Nous avons informé la presse à 12.00 h. d'une communication que Sir Christopher Soames, vient de faire à la Commission, ainsi que des décisions prises à ce sujet dans les termes suivants :

"Sir Christopher Soames suffered from two small clots in a leg vein during a recent trip around Latin America. He has accepted his doctors' advice to cancel all official engagements and take a complete break during the next two months. He will be resuming full activities in the New Year.

Sir Christopher will be fulfilling his engagements until the end of this week.

Sir Christopher has just informed the Commission of this and on his proposal the Commission invited Mr. Gundelach to handle the responsibility for external relations during his absence."

Amitiés,

Manuel SANTARELLI
