COM(82) 863 final.

Brussels, 17 December 1982.

Proposal for a
COUNCIL REGULATION (EEC)

allocating catch quotas between Member States for vessels fishing in Canadian
waters

(submitted to the Council by the Commission)

Exposé des motifs

La présente proposition a pour objet la répartition des quotas de captures allouées en 1983 aux navires communautaires dans les eaux canadiennes, conformément à l'accord de pêche entre la Communauté et le gouvernement du Canada signé le 30 décembre 1981.

Compte tenu de l'augmentation d'un des quotas de cabillaud, la répartition proposée est la même que celle adoptée par le Conseil pour 1982.

Whereas it is the responsibility of the Community to allocate the catch quotas in the Canadian fishery zone among Community fishermen;

Whereas the allocation of quotas for cod between the Member States is based, on the one hand, on the considerations set out in the Fisheries Council declaration of 30 May 1980 and, on the other hand, on the statements with which the Council accompanied the adoption of the negotiating directives for the negotiation of an Agreement with Canada;

Whereas, in order to ensure that such allocation is respected, information about actual catches should be made available;
