European Development Fund in the countries of the Sahel with a view to re-establishing a natural environment conducive to efficient agriculture and stock-farming, which are essential to the survival of the populations of those countries?

9. Question by Mr BREWIS

Subject: Alcohol Regulations

The Commission is asked whether in view of reported tax discrimination against Scotch Whisky in the Community they intend to re-introduce an amended Alcohol Regulation?

10. Question by Mr HOUGARDY

Subject: Graduate unemployment

In view of the increasing seriousness of the problem of unemployment among young people who have just completed their studies, and in the light of the most recent statistics thereon, can the Commission state what solutions it intends to propose?

11. Question by Mr DURIEUX

Subject: Cheese products

In view of the alarming situation facing producers of Gouda, Edam and Mimolette cheeses in certain countries of the Community, does the Commission not propose to fix the threshold price for cheese with a 45% fat content at a realistic level and to extend the negative correction factor for skimmed milk powder to other dairy products and in particular to the protein content of cheese products?
