CULTURAL WORKERS AND THE EUROPEAN SOCIAL FUND

Further to their meeting on 22 June 1984, the Council and the Ministers responsible for cultural affairs approved the following Resolution :

THE COUNCIL AND THE MINISTERS RESPONSIBLE FOR CULTURAL AFFAIRS  
MEETING WITHIN THE COUNCIL

draw attention to the pressing need for measures to alleviate unemployment and underemployment of cultural workers;

reaffirm the vital importance of vocational training and retraining opportunities as a basic element in improving employment prospects and in particular aiding the realization of human potential in the cultural sector of the economy;

note, in particular, the importance of measures to help young people to develop their occupational skills and also to improve their social motivation in this sector;

draw attention to the need for improved guidance and counselling regarding the whole range of career opportunities in the cultural sector, especially those careers which combine both technical and cultural skills;

in this context recognize the potential uses of new technology in the cultural sector and the need for a wider familiarity with new developments;

note that the cultural sector is particularly susceptible to action by individual initiative and is therefore an appropriate area for the promotion of employment opportunities for the self-employed, as well as for small enterprises and co-operatives, especially those which meet specific local or regional cultural needs;

draw attention to the need for improved training and employment opportunities for women;

welcome the strengthening of Community vocational training and employment activities, including the introduction by the Council in October 1983 of new rules under the European Social Fund providing for the funding of innovative projects linked to Community action programmes; particularly those related to the themes mentioned above;

declare their willingness to play their part as fully as possible in the implementation of these action programmes in the cultural sector, in co-operation with the other authorities concerned, at regional, national and Community level;

accordingly draw Member States' attention to the possibility of preparing and submitting projects for European Social Fund aid, and invite the Commission to give careful consideration, within the framework of the existing regulations of the Social Fund, to proposals for the vocational training and the employment of artists and cultural workers in the knowledge that art and culture constitute an important source of income and employment as well as enriching the artistic, cultural and social life of communities.

## STRENGTHENING OF EUROPEAN CULTURAL CO-OPERATION

After a lengthy discussion on intensification of cultural co-operation in the framework of the Solemn Declaration on European Union, nine delegations were able to support a Presidency draft Resolution on this subject. It was therefore agreed to refer it back to the Permanent Representatives Committee.

All Ministers agreed in principle on a programme of work on specific cultural projects contained in the draft Resolution: the Commission announced its intention to continue its work in this field and noted the encouragement given to it.

The current projects are as follows :

- European Music Year
- European Community Youth Orchestra and Eurojazz
- Young Theatre companies and young public
- Theatre of Europe in Paris and Milan
- European Festival at Wiltz, Grand Duchy of Luxembourg
- European Film Festival
- Itinerant exhibition of contemporary painting
- Support for the translation of contemporary literary works.

Agreement was reached on the naming of a European City of Culture each year, with Athens confirmed for 1985.

It was decided, with the agreement of the Ministers of Foreign Affairs meeting in the context of political co-operation, to intensify cultural co-operation in third countries, particularly by providing material for European Film Weeks, which would be able to combine cultural co-operation with commercial promotion of films ;

It was agreed to examine, at an early date, the possibility of establishing in Florence a European information centre on stolen works of art, on the basis of an Italian government project showing the specific role of such a centre ;

Further preparatory work should be done on the following projects and measures with a view to taking early decisions :

- a European scheme for concerted national sculpture competitions ;
- exchanges among cultural workers, including a proposal for funding visits by artists to residential centres for artists in other Member States ;
- the encouragement of traditional song and dance by appropriate methods ;
- joint action to promote the cultural heritage ;
- promoting transnational itineraries for cultural tourism ;
- measures designed to overcome language barriers, as well as measures aimed at improving knowledge of the other Member States of the Community, and greater information about European history and culture.

MULTILATERAL SYSTEM OF SUPPORT FOR THE EUROPEAN FILM AND  
T.V. PROGRAMME INDUSTRY

The Council and the Ministers of Culture welcomed the progress made by the Working Party of experts on the various possible aspects of a multilateral support system for the programme industry. In this connexion, the meeting also had before it a study from the Commission which will serve as a basis for future deliberations. At the beginning of the debate, Ministers heard a report from the President on his recent discussions with representatives of the European Broadcasting Union.

