

COMMISSION OF THE EUROPEAN COMMUNITIES

COM(80) 812 final

Brussels, 2 December 1980

Proposal for

COUNCIL DECISION

amending, as a result of Greek accession, the Decision
78/902/EEC adopting joint research programmes and programmes
for coordinating agricultural research

(submitted to the Council by the Commission)

COM(80) 812 final

EXPLANATORY MEMORANDUM

1. Regulation (EEC) No 1728/74 on the coordination of agricultural research provides in Article 5 for specific measures of coordination which may take the form of joint projects or coordination of activities, to apply to given research topics or areas.
2. The Council decision of 30 October 1978 (78/902/EEC) adopted joint programmes and programmes for coordination including the following measures:
 - (i) Land-use and rural development,
 - (ii) Mediterranean agriculture,
 - (iii) Agricultural waste and effluents from intensive stock-rearing,
 - (iv) Animal pathology,
 - (v) Improving the production of European beef herds,
 - (vi) Biological and integrated pest control,
 - (vii) Methods of improving plant resistance to disease and environmental pressures,
 - (viii) Agri-food research,
 - (ix) Elm disease: this is a pilot scheme for coordinating research into tree diseases,
 - (x) Improvements in the production of plant proteins.
3. These ten specific programmes are in line with the following four objectives of the Common Agricultural Policy:
 - (a) Socio-structural objectives, (1, 2, 3)
 - (b) Removal of obstacles to intra-Community agricultural markets (4)
 - (c) Efficiency of production (5, 6, 7, 8, 9)
 - (d) Alternative products (in particular, improvement of fodder production). (10)
4. Some of the objectives and their application within these 10 research programmes imply that Greece, following its accession to the European Communities, should be involved until 1983 in the current scientific work, particularly in respect of the Mediterranean agriculture programmes.
5. Annex I provides detailed financial estimates per year and per measure.

6. It is proposed that the Council adopt the attached Decision to bring about an increase in the Community financial contribution to carrying out the programmes, following Greek accession.

Proposal for a
COUNCIL DECISION

amending, as a result of Greek accession, the Decision 78/902/EEC
adopting joint research programmes and programmes for coordinating
agricultural research

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Greece, and in particular Article
146 thereof,

Whereas Council Decision 78/902/EEC¹, adopted before signature of the
Treaty of Accession and valid byond 1 January 1981, must be adapted to
ensure compliance with the provisions of the Act of Accession;

Whereas the said Decision lays down the level of the Community's
financial contribution to the implementation of the said programmes;
whereas the amount must be adapted on account of Greek accession;

HAS DECIDED AS FOLLOWS:

Article 1

The amount of 18 602 000 European units of account specified in Article 1
of Decision 78/902/EEC is hereby replaced by the amount of 20 385 000
European units of account.

Article 2

This Decision shall enter into force on 1 January 1981.

Done at Brussels,

For the Council
The President
