### HARD COAL Supplies EUR 12

### Origin of hard coal for the power stations and the coking plants

In 1993, the European Union recorded a fall in coal sales to power stations of 27,9 Mio t (-13,8 %) and to coking plants a fall of 6,8 Mio t (-11,2 %) as compared to 1992. This reduction is more or less equally divided between domestic coal and imported coal (about 17 to 18 Mio t from each).
