Publications of the European Communities

1980

Introductory note

This catalogue includes all the publications, including periodicals, issued during the year by the institutions of the European Communities. Publications of which English versions have been issued are only listed in that language; otherwise another version, but only one, is included, in the following order of choice :

French,	Spanish,
German,	Portuguese,
Italian,	Greek,
Dutch,	others.
Danish,	

Where other language versions also exist, cross-references are provided by means of a code (those codes should not be used for ordering purposes):

e.g. IT 80-247, appearing within an entry, means that the Italian version is described in the Italian catalogue for 1980 at sequence number 247. Sequence numbers are printed consecutively on the left hand side of full entries in the classified list.

Arrangement

The catalogue is divided into three parts, as follows :

Part I – The classified list provides a subject classification of the titles included under 20 headings each divided into subheadings (see below).

Under each subheading, monographs and series are listed first in alphabetical order; there then follows a similar list of periodical titles.

Full entries for monographs and series appear only once; otherwise cross-references are given to the full entries identifying them by the sequence numbers already described. Periodical titles only appear in the classified list as cross-reference entries, full entries being found in Part II.

Part II – The list of periodicals presents full details of each current Community periodical, listed alphabetically.

Part III – The indexes of titles and series provide alphabetical keys to the monographs and series included in Part I, identifying them by the sequence numbers already mentioned.

How to obtain publications. Publications may be priced for sale, gratis, or of limited distribution. Those of the last two classes may be obtained from the issuing institutions, or, where they are published by the Information Offices of the Commission, from those Offices, whose addresses are given in the lists on pp. 5 and 6. Publications of limited distribution are however generally only for the attention of governments of Member States, Community departments and other authorities concerned.

Orders for priced publications should be directed to the Sales Offices listed on the last page.

All orders should quote the full title, as well as the ISBN or ISSN where such a number precedes the prices in the catalogue.

Abbreviations and conventional signs. The text languages of publications are indicated by the following abbreviations :

DA Danish	GA Irish
DE German	IT Italian
GR Greek	NL Dutch
EN English	ES Spanish
FR French	PT Portuguese

A string of such symbols separated by diagonal strokes denotes a publication in which different language versions of the same text appear under one cover.

The abbreviation 'multi' indicates a publication with a mixed multilingual text.

Prices, which exclude any value-added tax which may be chargeable, are fixed in various currencies, using the following abbreviations :

BFR Belgian franc	HFL Dutch guilder
DKR Danish crown	IRL Irish pound
DM German mark	LIT Italian lira
DR Greek drachma	PTA Spanish peseta
ESC Portuguese escudo	UKL Pound sterling
FF French franc	USD US dollar
