THE ECONOMIC SITUATION IN THE COMMUNITY

The Council carried out its second quarterly review of the economic situation within the Community, as provided for in Article 3 of the "convergence" Decision of 18 February 1974.

The Council then recorded its agreement on the following conclusions proposed by the Commission:

- (i) It may be that the recession has now passed its low point in Europe, and that the chances for a moderate recovery are fairly good. However, great risks surround this uncertain and fragile improvement. With the short-term easing of the oil market, the main risks at present lie in the management of economic policy within the Community and internationally. The Social Partners also have an important rôle.
- (ii) Within the Community, particular risks follow from the failure so far of several Member States to progress with urgently required public finance and income stabilisation measures. These failures weaken the cohesion of the European Monetary System. The Commission recommends to these countries accelerated programmes of economic adjustment. On the other hand, Germany, where a strong export recovery seems now assured, should not unduly precipitate the desirable medium-term reduction of its public deficits. In general, all Member States must aim at balance in the use of monetary and budgetary policies, and desist from discriminatory measures in either domain that threaten the basic economic principles of the Community; the prospects for export-led recovery can only be based on keeping open markets for trade.
- (iii) The large depreciation of the ECU against the dollar and yen over the past months means that the Community have a new opportunity to improve its share in world markets, and increase investment and employment. But the inflationary impact of the depreciation must be contained, and this is a further reason why adjustments must urgently be made in indexation practices in some Member States, and expectations for real income gains be still lowered more generally for the time being.

- (iv) Internationally, moreover, the volatility of interest and exchange rates is of major concern; indeed it represents a serious threat to Europe's incipient economic recovery, notably because of the great fluctuations in costs and in the continuing uncertainties that the enterprise sector has to face. The Community should pursue these issues in depth in discussions with the other major monetary powers. The Community, the United States and Japan basically share the same monetary policy objectives and there is much to be done, including in the Community (as mentioned with regard to budgets and incomes) to relieve the strain on monetary policies. However the United States should also bear in mind the significant international consequences of different choices that are open to it in the framing and execution of its budgetary and monetary policies. The main policy stance of the major industrial countries does affect the functioning of the world economy and should, therefore, be discussed in the forthcoming international meetings.
- (v) The medium-term outlook reinforces the need for the accentuation of adjustment policies in many Member States, and persistence throughout the Community in efforts to promote investment in energy saving and production and in new industrial capacity, and to moderate labour costs (including both incomes and social security levies).
- (vi) Unemployment and inflation are problems which should be tackled jointly, as generally agreed recently by the Joint Council of Ministers of Employment and Social Affairs and of Financial Affairs. An improvement in the overall economic situation, and hence in employment, implies persistent actions and efforts in a wide area of social and economic policies over several years and specific urgent actions to combat the high unemployment of young people. The efficiency of national policies can be strengthened by a stronger degree of coordination and cooperation between Member States and could also be assisted through reinforced actions at Community level.

MONETARY RELATIONS WITH THIRD COUNTRIES

The Council held an exchange of views on problems arising in monetary relations between the Community and third countries.

It had before it for this purpose an opinion of the Monetary Committee and a report of the Committee of Governors of the Central Banks.

It should be noted that the European Council had also examined this matter and that the President of the European Council had summed the matter up as follows:

"With regard to the forthcoming meeting of the Western Economic Summit the European Council stressed the need for a united approach to the problems presented by the level and volatility of interest and exchange rates, as these pose a serious threat to Europe's incipient economic recovery. These issues should be pursued in depth in discussions with the other major monetary powers. Important monetary policy objectives are shared with the United States, but the United States should be urged to take due account of the significant international consequences of its domestic policies. The Community itself should do its part to relieve the strain on monetary policy."

The Council concluded this point by inviting those who would be taking part in the Economic Summit in Ottawa to take into account the approach evolved by the European Council, the opinions of the two above-mentioned Committees and today's discussions.

NEW COMMUNITY INSTRUMENT - NCI II

Following an exchange of views on the proposal for a Decision empowering the Commission to contract loans for the purpose of promoting investment within the Community, the Council instructed the Permanent Representatives Committee to continue to examine this proposal in order to arrive at a common attitude at its ECO/FIN meeting in September.

EXPORT CREDITS

Concluding an exchange of views, the Council stated the need to:

- maintain the Arrangement on guidelines for export credits;
- arrive at a Community position with a view to the resumption of the negotiations for the adjustment of this Arrangement scheduled for 5 to 7 October 1981 in Paris.

The Council accordingly instructed the Permanent Representatives Committee to prepare draft terms of reference by the Council meeting in September.

JE VOUS RAPPELLE QUE LA POSITION DE LA COMMISSION TELLE QU'EXPRIMEE A PLUSIEURS REPRISES PAR M. ORTOLI EST SCHEMATIQUEMENT LA SUIVANTE :

1. CAUSES DES TENSIONS MONETAIRES ACTUELLES

EUROPE :

- - DIVERGENCES DES TAUX D'INFLATION DE 5,8 0/0 (ALLEMAGNE)
- A 24 0/0 (GRECE)
- - EFFETS DES DEFICITS DE BALANCE DES PAIEMENTS
- - INSUFFISANTE CONVERGENCE DES POLITIQUES MONETAIRES DANS LA COMMUNAUTE.