At the conclusion of the debate it was recognised that further progress had been made and the different positions clarified. Consequently the Working Party was invited to press ahead with its work in the light of today's debate. It is understood that the Commission will make a proposal in due course.

IMPLEMENTATION OF THE RESOLUTIONS OF THE REPRESENTATIVES  
OF THE GOVERNMENTS OF THE MEMBER STATES

The Ministers of Culture took note of a progress report as regards the implementation of three Resolutions concerning : measures to combat audio-visual pirating, rational distribution of films to all media, and measures to ensure that an appropriate place is given to audio-visual programmes of European origin. In the context of the first of these Resolutions, Ministers welcomed the offer of the incoming Italian Presidency to convene, in the first half of 1985, a meeting of the national agencies responsible for combating audio-visual pirating.

PRIVATE COPY

The Council and the Ministers of Cultural Affairs agreed to take up their discussion on private copy after publication by the Commission of a "Green Paper" on this subject.

FREE CIRCULATION OF WORKS OF ART

The Council and the Ministers of Cultural Affairs noted with interest a working document submitted by the services of the Commission on the problems encountered by artists in exhibiting their works in other Community countries. Work on this matter will continue.

BOOK TRADE POLICY

During a discussion the Ministers of Culture expressed their interest in a document from the French delegation concerning the possibility of introducing a pricing system based, among other things, on the possibility of establishing a single price for books.

It was agreed to come back to this subject after the Court of Justice has given its judgement on a relevant case currently before it.

EUROPEAN FOUNDATION

The President reported on progress in regard to the ratification of the agreement establishing the European Foundation. He hoped that it would be able to start its work at the latest towards the end of 1985.

OBJET : "CONSEIL" CULTURE DU JEUDI 22 NOVEMBRE 1984  
(P.Cerf)

Les ministres responsables des affaires culturelles, reunis au sein du Conseil sous la presidence de M. Ted Nealon, ministre irlandais de la culture, ont tout d'abord adopte une resolution concernant les travailleurs culturels et le Fonds social.

Dans cette resolution, ils "appellent l'attention sur la possibilite pour les Etat membres d'elaborer et de presenter des projets pouvant beneficier d'une aide du Fonds social europeen et invitent la Commission a considerer attentivement dans le cadre du reglement actuel du Fonds social, les demandes concernant la formation professionnelle et l'emploi d'artistes et de travailleurs culturels, sachant que l'art et la culture constituent une source importante de revenus et d'emploi et qu'ils enrichissent la vie artistique, culturelle et sociale des collectivites locales".

Un projet de resolution sur le renforcement de la cooperation culturelle europeenne a fait l'objet d'un tour de table exhaustif, et a beneficie d'un large prejuge favorable, mais n'a malheureusement pu etre adopte, par suite d'une reserve danoise.

Le Conseil a repris ses travaux dans l'apres midi avec une discussion sur "Le systeme multilateral de soutien pour l'industrie europeenne du film et des programmes de television" tel que propose dans une communication de la Commission. Apres un debat constructif, le dossier a ete renvoye au Coreper pour examen.

Quant a la question de la mise en oeuvre des resolutions des gouvernements des Etats membres du 24 juillet dernier - concernant d'une part la lutte contre la piraterie audio-visuelle et, d'autre part, les problemes provoques par des delais imposables entre la projection en salle et la projection video-televisionne - le Conseil s'est mis d'accord sur la convocation, sous la prochaine presidence italienne, d'une reunion d'experts nationaux pour discuter de ces questions.

Les discussions ont porte ensuite sur la copie privee, et a cet egard, les ministres ont pris note de l'intention de la Commission de presenter sous peu un "livre vert" sur ce sujet.

Le Conseil a ensuite eu un debat approfondi sur base du document de travail de la Commission. concernant la libre circulation des oeuvres d'art. La poursuite de ces discussions aura lieu lors du prochain Conseil Culture sous la presidence italienne.

- Le dernier point abordé par le Conseil portait sur la politique du livre et les ministres sont convenus de reprendre ces discussions après l'arrêt de la Cour de Justice dans l'affaire Prix Unique du Livre.

**Fondation européenne**

Les ministres ont exprimé l'espoir que la Fondation pourrait commencer à travailler vers la fin de 1985.

Amitiés,

Paul CERF. Comeur ////
