COM(77) 37 final.

EXPLANATORY MEMORANDUM

At its 23rd meeting in Brussels, on 20 December 1976, the EEC-Turkey Association Council agreed to the substance of the decision on the new concessions granted by the Community as part of the second agricultural review.

The purpose of the draft Regulation annexed hereto is to render the concessions in question applicable.

At the same time it has been found desirable to consolidate all the Community (Council) legal texts concerning the preferential agricultural arrangements for Turkey.

Proposal for a  
COUNCIL REGULATION (EEC) No /77  
of  
on imports into the Community of certain  
agricultural products originating in Turkey

---

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 43 and 113 thereof,

Having regard to the proposal from the Commission,

Having regard to the Opinion of the European Parliament,

Whereas, in its Decision No ...../77, the EEC-Turkey Association Council, pursuant to Article 35(3) of the Additional Protocol, as amended by Article 10 of the Interim Agreement signed on 30 June 1973, established the arrangements to be applied to imports into the Community of certain agricultural products originating in Turkey;

Whereas the implementation of that decision involves the adaption of Community regulations;

Whereas the provisions regarding imports into the Community of certain agricultural products originating in Turkey have been amended on a number of occasions following Association Council decisions; whereas the texts in question, since they are to be found in various Official Journals, are difficult to use and therefore lack the necessary clarity which any regulation must have; whereas it is therefore necessary to consolidate them;

./.

Whereas, moreover, in order to bring together in a single regulation all the provisions regarding imports into the Community of agricultural products originating in Turkey, it is desirable to incorporate in this Regulation the provisions adopted in direct implementation of the provisions of the Additional Protocol to the Agreement establishing an Association between the European Economic Community and Turkey;

Whereas Article 4 of Annex 6 to the Additional Protocol to the Agreement establishing an Association between the European Economic Community and Turkey provides for a tariff reduction for imports into the Community of fresh lemons originating in Turkey; whereas, during the period of application of the reference prices this reduction is subject to the observance of a given price on the internal market of the Community; whereas the implementation of these arrangements requires the adoption of detailed rules for their application;

Whereas the proposed arrangements must be inserted into the common organisation of the market in fruit and vegetables; whereas it is therefore necessary to take account of the provisions of Council Regulation No 1035/72 on the common organisation of the market in fruit and vegetables<sup>(1)</sup>, as last amended by Regulation (EEC) No 795/76<sup>(2)</sup>, and of those adopted pursuant to that Regulation;

Whereas Article 12 of Annex 6 to the Additional Protocol to the Agreement establishing an Association between the European Economic Community and Turkey stipulates that the levy on imports of durum wheat and canary seed produced in Turkey and transported direct from that country into the Community shall be the levy calculated in accordance with Article 13 of Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organisation of the market in cereals<sup>(3)</sup>, as last amended by Regulation (EEC) No 3138/76<sup>(4)</sup>, less 0.5 units of account per tonne;

(2) OJ No L 93, 8.4.1976, p. 6

(3) OJ No L 281, 1.11.1975, p.1

(4) OJ No L 354, 24.12.1976, p.1

Whereas Article 13 of the above-mentioned Annex stipulates that, on condition that Turkey applies a special charge on exports of rye into the Community, the levy on imports into the Community of that product, calculated in accordance with Article 13 of Regulation (EEC) No 2727/75, shall be reduced by an amount equal to that of the charge paid up to a maximum of 8 units of account per tonne;

Whereas it is necessary to stipulate, in accordance with the Additional Protocol, that the special charge referred to above shall be reflected in the price of rye imported into the Community; whereas, in order to ensure that the arrangements in question are properly implemented, it is necessary to adopt the necessary measures so that, on importing rye, the importer supplies proof that the special export charge has been paid by the exporter,

HAS ADOPTED THIS REGULATION:

Article 1

1. The customs duties applicable to imports into the Community of products listed in Annex I originating in Turkey shall be reduced to the extent indicated for each of them.
2. By way of derogation from paragraph 1, until 31 December 1977, Denmark, Ireland and the United Kingdom shall be authorised to apply duties not lower than those listed in Annex II to imports of fresh oranges falling within subheading 08.02 ex A of the Common Customs Tariff and of fresh mandarins (including tangerines and satsumas), clementines, wilkings and other similar citrus hybrids falling within subheading 08.02 ex B of the Common Customs Tariff.

