MOTION FOR A RESOLUTION

tabled by Mr Almirante, Mr Romualdi, Mr Buttafuoco
and Mr Petronio

pursuant to Rule 47 of the Rules of Procedure

on emergency aid to the people of Pozzuoli affected
by the bradyseism

- A. having regard to the dramatic new bradyseism at present affecting the Pozzuoli area,
 - B. having regard to the problems it is causing such as the fact that the inhabitants are being evacuated to places far away from where they work,
 - C. whereas that area has too often been hit by terrible natural disasters such as volcanic eruptions and earthquakes,
 - D. having particular regard to the fact that this same region suffers from a level of unemployment much higher than the national average for Italy,
 - E. whereas in the whole Naples district the social fabric is being destroyed, on the one hand by these natural catastrophes, and on the other by economic problems such as the laying off of thousands of workers in the factories of Pomigliano and Bagnoli,
1. Requests:
- (a) that urgent economic measures be taken as soon as possible as a concrete effort to meet the needs of the people evacuated from Pozzuoli who risk losing their homes for good,
 - (b) that a permanent study group be set up so that, in view of the high risk of volcanic activity in Pozzuoli, measures and remedies may be carried out, such as the building of towns in places less subject to bradyseism, but without uprooting the inhabitants and scattering them over various different areas with all the economic and social problems such an evacuation would cause;
2. Instructs its President to forward this motion for a resolution to the Commission and the Council.
