

### ELECTRICITY PRICES (Supplement to n° 20 - 1991)

Council Directive No 90/377/EEC of 29 June 1990 lays down a Community procedure to improve the transparency of gas and electricity prices charged to industrial end-users.

In accordance with Article 1.1, this note sets out the prices for standard consumers and the "marker prices" in force as at 1 July 1991 received after the preparation of the previous rapid reports (22 November 1991), (Germany, marker prices; Denmark, prices for standard consumers; Spain and Netherlands, prices for standard consumers, corrected and completed and marker prices). A correction of the marker prices of Portugal is also included.

Nine standard industrial users, coded I<sub>a</sub> to I<sub>j</sub>, were chosen :

Reference consumer	Annual consumption kWh	Maximum demand kW	Annual utilisation in hours
I <sub>a</sub>	30 000	30	1 000
I <sub>b</sub>	50 000	50	1 000
I <sub>c</sub>	160 000	100	1 600
I <sub>d</sub>	1 250 000	500	2 500
I <sub>e</sub>	2 000 000	500	4 000
I <sub>f</sub>	10 000 000	2 500	4 000
I <sub>g</sub>	24 000 000	4 000	6 000
I <sub>h</sub>	50 000 000	10 000	5 000
I <sub>i</sub>	70 000 000	10 000	7 000

Prices for the standard consumers are given in national currencies, PPS (purchasing power standard as at 6 November for 1991) and in ecus (average value for July 1991).
