opening, allocating and providing for the administration
of a Community tariff quota for wines of fresh grapes
falling within subheading ex 22.05 C of the
Common Customs Tariff, originating in Cyprus (1979)

Proposal for a
COUNCIL REGULATION (EEC)
opening, allocating and providing for the administration
of a Community tariff quota for liqueur wines falling
within subheading ex 22.05 C of the Common
Customs Tariff, originating in Cyprus (1979)

(submitted to the Council by the Commission)

COM(78) 441 final.

EXPLANATORY MEMORANDUM

1. Articles 5 and 6 of the supplementary Protocol laying down certain provisions relating to trade in agricultural products between the EEC and Cyprus, to be annexed to the Agreement EEC/Cyprus of 1973, provide for the opening of annual Community tariff quotas for the wines listed below originating in Cyprus ;

- a) Wine of fresh grapes, other than liqueur wines, subheading ex 22.05 C of the CCT, 10 000 hl at duty rates of 3 UA/hl and 3,5 UA/hl,

- b) Liqueur wines, subheading ex 22.05 C of the CCT, 250 000 hl at duty rates of 3,3 UA/hl, 4,2 UA/hl, 5,1 UA/hl and 5,7 UA/hl.

These wines remain subject to the provisions governing the common organization of the market in wine products, especially as regards observance of the reference price.

Consequently, the Community tariff quotas shown above should be opened for the period from 1 January to 31 December 1979.

2. These Regulations provide for the splitting up of the tariff volumes into two parts, of which the first will be allocated among the Member States as quota share and the second will be kept as a reserve.

In the absence of Community statistics, for a period sufficiently representative, the initial quota shares have been calculated on the basis of the possible demand on the markets of the various Member States and on the basis of forecasts made by some of them.

3. Because of the inherent particularities in the trade in wines which, additionally, are different from one Member State to another, the provisions of the Regulation for wines, exceptionnally, do not lay down a common method of administration to be applied by all Member States.

4. This is the subject of the two annexed proposals.

PROPOSAL FOR A
COUNCIL REGULATION (EEC)

opening, allocating and providing for the administration of a Community tariff quota for wines of fresh grapes falling within subheading ex 22.05 C of the Common Customs Tariff, originating in Cyprus (1979)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 43 and 113 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament ⁽¹⁾,

Whereas article 5 of the supplementary Protocol to the Agreement establishing an Association between the European Economic Community and the Republic of Cyprus ⁽²⁾ provides for the opening of an annual Community tariff quota of 10.000 hectolitres of certain wines of fresh grapes, in containers holding two litres or less, falling within subheading ex 22.05 C of the Common Customs Tariff, originating in Cyprus, at rates of customs duty equal to 25% of the customs duty in Common Customs Tariff ; whereas it is necessary to open this Community tariff quota for the year 1979 ;

Whereas these wines remain subject to the provisions governing the Common organization of the market in wine products, especially as regards observance of the reference price ;

Whereas Council Regulation (EEC) N° 2506/75 of 29 September 1975 laying down special rules for the importation of products in the wine-growing sector originating in certain third countries ⁽³⁾, introduced the notion of a free-at-frontier reference price, being the reference price less customs duties actually levied ;

(1) OJ N° L

(2) OJ N° L 172 of 28.6.1978, p. 2

(3) OJ N° L 256, 2.10.1975, p. 2

Whereas it is in particular necessary to ensure for all Community importers equal and uninterrupted access to the abovementioned quota and uninterrupted application of the rates laid down for that quota to all imports of the products concerned into all Member States until the quota has been used up ; whereas, having regard to the above principles, the Community nature of the quota can be respected by allocating the Community tariff quota among the Member States ; whereas, in order to reflect as accurately as possible the true trend of the market in the products in question, such allocation should be in proportion to the requirements of the Member States, calculated by reference to the statistics for imports of the products in question from Cyprus over a representative reference period and also to the economic outlook for the quota period concerned ;

Whereas, however, neither Community nor national statistics showing the breakdown for each of the types of wine in question are available and no reliable estimates of future imports can be made ; whereas, in these circumstances, the quota should be allocated in initial shares on the basis of the likely demand for these wines on the markets of the various Member States ;

Whereas, in order to take into account import trends for the products concerned in the various Member States, the quota volume should be divided into two instalments, the first being shared among the Member States and the second constituting a reserve to cover at a later date the requirements of Member States which have used up their initial quota shares ; whereas, in order to give importers in each Member State a certain degree of security, the first instalment of the Community quota should, under the present circumstances, be fixed at 86% of the quota volume ;

