MOTION FOR A RESOLUTION

embodying the opinion of the European Parliament on the proposals from the Commission of the European Communities to the Council for

- I. a draft decision amending Council Decision No. 78/774/EEC concerning the activities of certain third countries in the field of cargo shipping
- II. a draft decision on the implementation of Article 2 of Decision No. 78/774/EEC concerning the activities of certain third countries in the field of cargo shipping

The European Parliament,

- having regard to the proposals from the Commission of the European Communities to the Council¹,
 - having been consulted by the Council pursuant to Article 84(2) of the EEC Treaty (Doc. 415/78),
 - having regard to the interim report of the Committee on Regional Policy, Regional Planning and Transport (Doc. 429/78),
 - referring to its previous resolutions on the establishment of a common sea transport policy, in particular with regard to certain third countries²,
1. Considers it vital that the Community's shipping interests be protected against various practices of certain third countries which are undermining the competitive position of the Community's merchant fleets;
 2. Shares the Commission's view that it would be appropriate to establish an information system for a two-year period with a view to obtaining a clearer insight into the actual situation in the field of cargo liner transport;

3. Approves the Commission's proposals which are an essential supplement to the Decision adopted by the Council on 19 September 1978¹;
4. Points out, however, that the establishment of an information system must not be used as a pretext for not taking joint counter-measures, in the meantime, should the restrictive practices of certain countries prove to be jeopardizing the Community's maritime interests;
5. Instructs its appropriate committees to keep a close watch on developments and to submit a report thereon at an early date.
