COM(76) 293 final.

Brussels, 9 June 1976

Proposal for a

COUNCIL REGULATION

fixing, for the 1976/1977 marketing year, the production aid
for tinned pineapple and the minimum price to be paid to pineapple
producers

(submitted to the Council by the Commission)

COM(76) 293 final.

EXPLANATORY NOTE

Council regulation (CEE) No 1929/75 of 22 July 1975 introduced a system of aid for the production of preserved pineapples. In accordance with article 4 of that regulation the Council should fix the aid so as to compensate the difference between the Community offer price and the prices practiced by third country suppliers. The Council should at the same time fix the level of the minimum price payable by the processors to the growers of pineapples.

In the attached proposal for a regulation the aid is calculated having regard to the provisions of the above basic regulation. The price on importation, immediate packing included, in a representative Community market is 40,5 U.C./100 kg. The Community offer price from 1 June 1976 is calculated at 69,3 U.C./100 kg. The aid proposed is consequently 28,8 U.C./100 kg. On the basis of the Community offer price the price payable to growers is fixed at 15 U.C./100 kg.