Whereas the Member States' initial shares may be used up at different times ; whereas, in order to take this fact into account and avoid any break in continuity, any Member State which has almost used up its initial share, should draw an additional share from the reserve ;

whereas this must be done by each Member State as and when each of its additional shares is almost used up, and repeated as many times as the reserve allows ; whereas the initial and additional shares must be valid until the end of the quota period ; whereas this method of administration requires close cooperation between Member States and the Commission, and the latter must be in a position to monitor the extent to which the quota volume has been used up and to inform the Member States thereof ;

Whereas if, at a given date in the quota period, a substantial quantity of an initial share remains unused in any Member State, it is essential that that Member State should return a significant proportion to the reserve, to prevent a part of any Community quota from remaining unused in one Member State when it could be used in others ;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united in and represented by the Benelux Economic Union, any operation relating to the administration of the quota shares allocated to that economic union may be carried out by any of its members,

HAS ADOPTED THIS REGULATION :

Article 1

1. From 1 January to 31 December 1979, the Common Customs Tariff duties for the following products originating in Cyprus shall be partially suspended at the levels shown below within the limits of a Community tariff quota of 10 000 hectolitres :

CCT heading No	Description	Rate of duty
22.05	Wine of fresh grapes; grape must with fermentation arrested by the addition of alcohol:	
	C. Other:

2. The admission of these wines under this Community tariff quota shall be conditional upon observance of the reference price applicable to them.

3. The wines in question shall benefit from these tariff quotas on condition that the prices on import into the Community are not at any time less than the free-at-frontier reference prices applicable thereof, as specified in (EEC) N° 2506/75 and in subsequent instruments.

Article 2

1. The Community tariff quota referred to in Article 1 shall be divided into two instalments.

2. The first instalment, amounting to 8 600 hectolitres, shall be allocated among the Member States ; the shares, which subject to Article 5, shall be valid until 31 December 1979, shall be as follows :

Benelux	280 hl
Denmark	280 hl
Germany	280 hl
France	80 hl
Ireland	600 hl
Italy	80 hl
United Kingdom	7 000 hl

3. The second instalment, amounting to 1 400 hectolitres, shall constitute the reserve.

Article 3

1. If 90% or more of a Member State's initial share as specified in Article 2 (2), or 90% of that share minus the portion returned to the reserve where Article 5 is applied, has been used up, then to the extent permitted by the amount of the reserve, that Member State shall forthwith, by notifying the Commission, draw a second share equal to 15% of its initial share, rounded up where necessary to the next unit.
2. If, after one of its initial share has been used up, 90% or more of the second share drawn by a Member State has been used up, then to the extent permitted by the amount of the reserve, that Member State shall, in accordance with the conditions laid down in paragraph 1, draw a third share equal to 7.5% of its initial share, rounded up where necessary to the next unit.
3. If, after its second share has been used up, 90% or more of the third share drawn by a Member State has been used up, that Member State shall, in accordance with the conditions laid down in paragraph 1, draw a fourth share equal to the third.

This process shall continue until the reserve is used up.

4. By way of derogation from paragraph 1 to 3, a Member State may draw shares smaller than those fixed in those paragraphs if there is reason to believe that those might not be used up. It shall inform the Commission of its reasons for applying this paragraph.

Article 4

Additional shares drawn pursuant to Article 3 shall be valid until the end of the period specified in Article 1.

Article 5

The Member States shall return to the reserve, not later than 1 October 1979, such unused portion of their initial share as, on 15 September 1979, is in excess of 20% of the initial volume. They may return a larger quantity if there are grounds for believing that it may not be used.

The Member States shall, not later than 1 October 1979, notify the Commission of the total quantities of the products in question up to 15 September 1979 and charged against the Community quota, and of any quantities of the initial shares returned to the reserve.

Article 6

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3 and shall, as soon as it is notified, inform each Member State of the extent to which the reserve has been used up.

It shall inform the Member States, not later than 5 October 1979, of the amount in the reserve after quantities have been returned pursuant to Article 5.

The Commission shall ensure that any drawing which uses up the reserve is limited to the balance available, and to this end shall indicate the amount thereof to the Member State which makes such last drawing.

Article 7

1. The Member States shall take all measures necessary to ensure that additional shares drawn pursuant to Article 3 are opened in such a way that imports may be charged without interruption against their accumulated shares of the Community quota.
2. The Member States shall ensure that importers of the products in question established in their territory have free access to the shares allocated to them.
3. The Member States shall charge imports of the products in question on their shares as and when the products are entered with the customs authorities for home use.
4. The extent to which a Member State has used up its share shall be determined on the basis of the imports charged in accordance with paragraph 3.

Article 8

At the request of the Commission, the Member States shall inform it of imports of the products concerned actually charged against their shares.

Article 9

The Member States and the Commission shall cooperate closely in order to ensure compliance with this Regulation.

Article 10

This Regulation shall enter into force on 1 January 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