EVOLUTION DU DOLLAR : APPRECIATION DE 35 ■ 0/0 42 0/0 PAR RAPPORT AUX MONNAIES EUROPEENNES DE MI-JUIN 1980 A MI-JUIN 1981.

FORTE APPRECIATION DU YEN EGALLEMENT A L'EGARD DES MONNAIES EUROPEENNES, MAIS L'INCIDENCE EST MOINDRE QUE CELLE DE LA MONNAIE ~~EURE~~ AMERICAINE :

- - LE YEN N'EST PAS UNE PETRO-MONNAIE,
- NI UNE MONNAIE DE RESERVE.

2. LES AMERICAINS ONT POUR OBJECTIF NUMERO 1 LA LUTTE CONTRE L'INFLATION ET UTILISENT A CETTE FIN LA SEULE POLITIQUE MONETAIRE

L'EUROPE A CE MEME OBJECTIF DE LUTTE CONTRE L'INFLATION ET PAR CONSEQUENT L'APPROUVE PLEINEMENT.

3. MAIS,

NOS PROBLEMES DE CROISSANCE DE BALANCE DES PAIEMENTS ET DE CHOMAGE ET LE FAIT QUE NOUS SOMMES TRES OUVERTS VERS L'EXTERIEUR FONT QUE NOUS SUBISONS FORTEMENT LES CONSEQUENCES DE LA POLITIQUE MENEE PAR TROIS EFFETS :

- - UN EFFET INFLATION : PAR L'AUGMENTATION DES COUTS ET DES TAUX DE CHANGE
- - UN EFFET INVESTISSEMENTS : CEUX-CI DEVIENNENT TROP COÛTEUX
- - UN EFFET BUDGET : PAR UNE AGGRAVATION DE LA DETTE PUBLIQUE.

4. OBJECTIF A COURT TERME

CONCILIER EN TERMES TECHNIQUES LA REALISATION D'UN OBJECTIF SOUHAITABLE AUX USA SANS QUE CELA CREE DES PROBLEMES EXCESSIFS A LEURS PARTENAIRES.

////

NNNN

517054

5. SOUHAITS A LONG TERME

MAINTIEN DES RAPPORTS - DOLLAR (YEN AUSSI) ET ECU - SANS RIGIDITE EXCESSIVE, A L'INTERIEUR DE "ZONES DE VRAISEMBLANCE" REFLETTANT LES SITUATIONS ECONOMIQUES, COMMERCIALES ET MONETAIRERELATIVES DES USA (JAPON AUSSI) ET DE LA COMMUNAUTE.

NECESSITE D'UNE COOPERATION INTERNATIONALE EN MATIERE DE RELATIONS MONETAIRES INTERNATIONALES, DE MEME NATURE QUE CELLE QUI EXISTE EN MATIERE D'ECHANGES COMMERCIAUX.

III. - CREDITS A L'EXPORTATION BENEFICIAINT DE SOUTIEN PUBLIC

LES CONCLUSIONS DU DEBAT D'ORIENTATION TELLES QU'EXPRIMEES PAR LA PRESIDENCE SONT LES SUIVANTES :

- - LE CONSEIL ENTEND MAINTENIR LE CONSENSUS
- - IL ENTEND PAR CONSEQUENT ADOPTER UNE POSITION COMMUNE POUR LES DISCUSSIONS QUI REPRENDRONT EN OCTOBRE A L'OCDE.
- - LE DOSSIER A ETE RENVOYE AU COREPER POUR PREPARATION DU DEBAT DE SEPTEMBRE QUI DEVRAIT ABOUTIR A L'ADOPTION D'UN MANDAT DE NEGOCIATION A L'INTENTION DE LA COMMISSION.

POINT TRAITE EN SEANCE NORMALE :

IV. - NIC II

UNE DECISION SUR LE RENOUVELLEMENT DE L'INSTRUMENT DEVRAIT POUVOIR ETRE PRISE EN SEPTEMBRE PROCHAIN. LA DELEGATION ALLEMANGE A MAINTENU SA RESERVE GENERALE EN DEMANDANT UN DELAI SUPPLEMENTAIRE DE REFLEXION, JUSQU'A L'AUTOMNE. M. ORTOLOI, SOUTENU EN CELA PAR PLUSIEURS DELEGATIONS, A INSISTE SUR LE FAIT QUE NE PAS RENOUVELER L'INSTRUMENT, C'EST-A-DIRE ARRETER UNE OPERATION COMMUNAUTAIRE SERAIT UN GESTE POLITIQUE LOURD DE SIGNIFICATION. L'ON ABANDONNERAIT EN EFFET AINSI UNE PRIORITE QUE POURTANT DU CONSEIL DES MINISTRES AU CONSEIL EUROPEEN, /L'ON NE CESSE DE PLACER AU PREMIER RANG.

LE PROCHAIN CONSEIL AURA LIEU LE 17 SEPTEMBRE A 11HEURES.