Article 2

The fixed component of the duty charged on importation into the Community of the products listed in Annex III originating in Turkey shall be reduced to the extent indicated for each of them.

./.

Article 3

For the products listed below originating in Turkey the customs duties on imports into the Community shall be reduced to the extent indicated for each of them, provided that the references prices fixed or to be fixed pursuant to Article 19 of Regulation (EEC) No 100/76<sup>(5)</sup> are observed.

Article 4

1. For fresh lemons of subheading 08.02 of the Common Customs Tariff the tariff reduction provided for in Article 4(3) of Annex 6 to the Additional Protocol shall be applicable where the quotations recorded on the representative Community markets at the importer/wholesaler stage, or converted to this stage, remain, for the product in question; at least as high as the price defined in paragraph 4.

The quotations referred to in the first subparagraph shall be taken into consideration after customs clearance and deduction of import charges other than customs duties, the charges being those stipulated for the calculation of the entry price referred to in Regulation (EEC) 1035/72.

The product in question shall where appropriate be converted to quality class I pursuant to the third indent of the second subparagraph of Article 24(2) of Regulation (EEC) No 1035/72.

2. With respect to the deduction of the import charges other than customs duties which are referred to in the third indent of paragraph 3 of Article 24 of Regulation (EEC) No 1035/72, in so far as the prices disclosed to the Commission by Member States include the incidence of such charges, the sum to be deducted shall be calculated by the Commission so as to avoid difficulties which may result from the incidence of such charges on entry prices being dependent on the origin of the products concerned. In such cases an average amount corresponding to the arithmetic mean between the lowest and highest incidence of such taxes shall be taken into account in this calculation.
3. The representative markets for the purposes of paragraph 1 are the Community markets used for recording quotations on the basis of which the entry prices referred to in Regulation (EEC) No 1035/72 are calculated.

4. The price referred to in paragraph 1 shall be equal to the reference price in force during the period in question, plus the incidence on this price of the customs duties applicable to imports coming from non-member countries and a standard amount of 1.20 units of account per 100 kilograms.
5. Where the quotations referred to in paragraph 1, after customs clearance and deduction of import charges other than customs duties, remain, on the representative markets of the Community with the lowest quotations, lower than the price defined in paragraph 4 on three consecutive market days, the customs duties in force in respect of non-member countries on the date of import shall be applied to the product concerned.

These arrangements shall apply until the said quotations remain, on the representative markets of the Community with the lowest quotations, at least as high as the price defined in paragraph 4 on three consecutive market days.

6. The Commission, on the basis of the quotations recorded on the representative markets of the Community disclosed by the Member States, shall follow regularly the movement of prices and shall ascertain the levels referred to in paragraph 5.

The measures required shall be adopted in accordance with the procedure laid down in Regulation (EEC) No 1035/72 with regard to the application of countervailing duties to fruit and vegetable.

7. Articles 23 to 28 of Regulation (EEC) No 1035/72 shall continue to apply.

The levy on imports of rye falling within heading No 10.02 of the Common Customs Tariff which is produced in Turkey and transported direct from there to the Community shall be that calculated in accordance with Article 13 of Regulation (EEC) No 2727/75 minus an amount equal to the special export charge levied by Turkey on exports to the Community of the said product but not exceeding eight units of account per tonne.
2. The provisions of paragraph 1 shall apply to all imports in respect of which the importer supplies proof of payment by the exporter of the special export charge, up to an amount exceeding neither the levy fixed in accordance with Article 13 of Regulation (EEC) No 2727/75 on imports of rye into the Community nor eight units of account per tonne.
