COM(79) 134 final.

Brussels, 12 March 1979

Proposal for a  
COUNCIL REGULATION (EEC)  
allocating catch quotas between Member States for vessels  
fishing in Swedish waters

---

(submitted to the Council by the Commission)

COM(79) 134 final.

## EXPLANATORY MEMORANDUM

The consultations which have taken place between the European Economic Community and Sweden, according to the rules set out in the fisheries agreement signed between the two parties, have resulted in agreement between the two delegations about the fishing rights for the year 1979 for each party in the waters of the other.

The proposed regulation is intended to divide the negotiated Community quotas in Swedish waters between the interested Member States, and to ensure adequate control of Community fishing by introducing an obligation on Community vessels to report their catches in Swedish waters to the Commission on a monthly basis.

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January to 31 December 1979 vessels flying the flag of a member State shall be authorized to make only the catches set out in the Annex hereto in waters falling within the fisheries jurisdiction of Sweden.

Article 2

Member States shall send monthly to the Commission information concerning the catches broken down by species, made by vessels flying their flag fishing in Swedish waters.

Article 3

This Regulation shall enter into force on the day of its publication in the Official Journal of the European Communities.

It shall apply until 31 December 1979.

This Regulation shall be binding in its entirety and directly applicable in all member States.
