COMMISSION OF THE EUROPEAN COMMUNITIES

COM(82) 545 final Brussels, ^{2†} September 1982

Draft COUNCIL REGULATION (EEC)

opening, allocating and providing for the administration of a Community tariff quota for dried grapes in immediate containers of a net capacity of 15 kilograms or less falling within subheading O8.04 B I of the Common Customs Tariff (1983)

(submitted to the Council by the Commission)

COM(82) 545 final

EXPLANATORY MEMORANDUM

1. The draft Regulation annexed hereto concerns the <u>erga omnes</u> Community tariff quota for dried grapes in immediate containers of a net capacity of 15 kilograms or less, falling within subheading 08.04 B I of the Common Customs Tariff, to be opened for 1983.

This quota was originally provided for in the trade agreement between the Community and Iran, but as the term of validity of this agreement was not extended after 30 November 1973 the Community has deemed it desirable, since 1974, to open autonomously a tariff quota for such goods.

During a consultation meeting held in April 1982 the delegations of the Member States gave sympathetic consideration to the opening of an autonomous tariff quota for 1983 at a duty of 2 %, the volume of which was to be equivalent to that openend for 1982 by Regulation (EEC) No 3227/81 of 9 November 1981 (1).

- 2. This being a Community tariff quota of a volume which is relatively low as compared with the Community's total imports and which undoubtedly will also be rapidly used up in all the Member States, it is felt that an allocation into quotas allotted definitively to all the Member States does not derogate from the Community character of the tariff quota concerned. In cases of this kind, a similar solution has already been previously adopted.
- 3. With regard to the allocation among the Member States the Commission proposes that the one adopted for 1982 be adhered to, since it fulfils the conditions usually set out in such matters.

Draft COUNCIL REGULATION (EEC)

opening, allocating and providing for the administration of a Community tariff quota for dried grapes in immediate containers of a net capacity of 15 kilograms or less falling within subheading 08.04 B I of the Common Customs Tariff (1983)

THE COUNCIL OF THE EUROPEAN COMMUNITIES.

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof.

Having regard to the draft Regulation submitted by the Commission,

Whereas a Community tariff quota for dried grapes in immediate containers of a net capacity of 15 kilograms or less, falling within subheading 08.04 B I of the Common Customs Tariff, should be opened for 1983 at a duty of 2 % the volume of which shall be limited to 6 500 tonnes, taking into account the existence of Community production:

Whereas, in view of the negligible size of such a quota in comparison with the Community's requirements, a system of utilization should, without derogating from the Community nature of the tariff quota, be provided, based on a single allocation between the Member States; whereas this allocation may be calculated pro rata on the basis of the import requirements, of each Member State, coming from third countries not associated with, or linked to the Community by a preferential agreement; whereas, in order to safeguard the Community nature of the quota, a share should be allocated to Greece by levying the same quantity on the volume of the quota; whereas, calculated in such a manner, this allocation is as set out in Article 2;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the quotas allocated to that economic union may be carried out by any one of its members.
